Communicating Corporate Social Responsibility in the Digital Era Adam Lindgreen,Joelle Vanhamme,Rebecca Watkins,Francois Maon,2017-12-12 Although literature on corporate social responsibility is vast, research into the use and effectiveness of various communications through digital platforms about such corporate responsibility is scarce. This gap is surprising; communicating about corporate social responsibility initiatives is vital to organizations that increasingly highlight their corporate social responsibility initiatives to position their corporate brands for both consumers and other stakeholders. Yet these organizations still sometimes rely on traditional methods to communicate, or even decide against communicating at all, because they fear triggering stakeholders' skepticism or cynicism. A systematic, interdisciplinary examination of corporate social responsibility communication through digital platforms therefore is necessary, to establish an essential definition and up-to-date picture of the field. This research anthology addresses the above objectives. Drawing on marketing, management, and communication disciplines, among others, this anthology examines how organizations construct, implement, and use digital platforms to communicate about their corporate social responsibility and thereby achieve their organizational goals. The 21 chapters in this anthology reflect six main topic sections: Challenges and opportunities for communicating corporate social responsibility through digital platforms. Moving toward symmetry and interactivity in digital corporate social responsibility communication. Fostering stakeholder engagement in and through digital corporate social responsibility communication. Leveraging effective digital corporate social responsibility communication. Digital activism and corporate social responsibility. Digital methodologies and corporate social responsibility.

Entangled Amy Rose Capetta,2013 Seventeen-year-old Cade, a fierce survivor, feels alone in the universe until she learns that she was created in a lab in 3112 and entangled at a quantum level with a boy named Xan, sending her on a galaxy-spanning journey toward a real connection. 20,000 first printing.

Who's Who in Retailing Verdict Research,Verdict Research Limited,2004 The performance of high street retailers since 2000 has been largely responsible for keeping the UK out of deep recession and creating a platform for future growth. The Sandsman Paul Terence Matthias Jackson,2009-07-01 Museria is in danger. Barador, emperor of all-powerful Arnin, has been assassinated, and shadowy figures are at large. Prince Saelon assumes control and expels his step-brother, Dalziel.And so begins Dalziel's fantastic journey: his exile and flight from his homeland, and his quest for the mysterious Sandsman, who, it is said, shall rescue Museria from the depths of despair that await.Pursued by dark agents and bounty hunters and cannibals, Dalziel crosses Museria, over land and sea, snow and desert, mountain and forest, meeting strange folk along the way, discovering wonderful places, in search of the real Museria, in search of the Sandsman, in search of himself.

Ebook: Corporate Communication Paul A Argenti,2014-10-16 Corporate Communication, 6th Edition shows readers the importance of creating a

coordinated corporate communication system, and describes how organizations benefit from important strategies and tools to stay ahead of the competition. Throughout the book, cases and examples of company situations relate to the chapter material. These cases provide readers with the opportunity to participate in real decisions that managers had to make on a variety of real problems.

Retail Market Study 2016 Marc-Christian Riebe, 2016-03-01 The Retail Market Study 2016 of The Location Group is the one and only study of its kind. With 155 of the most notable international cities of the fashion and retail world on more than 1,000 pages. Over 1,300 retailers, 1,030 shopping streets and 550 shopping malls were analyzed. So far the study reached more than 300,000 readers worldwide.

Introduction to Management Richard Pettinger, 2020-03-06 This popular core textbook provides an authoritative introduction to business management. Covering all the functional areas of the field, the text provides a robust framework to help students understand the inter-relatedness of different aspects of management and how they fit together in an organisation. Strong emphasis is placed throughout on providing students with a thorough and practical grounding in the topic, with a focus on helping them developing effective management skills. Now in its fourth edition, Introduction to Management has been fully updated and expanded to cover new developments in the field. Written by a leading expert with extensive management experience, this is ideal reading for students studying introductory courses in management at undergraduate, postgraduate or MBA level. It does not require prior knowledge of business and management. New to this Edition: - Includes new chapters on innovation, enterprise, risk management, ethics and responsibility - New 'Management in focus' boxes providing interesting and useful insights into management practice in the real world - New 'Critical thinking, analysis and evaluation' feature to encourage students to think deeply about management problems

High Street Heroes John Timpson, 2015-10-15 WHEN BUSINESSMAN John Timpson started his retailing career in 1960, there were no supermarkets, no out-of-town shopping centres and not even a hint of internet shopping. The British high street was full of made-to-measure tailors and traditional grocers. Among the household names were Mac Fisheries, Dewhurst, John Collier and Timothy Whites & Taylors. In this enjoyable new book, Timpson shows how successive generations of forward-thinking shopkeepers and inspirational entrepreneurs have led the major retailers through a period of rapid change – people such as Ken Morrison, Ralph Halpern, Terence Conran and Anita Roddick, without whom our high streets would have looked very different. This unique survey – from a man who knows a few things about success in retail – paints a compelling, personal and vivid picture of how shops have changed over the last 100 years and reveals who Timpson thinks has had the biggest influence on the shape of shopping in the 'retail revolution' that we have witnessed since the 1970s.

The Necromancer: Book Two Paul Terence Matthias Jackson,

Children's Literature and Childhood Discourses Anna Cermakova, Michaela Mahlberg, 2024-04-04 Children's literature shapes what children learn about the world. It reflects social values, norms, and stereotypes. This book offers fresh insights into some of the key issues in fiction for children, from the representation of gender to embodied cognition and the translation of children's literature. Connecting classic children's texts such as Alice in Wonderland with contemporary fiction including Murder Most Unladylike, the book innovatively brings together perspectives from corpus linguistics, stylistics, cognitive linguistics, literary and cultural studies, and human geography. It explores approaches to experiencing fiction, as well as methods for the study of literary texts. Childhood discourses are investigated through the materiality of texts, the spaces that literature takes up in libraries, the cultural history of fiction moulded through performances, as well as reading environments that shape childhood experiences, such as fashion and urban spaces. Children's Literature and Childhood Discourses emphasizes the crucial link between fictional stories and real life.

Brahmins In Tamil And Sanskrit Literature London Swaminathan, 2024-01-21 This book contains my essays on Brahmins written over a period of ten years. I have given proof for my views from Tamil and Sanskrit literature and other sources. The reason Brahmins were held in high

esteem in olden days was their spotless character and honesty. But in course of time, it decreased or disappeared completely in some areas. And they lost the original credibility.
