Manuals Combined: U.S. Navy Journalist Basic, Journalist Advanced And Journalist 3 & 2 Training

Publications , Over 1,300 total pages ... To the young man or woman choosing a Navy career field, whether for one enlistment or for 30 years, the journalist rating offers endless avenues for an imaginative, yet mature, thinker. Many of the duties and responsibilities of the journalist rank among Americans' favorite hobbies and pastimes, such as writing, broadcasting and photography. The Navy journalist learns and practices a distinguished profession and becomes an official representative of the Navy in public affairs matters. The first enlisted specialists to work full time in the field of Navy journalism were Naval Reserve personnel selected during the early years of World War II. They were designated Specialist X (Naval Correspondents). In 1948, under a major overhaul affecting almost every enlisted rating, the journalist (JO) rating was established. MAJOR TASKS AND RESPONSIBILITIES LEARNING OBJECTIVE: Identify the major tasks and responsibilities of the Navy journalist, the personal traits required for one to best perform the duties of the rating, the applicable NECs, and the purpose of the JO 3 & 2 training manual (TRAMAN). In our democratic society, government depends on the consent of the governed. This important principle means that, in the long run, the United States government does only what the people want it to do. Therefore, we can have a Navy only if the people know and understand the importance of the Navy and

support it. The Navy, like the other services, depends on this country's citizens for the four key tools of its trade — personnel, money, materials and the authority to carry out its mission. As a Navy journalist, your main function will be to make the facts about your Navy available to the Navy's three main publics — the people at your ship or station, Navy people in general and the people of the United States as a whole.

Ezzard Charles William Dettloff,2015-05-23 Greatness is often overlooked in its own time. For Ezzard Charles—one of boxing's most skilled practitioners, with a record of 93–25–1 (52 KO)—recognition took decades. Named by The Ring magazine as the greatest light heavyweight of all time, Charles was frustrated in his attempts to get a shot at the 175–pound title, and as World Heavyweight Champion

(1949–1951) struggled to win the respect of boxing fans captivated by Joe Louis' power and charisma. This first-ever biography of "The Cincinnati Cobra" covers his early life in a small country town and his career in the glamorously dirty business of prizefighting in the 1950s, one of the sport's Golden Ages. Charles' fights with Louis, Jersey Joe Walcott, Rocky Marciano and his three wins over the legendary Archie Moore are detailed.

Ring Lardner and the Other Douglas Robinson, Ellen Gardiner, 1992 Not only examining the writings of a critically neglected American novelist of the early 20th century, this study also uses Ring Lardner both as the basis for a theoretical inquiry into language and literature, and as a study of men and masculinity at the turn of the century.
