Sea Surface Sound '94 - Proceedings Of The Iii International Meeting On Natural Physical Processes Related To Sea Surface Sound Michael J Buckingham,J R Potter,1996-01-11 Understanding and constructively using natural sound in the ocean has become of prime importance with the shift of emphasis to protecting the environment and exercising responsible global resource management which has followed the end of the Cold War. Especially now that we realise that marine mammals and other inhabitants of the oceans are threatened by our acoustic pollution of their environment, the use of natural sound as a non-intrusive remote sensing probe has become particularly germane. This was the first meeting on the subject since the fall of Soviet-Western barriers, and the proceedings include significant work from premier researchers in the former Soviet Union. It was also the first meeting which specifically addressed the new and exciting idea of using natural sound in applications for monitoring the marine environment. The proceedings include a number of papers on various aspects of this topic. Further new work on the basic physics of sound production and propagation is also included. This volume includes leading-edge work from the foremost researchers in the field, including Bill Carey, Lawrence Crum, Nikolai Dubrovskii, David Farmer, Brian Kerman, Bill Kuperman, Michael Longuet-Higgins, Hank Medwin, Ken Melville, A Prosperetti and many others.

**A Belief Beyond Theology: the Catechism of Patriarchy** William Gordon,2005-07 Exploring our belief in dividing, conquering, controlling, and converting, this catechism explains both contemporary culture and monotheism by its root--patriarchy. Inclusive of genderism/sexism, racism, and classism,

patriarchy is over ten thousand years old, and is the real religion behind our cultural beliefs and many contemporary faiths. Gordon engages this topic through the lenses of Creation Spirituality, and suggests ritual forms that help us break free of our traditions. The Catechism of Patriarchy found within this work articulates clearly what we have come to believe about ourselves and our cultures.
