**10 Things You Might Not Know About Nearly Everything** Mark Jacob,Stephan Benzkofer,2012-05-10 For years, the Chicago Tribune's 10 Things You Might Not Know column has been informing and entertaining readers on a diverse range of fascinating subjects. 10 Things You Might Not Know About Nearly Everything is a collection of the best of these columns, presented in a fun and easy-to-read format. This book gives readers well-researched, obscure facts on universal topics—including arts and culture, food and leisure, history, politics, science and technology, sports, holidays and religion, lifestyle, language, and more. 10 Things You Might Not Know About Nearly Everything contains a plethora of surprising trivia and pertinent tidbits on so many different areas that will appeal to everyone from history buffs to sports fans to foodies, with an especially riveting look into Chicago-area history and facts. For example, in Zion, Illinois it was once not only illegal to gamble, curse, and sell alcohol and tobacco, but also to whistle on Sundays, put on plays, eat pork or oysters, spit, or wear tan-colored shoes. Some facts will make readers laugh and some will make jaws drop. This collection is a kaleidoscope of the absurd, the outrageous, and the sometimes-gruesome, making a highly entertaining mix of people, places, and things. 10 Things You Might Not Know About Nearly Everything will leave readers brighter, wittier, and curious to learn more about myriad worlds they never encountered before and will never forget.

**Subsmash** Alan Gallop,2011-10-21 In April 1951, the disappearance of HM submarine Affray knocked news of the Korean War and Festival of Britain from the front pages of national newspapers. Affray had put to sea on a routine peacetime simulated war patrol in the English Channel. She radioed her last position at 21.15hrs on 16 April, 30 miles south of the Isle of Wight - and preparing to dive. This was the last signal ever received from the submarine. When divers eventually discovered Affray, they found her resting upright on the sea bottom with no obvious signs of damage to her hull. Hatches were closed tight and emergency buoys were still in their casings. It was obvious that whatever had caused Affray to sink and end the lives of all on board had occurred quickly. Fifty-six years later, in this compelling maritime investigation, Alan Gallop uses previously top secret documents, interviews with experts and contemporary news sources to explore how and why Affray became the last British submarine lost at sea - and possibly the greatest maritime mystery since the Marie Celeste.

*The Working Poor* David K. Shipler,2008-11-12 NATIONAL BESTSELLER • From the author of the Pulitzer Prize-winning Arab and Jew, an intimate portrait unfolds of working American families struggling against insurmountable odds to escape poverty. This is clearly one of those seminal books that every American should read and read now. –The New York Times Book Review As David K. Shipler makes clear in this powerful, humane study, the invisible poor are engaged in the activity most respected in American ideology—hard, honest work. But their version of the American Dream is a nightmare: low-paying, dead-end jobs; the profound failure of government to improve upon decaying housing, health care, and education; the failure of families to break the patterns of child abuse and substance abuse. Shipler exposes the interlocking problems by taking us into the sorrowful, infuriating, courageous lives of the poor—white and black, Asian and Latino, citizens and immigrants. We encounter them every day, for they do jobs essential to the American economy. This impassioned book not only dissects the problems, but makes pointed, informed recommendations for change. It is a book that stands to make a difference.
