Andrea Nguyen

The Pho Cookbook Andrea Nguyen, 2017-02-07 Winner of the 2018 James Beard Foundation Book Award for Single Subject category With this comprehensive cookbook, Vietnam's most beloved, aromatic comfort food--the broth and noodle soup known as pho--is now within your reach. Author Andrea Nguyen first tasted pho in Vietnam as a child, sitting at a Saigon street stall with her parents. That experience sparked a lifelong love of the iconic noodle soup, long before it became a cult food item in the United States. Here Andrea dives deep into pho's lively past, visiting its birthplace and then teaching you how to successfully make it at home. Options range from quick weeknight cheats to impressive weekend feasts with broth and condiments from scratch, as well as other pho rice noodle favorites. Over fifty versatile recipes, including snacks, salads, companion dishes, and vegetarian and gluten-free options, welcome everyone to the pho table. With a thoughtful guide on ingredients and techniques, plus evocative location photography and deep historical knowledge, *The Pho Cookbook* enables you to make this comforting classic your own.

Into the Vietnamese Kitchen Andrea Nguyen, 2011-06-01 An intimate collection of more than 175 of the finest Vietnamese recipes. When author Andrea Nguyen's family was airlifted out of Saigon in 1975, one of the few belongings that her mother hurriedly packed for the journey was her small orange notebook of recipes. Thirty years later, Nguyen has written her own intimate collection of recipes, *Into the Vietnamese Kitchen*, an ambitious debut cookbook that chronicles the food traditions of her native country. Robustly flavored yet delicate, sophisticated yet simple, the recipes include steamy pho noodle soups infused

with the aromas of fresh herbs and lime; rich clay-pot preparations of catfish, chicken, and pork; classic bánh mì sandwiches; and an array of Vietnamese charcuterie. Nguyen helps readers shop for essential ingredients, master core cooking techniques, and prepare and serve satisfying meals, whether for two on a weeknight or 12 on a weekend.

Why Worry? George Lincoln Walton, 1908 The longer these tendencies are retained in adult life, the greater the danger of their becoming coercive; and so far as the well-established case is concerned the obsessive act must be performed, though the business, social, and political world should come to a stand-still. Among the stories told in illustration of compulsive tendency in the great, may be instanced the touching of posts, and the placing of a certain foot first, in the case of Dr. Johnson, who, it appears, would actually retrace his steps and repeat the act which failed to satisfy his requirements, with the air of one with something off his mind.

Muhammad in the Bible Dr. Jamal A. Badawi, I will raise them up a prophet from among their brethren, like unto thee, and will put my words in his mouth; and he shall speak unto them all that I shall command him. Upon whom to these characteristics of the awaited prophet apply? Upon Jesus or Muhammad (peace be upon them). This book examines these prophecies in a very logical and scientific method. The book hopes to analyse the references made and the description given for the awaited Prophet, with the goal to establish who that Prophet actually was.

Introduction to Islam Tariq Ramadan, 2017-09-12 From one of the most prominent intellectuals in the Muslim world comes a timely new introduction to one of the world's most practiced-and most misunderstood-religions. In frank, unapologetic language, Tariq Ramadan walks readers through Islam and its principles, rituals, diversity, and evolution. Ramadan, known for his efforts to reform and change the understanding of Islam in the West, avoids ideology and idealism, instead attempting to depict the true meaning of Islam for readers who have no previous experience with the religion. The book is therefore focused on defining the basic principles of Islam and offering an overview of the faith's history: from its beginnings in prophetic mission, to the Sunni-Shi'a schism, to the formation of distinct schools of law, theology, philosophy, and mysticism. Perhaps the most misinterpreted aspect of Islam, shariah, literally translated as the way that leads to a source of water, receives an entire chapter of attention. Ramadan explains the ways in which shariah has been reduced by fundamentalism to a mere criminal code and expands upon its place in the larger Islamic worldview. He then confronts some of the most pressing issues facing Muslims today, including gender equality, religious diversity, and violence. Both sensitive and accessible, *Introduction to Islam* is a much-needed guide to understanding the role of Islam in the modern world.
