CAPE Courtney N. Plante,Stephen Reysen,Thomas R. Brooks,Daniel Chadborn,2021-10-19 Researchers across disciplines have been studying the psychology of fans for decades. Seeking to better understand fan behavior and the various factors motivating fans, researchers have studied dozens of variables in hundreds of studies of different fan groups. To date, however, there have been relatively few attempts to integrate this sizable body of work, pulling together findings across from the field to with a broader, more holistic perspective. This book does exactly that, identifying and concisely summarizing research on 28 separate lines of inquiry on the psychology of fans and integrating it all into an empirically-validated model known as the CAPE model. Useful as a textbook for a fandom studies course and as a handbook for fan

researchers, this book is essential reading for anyone looking to better understand the state of fan psychology and wanting to conduct their own research exploring the ins and outs of fans of all sorts!

Anna, Grandmother of Jesus Claire Heartsong,Claire

Ann Clemett,2017-07-25 The self-published spiritual word-of-mouth bestseller Anna, Grandmother of Jesus became a publishing sensation when the self-published version sold 50,000 copies through word of mouth alone, amassing a worldwide following in the process. Anna is the mother of the Virgin Mary and the grandmother of Jesus. Her teachings and service birthed a spiritual lineage that changed the world. In this book, you'll discover missing pieces of history concerning Anna, Mary and Jesus, as channelled by Claire Heartsong, who has been receiving telepathic messages from Anna for 30 years. Told through the gentle and heartwarming voice of Anna herself, this book offers insights into unknown places the holy family visited, people they knew and intimate details of their daily struggle to complete the Resurrection challenges. You will learn about the Essenes of Mount Carmel and their secret teachings and initiations, and gain a new understanding of Jesus's mission. Containing encoded activations to bring Anna's wisdom and energy into your own spiritual life, this

book is an invitation to complete a journey of initiation begun long ago.

He's Just Not in the Stars Jenni Kosarin, 2009-10-13

He's Just Not in the Stars is a sinful combination of *He's Just Not That into You*, *Sex and the City*, and *The Secret Language of Birthdays*. If all is fair in love and war, this is the right ammunition. . . . Hindsight is 20/20. Love is blind. With all that good and bad vision out there, who's gonna give you some serious insight? Sex columnist and love astrology expert Jenni Kosarin is taking names and kicking astrological butt. . . . Flirt. Crush. Boyfriend. Ex-boyfriend. Husband. Whatever. What's his potential? What's he looking for? How do you fix things once you've messed up? Which sign will give you another chance and which won't? Find out his idiosyncrasies before you date him. Find out who's ready for a relationship and who'll still be hanging out in twentysomething bars in fifteen years. (Uh. Creepy.) Here, get the scoop on how your man stacks up. Decipher. Crack the code. Get stellar advice. The concept is revolutionary: Combine his Sun Sign with his Venus. That's all. No rising signs, no tricking his mother into telling you what time he was born. No cookie-cutter generalizations. This book is frighteningly specific. Filled with sixty easy-to-follow combos, it's illustrated with ironic, gossip-filled, shocking real-life examples of famous celebs such as: Colin Firth (Virgo, Venus in Libra): Virgo + Libra = sexy and subtle combo Orlando Bloom (Capricorn, Venus in Pisces): Capricorn is all for security, Pisces is a full-on romantic = good guy Chris Rock (Aquarius, Venus in Capricorn): Aquarius can be about partnership when Capricorn grounds it Ethan Hawke (Scorpio, Venus in Scorpio): Ladykiller double sign combo Antonio Banderas (Leo, Venus in Virgo): Hint: the Virgo makes him stay . . . plus many, many others. By defining him in a way that's never

been done before, *He's Just Not in the Stars* gives it to you straight. No tiptoeing around. No hugging and sharing. No coddling. Deal with it. (Cue drum roll.) This is for the woman who wants to take charge of her own destiny. Is he in the stars? Time won't tell. Jenni Kosarin will. *He's Just Not in the Stars* is the last hip, irreverent relationship book you'll ever want. Throw away the rest . . . They're taking up space where your happily married pictures should go.

Animal-Assisted Psychotherapy Nancy Parish-Plass, 2013-07-15 The integration of animals into the therapy setting by psychotherapists has been a growing trend. Psychological problems treated include emotional and behavioral problems, attachment issues, trauma, and developmental disorders. An influential 1970s survey suggests that over 20 percent of therapists in the psychotherapy division of the American Psychological Association incorporated animals into their treatment in some fashion. Anecdotal evidence suggests that the number is much higher today. Since Yeshiva University psychologist Boris Levinson popularized the involvement of animals in psychotherapy in the 1960s, Israel has come to be perhaps the most advanced country in the world in the area of animal-assisted psychotherapy (AAP). This is true especially in the areas of academic training programs, theory-building, and clinical practice. Great effort has been put into understanding the mechanisms behind AAP, as well as into developing ethical guidelines that take into account the therapist's responsibility toward both client and animal. This book exposes the world to the theory and practice of AAP as conceived and used in Israel. It emphasizes evidence-based and clinically sound

applications with psychotherapeutic goals, as differentiated from other animal-assisted interventions, such as AAE (animal-assisted education) and AAA (animal-assisted activities), which may have education or skills-oriented goals. Not just anyone with a dog can call him-or herself an animal-assisted therapist. This volume demonstrates not only the promise of animal-assisted psychotherapeutic approaches, but also some of the challenges the field still needs to overcome to gain widespread legitimacy.

The American Thriller P. Cobley,2000-11-09 What is the American thriller? Has it developed over time? What was it like in the past? This is a book about thrillers and gaining knowledge of what American thrillers were like in a specific period - the 1970s. Analysing seventies texts about crime, police, detectives, corruption, paranoia and revenge, *The American Thriller* aims to open debates on genre in the light of audience theory, literary history and the place of popular fiction at the moment of its production.

Life and Death in One Breath Sadhguru,2013-11-01 For ages, most of humanity has placed “life” and “death” at two

ends of the existential spectrum – favoring one, fearing the other and continuously floundering between the two. Only when someone who has consciously traversed between both life and death offers to articulate some aspects of it, does humanity get a glimpse of what lies beyond the horizon of its normal perception. With his extraordinary insights, coming from a profound inner experience, Sadhguru reveals that life and death are, in fact, two sides of the same coin. It is only by embracing both that we can break the shackles of our selfmade struggles and be set free. In his own words, he says: “Death is a cosmic joke. If you get the joke, when you fall on the other side, it will be wonderful. If you don’t get the joke, when you are here you fear the other side, and when the other side comes, you just don’t know what it is about. If death becomes a laughing matter in your life, life becomes an utterly effortless process – there is no need to restrain yourself in the process of life; you can live your life absolutely, totally.” “The distance between your life and death is just one breath, isn’t it?” – Sadhguru

Living the Law of One 101 Carla L

Rueckert,2014-06-03 Written with the intent of creating an entry-level, simple to read report concerning the core principles of the Law of One and Confederation philosophy in general, this book takes the reader through a discussion of Law of One principles such as unity, free will, love, light and polarity. It then works with the Confederation version of the concept that each person has an energy body with seven chakras. It discusses this concept and its implications for the seeker, chakra by chakra. It turns the player into a Player! This is a light-hearted book about the Game of Life. It is an easy read, and yet the principles of the Law of One are not simplified. Rather, they are offered in an order which makes coherent sense. Principle builds upon principle to offer an overall view of Confederation philosophy which is a bit easier to grasp as a whole than the original Law of One books, where the question-and-answer format offers the same information in a somewhat

fragmented form, although with endless interest. If you would like to play the Game of Life with Carla, please give this book a try!
