Reframing Academic Leadership Joan V. Gallos, Lee G. Bolman,2021-02-09 Reframing Academic Leadership Reframing Academic Leadership is the go-to guide for deepening leadership commitment, capacity, and impact. Gallos and Bolman tease out the unique opportunities and challenges in academic leadership and present powerful ideas and tools to guide and assist college and university administrators in: Creating campus environments that facilitate creativity and commitment Forging vital alliances and partnerships in service of the mission Building campus cultures and shared vision that unite and inspire Crafting institutional structures and strategies that foster innovation and excellence In this updated edition, the authors integrate time-tested conceptual frameworks with rich and compelling real-world cases and tackle contemporary, high-impact issues such as changes in the professoriate and in student populations, funding shortfalls, equity and social justice, the double-edged sword of technology, managing conflict and crisis, ethics and governance, and strengthening leadership agility and resolve. This readable, intellectually provocative, and pragmatic book is for all who care deeply about higher education, are committed to making it better, and understand its potential to transform lives, families, communities, organizations, and nations. Leadership matters more than ever, and Reframing Academic Leadership offers the seminal framework for understanding and leading in higher education today. PRAISE FOR REFRAMING ACADEMIC LEADERSHIP | 1st ED “Reframing Academic Leadership is the most comprehensive book on the topic and an excellent source of knowledge for faculty and managerial leaders in every college and university. An invaluable resource for students of higher education leadership!” —MAUREEN SULLIVAN, Past President, American Library Association and Association of College and Research Libraries “Reframing Academic Leadership provides a compassionate understanding of the stresses of leadership in higher education. It offers insights to those who do not fully appreciate why higher education is so hard to ‘manage’ and validation for those entirely familiar with this world. I recommend it enthusiastically.” —JUDITH BLOCK MCLAUGHLIN, Senior lecturer on education and faculty chair of the Harvard Seminar for New Presidents and the Harvard Seminar for Presidential Leadership, Harvard Graduate School of Education “Bolman and Gallos provide a refreshing view of leadership essential for those assuming presidencies and other important leadership positions in higher education. This work is a bedside reference for aspiring and current leadership in higher education not only in the U.S. but also abroad.” —FERNANCO LEON GARCIA, President, Sistema CETYS Universidad, Baja California, Mexico “Bolman and Gallos have written a practical, lucid text that brings together illustrative vignettes and robust frameworks for

diagnosing and managing colleges and universities. I recommend it to new and experienced administrators who will routinely confront difficult people, structures, and cultures in their workplaces.” —CHRISTOPHER MORPHEW, Dean, School of Education, Johns Hopkins University “Reframing Academic Leadership is filled with real-world examples from leaders. The book reads like a guide for leading a chamber music rehearsal where one’s role constantly shifts from star to servant and where multiple answers may be ‘right’.” —PETER WHITE, Dean and Professor of Conducting, Conservatory of Music, University of the Pacific

Handbook of Islamic Education Holger Daun,Reza Arjmand,2018-07-16 This Handbook traces and presents the fundamentals of Islam and their history and background, and provides a global and holistic, yet, detailed picture of Islamic education around the world. It introduces the reader to the roots and foundations of Islamic education; the responses of Islamic educational institutions to different changes from precolonial times, through the colonial era up to the contemporary situation. It discusses interactions between the state, state-run education and Islamic education, and explores the Islamic educational arrangements existing around the world. The book provides in-depth descriptions and analyses, as well as country case studies representing some 25 countries. The work reflects the recent series of changes and events with respect to Islam and Muslims that have occurred during the past decades. The globalization of Islam as a religion and an ideology, the migration of Muslims into new areas of the globe, and the increasing contacts between Muslims and non-Muslims reinforce the need for mutual understanding. By presenting Islamic education around the world in a comprehensive work, this Handbook contributes to a deeper international understanding of its varieties.
