The Bugatti Queen Miranda Seymour,2015-04-09 Born in 1900 to a soon-to-be-widowed postmaster's wife in a small French village, Hélène Delangle's background offered no suggestion of the extraordinary life she was to lead. The first step was to leave the country behind and head to the city -- in this case, a Paris in the grip of an intoxicating 1920s blend of creativity and debauchery. She became a dancer, and then a stripper. But the demi-monde of gauze veils and admirers was not enough. A visit to the Actors' Championships, a uniquely French meeting of the theatrical world with the race-track, opened her eyes to the glamorous combination of machines and speed. Quickly establishing herself as a racer of uncommon talent and audacity, the beautiful woman now known as Hellé Nice -- Hellish Nice to her British fans -- then caught the attention of none other than Ettore Bugatti, founder of the marque with which her name will always be associated. And yet, despite the fame and the fortune she amassed in an unprecedented career, she died penniless and alone, an old woman in a crumbling Nice flat surrounded only by memories. THE BUGATTI QUEEN is the story of a great pioneer of motor racing who happened to be a woman. Re-creating her rollercoaster career with great verve and panache, Miranda Seymour brilliantly shows us a life now forgotten -- and makes it unforgettable.

MILLE MIGLIA Leonardo Acerbi,2015-09-15 For 30 years from 1927 until 1957 the real Mille Miglia was the race of excellence. A unique event of over 1,600 kilometres across Italy, the stars of which were some of the world's greatest car manufacturers, among them Alfa Romeo, Mercedes-Benz, Maserati, Ferrari, Jaguar and Aston Martin. And their cars were driven, naturally, by some of

the equally great champions of the time, like Tazio Nuvolari, Achille Varzi, through to Juan Manuel Fangio and Stirling Moss as well as Alberto Ascari, Clemente Biondetti, Piero Taruffi and many others. Count Giannino Marzotto won the race twice in Ferraris in 1950 and 1953 and said the Mille Miglia was a synthesis of dynamism, freedom, challenge, courage and calculation. The story, or better the stories, of that legendary race live again in this book, which tells the tales of the classic Bresciana, first of all through hundreds of pictures, most of them never previously published. The text has been written by Leonardo Acerbi, who also wrote *Mille Miglia Story 1927-1957*.

The Brighton Run, 1990 Every year on the first Sunday in November four hundred pre-1905 cars gather in Hyde Park for the annual Brighton Run, at one time unfortunately known as the Old Crocks Park. It is one of Britain's greatest annual motoring spectacles. Organised by the Royal Automobile Club with the co-operation of the Veteran Car Club, this event is reputedly watched by a million people over the 52 mile (84km) route. Its origins go back to 1896 when the law changed and the light locomotive was at last allowed to travel up to 12 mph (19km/h) and did not have to be preceded by a man walking in front. To celebrate this change in the law the Motor Car Club ran 'The Emancipation Run' from London to Brighton. Revived in 1927, veteran cars have been making this annual pilgrimage ever since - war years and 1947 excepted.

You'll find hacks devoted to tuning the Linux kernel to make your system run more efficiently, as well as using CVS or RCS to track the revision to system files. You'll learn alternative ways to do backups, how to use system monitoring tools to track system performance and a variety of secure networking solutions. Linux Server Hacks also helps you manage large-scale Web installations running Apache, MySQL, and other open source tools that are typically part of a Linux system. O'Reilly's new Hacks Series proudly reclaims the term hacking for the good guys. Hackers use their ingenuity to solve interesting problems. Best of Enemies Rainier George Weiner, 2015-05-07 Suppose fate placed you on an inflatable life-raft in the middle of the freezing Atlantic Ocean along with your most bitter enemy contrivable? Would the emotions of hatred, revenge and love of country trump the desire to survive, if killing that enemy ensured your own demise? Captain Mat Richardson, USN, and Emil Gluckler, a German submarine commander, experience that option during the 2nd World War. Mat, captain of a small destroyer, and Emil, commander of an attacking submarine, become stranded on a life-raft after each of the combatant crafts sink each other during a fierce naval engagement. They subsequently experience 38 harrowing days striving for survival. If nothing else, this required the ultimate in mutual cooperation. If the two survived, would the events have a lasting effect on their relationship? Or, if one had the opportunity to kill the other at a later date in a new war-time circumstance, would he do so, or not?

Scrupulosity (al-Wara ') in Early Islam Mateusz

Wilk, 2019-12-31 This book aims to discuss religious scrupulousness (al-wara') - an important phenomenon in Islamic spirituality and tradition in the 3rd/9th century. Through the study of hadith compilations devoted to piety the author tries not only to define the concept of scrupulousness itself, but also to present the world of Muslim scholars who composed these collections of traditions. An important aspect of the book will be a discussion of a possible social impact of religious scrupulousness as well as of its cultural context. Thus, another examined subject will be the link of religious scrupulousness with the Islamic eschatology, as well as with the visions of the Hereafter. On the whole, religious scrupulousness will be analysed as one of the portents of changes occurring in the Islamic society and civilisation in the 3rd/9th century, when new forms of piety are accompanied by apocalyptic fears and anxieties.
