📖 **MOTHERS AND OTHER CLOWNS (ROUTLEDGE REVIVALS)** MAGDALENE REDEKOP,2014-03-14 First published in 1992, this is the first study of the work of Alice Munro to focus on her obsession with mothering, and to relate it to the hallucinatory quality of her magic realism. A bizarre collection of clowning mothers parade across the pages of Munro’s fiction, playing practical jokes, performing stunts, and dressing in disguises that recycle vintage literary images. Magdalene Redekop studies this with the aim of gaining increased understanding of Munro’s evolving comic vision.

📖 **FUTURE TEXTS** Vicki Callahan,Virginia Kuhn,2015-10-25 Future Texts: Subversive Performance and Feminist Bodies sketches several possibilities for future texts, those that imagine new pathways through the forms used to express contemporary questions of race, gender, and identity. Future Texts: Subversive Performance and Feminist Bodies’ area of investigation is situated within popular culture, not as a place of critique or celebration, but rather as a contested site that crosses an array of media forms, from music video, to games, to global journalism. While there is an established tradition in feminist writing founded on experimental expression that disrupts patriarchal culture, it has too often failed to consider issues of race and class. This is evident in the dilemma faced by black feminists who, alienated from dominant feminism’s failure to consider their experience, have been forced to choose whether they were black or women first. To push back against such identity splintering, Future Texts: Subversive Performance and Feminist Bodies begins with the politics and aesthetics of Afrofuturism, which sets the stage for the dialogue around contemporary feminism that runs through the collection. With a paradigm of remix as linguistic play and reconfiguration, the chapters confront the question of narrative codes and conventions. These new formats are crucial to rewriting the relationship between hegemonic and resistant texts.

📖 **ATTACK OF THE COPULA SPIDERS** Douglas Glover,2012-03-27 A GLOBE & MAIL BEST BOOK OF THE YEAR FOR 2012 “Glover is a master of narrative structure.” —Wall Street Journal In the tradition of E.M. Forster, John Gardner, and James Wood, Douglas Glover has produced a book on writing at once erudite, anecdotal, instructive, and amusing. Attack of the Copula Spiders represents the accumulated wisdom of a remarkable literary career: novelist, short story writer, essayist, teacher and mentor, Glover has for decades been asking the vital questions. How does the way we read influence the way we write? What do craft books fail to teach aspiring writers about theme, about plot and subplot, about constructing point of view? How can we maintain drama on the level of the sentence—and explain drama in the sentences of others? What is the relationship of form and art? How do you make words live? Whether his subject is Alice Munro, Cervantes, or the creative writing classroom, Glover’s take is frank and fresh, demonstrating again and again that graceful writers must first be strong readers. This collection is a call-to-arms for all lovers of English, and Attack of the Copula Spiders our best defense against the assaults of a post-literate age. Douglas Glover is the award-winning author of five story collections, four novels, and two works of non-fiction. He is currently on the faculty of the Vermont College of Fine Arts MFA in Writing program. Praise for Douglas Glover So sharp, so evocative, that the reader sees well beyond the tissue of words into ... the author’s poetic grace. - The New Yorker Glover invents his own assembly of critical approaches and theories that is eclectic, personal, scholarly, and smart ... a direction for future literary criticism to take. - The Denver Quarterly A ribald, raunchy wit with a talent for searing self-investigation. - The Globe and Mail Knotty, intelligent, often raucously funny. - Maclean’s Passionately intricate. - The Chicago Tribune Darkly humorous, simultaneously restless and relentless. - Kirkus Reviews

📖 **THE BLAXPLOITATION HORROR FILM** Jamil Mustafa,2023-05-15 · This book is the first to focus upon Blaxploitation horror films, and the first to link these films with both mainstream horror films and classic gothic novels and stories. · This book provides readers with innovative and thought-provoking analyses of Blaxploitation horror films, conventional horror films, and major works of gothic fiction. · It considers how Blaxploitation horror films of the 1970s addressed issues of deep concern to their contemporary audiences, including not only racism and the Black Power movement, but also women’s and gay rights, the status of the African American family, the role of religion, and relations between the community and the police.

📖 **EXPLORATIONS IN SEMANTIC PARALLELISM** James J. Fox,2014-07-28 This collection of eighteen papers explores issues in the study of semantic parallelism — a world-wide tradition in the composition of oral poetry. It is concerned with both comparative issues and the intensive study of a single living poetic tradition of composition in strict canonical parallelism. The papers in the volume were written at intervals from 1971 to 2014 — a period of over forty years. They are a summation of a career-long research effort that continues to take shape. The concluding essay reflects on possible directions for future research.

📖 **NAVAL GENERAL SERVICE MEDAL ROLL 1793-1840** Kenneth Douglas-Morris,2012-04-19 Captain Douglas Morris’s classic Medal Roll. Recipients are listed by bar entitlement, then alphabetically. This book is a fine tribute to a great researcher whose tenacity and precision are unequalled in the field of naval medal research.

📖 **THE GOD RESHEPH IN THE ANCIENT NEAR EAST** Maciej M. Munnich,2013 Resheph was quite a popular god in the 3rd and 2nd millennia BC - especially in Syria - but during the 1st millennium his cult became extinct. Finally it was only maintained in several peripheral and isolated sites, such as in the Palmyra desert and in Cyprus. Maciej M. Munnich presents the written sources which mentioned Resheph and analyzes the features of Resheph’s cult. He emphasizes that there is no confirmation for the theory that Resheph was a lord of the netherworld. Resheph was a belligerent, aggressive god who used diseases to attack people, but who could also heal. Because of the long period of the cult and the geographical range, one can notice some local features: In Egypt, for instance, Resheph originally was venerated as the deity supporting the pharaoh in battles, but then he was summoned mainly because of illness and everyday needs.

📖 **THE EUROPEAN UNION AND DEMOCRACY PROMOTION** Richard Gillespie,Richard Youngs,2002 He 20th century saw air power transformed from novelists’ fantasy into stark reality. From string and canvas to precision weaponry and stealth, air power has progressed to become not only the weapon of first political choice, but often the only conceivable option. This rapid development has given rise to considerable debate and controversy with those holding entrenched views rarely slow to shout their case. Many myths have grown over the period, ranging from the once much vaunted ability of air power to win wars alone through to its impact as a coercive tool. This volume examines the theory and practice of air power from its earliest inception. The contributors have been drawn from academia and the military and represent some of the world’s leading proponents on the subject. All significant eras on air power employment are examined: some are evidently turning points, while others represent continuous development. Perhaps more importantly, the book highlights the areas that could be considered to be significant, and invites the reader to enter the debate as to whether it constitutes a continuum, a turning point, or indeed a revolution.

📖 **DESIGN & APPLIED ARTS INDEX** ,2001

📖 **FINAL MEDALS AND TOKENS LONG BEACH AUCTION CATALOG #1100** Mark Van Winkle,2008-08

📖 **MOTHERS AND OTHER CLOWNS** Magdalene Redekop,1992 This is the first study of the work of Alice Munro to focus on her obsession with mothering, and to relate it to the hallucinatory quality of her magic realism. A bizarre collection of clowning mothers parade across the pages of Munro’s fiction, playing practical jokes, performing stunts, and dressing in thrift shop disguises that recycle vintage literary images. Paying close attention to their mimicries, Magdalene Redekop studies this parade with the aim of gaining increased understanding of Munro’s evolving comic vision. As the outlines of her aesthetic are delineated, it becomes clear that it involves a new way of looking at autobiography and a new way of looking at narrative sequence.
