Marcel's Letters Carolyn Porter,2017-06-06 Finalist for the 2018 Minnesota Book Award A graphic designer's search for inspiration leads to a cache of letters and the mystery of one man's fate during World War II. Seeking inspiration for a new font design in an antique store in small-town Stillwater, Minnesota, graphic designer Carolyn Porter stumbled across a bundle of letters and was immediately drawn to their beautifully expressive pen-and-ink handwriting. She could not read the letters—they were in French—but she noticed all of them had been signed by a man named Marcel and mailed from Berlin to his family in France during the middle of World War II. As Carolyn grappled with designing the font, she decided to have one of Marcel's letters translated. Reading it opened a portal to a different time, and what began as mere curiosity quickly became an obsession with finding out why the letter writer, Marcel Heuzé, had been in Berlin, how his letters came to be on sale in a store halfway around the world, and, most importantly, whether he ever returned to his beloved wife and daughters after the war. Marcel's Letters is the incredible story of Carolyn's increasingly desperate search to uncover the mystery of one man's fate during WWII, seeking answers across Germany, France, and the United States. Simultaneously, she continues to work on what would become the acclaimed P22 Marcel font, immortalizing the man and his letters that waited almost seventy years to be reunited with his family.

Pathways of Reconciliation Aimée Craft,Paulette Regan,2020-05-29 Since the Truth and Reconciliation Commission released its Calls to Action in June 2015, governments, churches, non-profit, professional and community organizations, corporations, schools and universities, clubs and individuals have asked: “How can I/we participate in reconciliation?” Recognizing that reconciliation is not only an ultimate goal, but a decolonizing process of journeying in ways that embody everyday acts of resistance, resurgence, and solidarity, coupled with renewed commitments to justice, dialogue, and relationship-building, Pathways of Reconciliation helps readers find their way forward. The essays in Pathways of Reconciliation address the themes of reframing, learning and healing, researching, and living. They engage with different approaches to reconciliation (within a variety of reconciliation frameworks, either explicit or implicit) and illustrate the complexities of the reconciliation process itself. They canvass multiple and varied pathways of reconciliation, from Indigenous and non-Indigenous perspectives, reflecting a diversity of approaches to the mandate given to all Canadians by the TRC with its Calls to Action. Together the authors – academics, practitioners, students and ordinary citizens – demonstrate the importance of trying and learning from new and creative approaches to thinking about and practicing reconciliation and reflect on what they have learned from their attempts (both successful and less successful) in the process.

Dark Albion RPGPundit,Dominique Crouzet,2015-07-05 Dark Albion: The Rose War is a 275 pages long, OSR RPG campaign setting, set in a fantasy medieval England during the War of the Roses (15th century). Think England + sorcery + demons and fairies + some fantasy twists to the world. 80% of the book is system neutral, so can be used with most role-playing games. Nonetheless, this book is designed with OSR games in mind, and will run best with Fantastic Heroes & Witchery (also available on Createspace/Amazon), and similar games such as Osric, Swords & Wizardry, etc. Note lastly that layout and art have been given great care to make the most visually pleasing book as possible: this means 10 maps, and two illustrations per pages on most of the 275 pages!

Fears of Your Life Michael Bernard Loggins,2012-04 Everybody has fears in common and in this unique handwritten book, the author (an adult with developmental disabilities) battles his fears by listing more than 138 of them. He explores the depths of our most human emotion from small fears, like 'fear of bats' and 'fear of being different', to more complex fears like 'fear that if you put too much toilet paper in the toilet bowl it will run over and get all over the floor and on you and on someone else too, it would leak from upstairs to the next floor below'. This is a uniquely offbeat account of common worries and fears.

Town Ball Parks of Minnesota Todd Mueller,2016-06-10 Minnesota has over three hundred town ball teams, more organized amateur baseball teams than in any other state in the country.* Town Ball, Parks of Minnesota takes the reader on a tour of the state's most revered ballparks, ranging from a multi-million dollar complex in the Twin Cities to a rural field at the end of a dirt road ? arguably the most remote ballpark in the state.Over the course of several years and thousands of miles, the author traveled the state to visit these ballparks, then selected twenty-seven unique, historic and most beloved ballparks. The result is a book on town ball unlike
