*Finding Latinx* Paola Ramos,2020-10-20 Latinos across the United States are redefining identities, pushing boundaries, and awakening politically in powerful and surprising ways. Many—Afrolatino, indigenous, Muslim, queer and undocumented, living in large cities and small towns—are voices who have been chronically overlooked in how the diverse population of almost sixty million Latinos in the U.S. has been represented. No longer. In this empowering cross-country travelogue, journalist and activist Paola Ramos embarks on a journey to find the communities of people defining the controversial term, “Latinx.” She introduces us to the indigenous Oaxacans who rebuilt the main street in a post-industrial town in upstate New York, the “Las Poderosas” who fight for reproductive rights in Texas, the musicians in Milwaukee whose beats reassure others of their belonging, as well as drag queens, environmental activists, farmworkers, and the migrants detained at our border. Drawing on intensive field research as well as her own personal story, Ramos chronicles how “Latinx” has given rise to a sense of collectivity and solidarity among Latinos unseen in this country for decades. A vital and inspiring work of reportage, *Finding Latinx* calls on all of us to expand our understanding of what it means to be Latino and what it means to be American. The first step towards change, writes Ramos, is for us to recognize who we are.

*Class* Paul Fussell,1992 This book describes the living-room artifacts, clothing styles, and intellectual proclivities of American classes from top to bottom.

**We Should All Be Feminists** Chimamanda Ngozi Adichie,2015-02-03 NEW YORK TIMES BESTSELLER • The highly acclaimed, provocative essay on feminism and sexual politics—from the award-winning author of *Americanah* In this personal, eloquently-argued essay—adapted from the much-admired TEDx talk of the same name—Chimamanda Ngozi Adichie offers readers a unique definition of feminism for the twenty-first century. Drawing extensively on her own experiences and her deep understanding of the often masked realities of sexual politics, here is one remarkable author’s exploration of what it means to be a woman now—and an of-the-moment rallying cry for why we should all be feminists.

*2011 National Gang Threat Assessment* Federal Bureau of Investigation,2012-01-01 Gangs continue to commit criminal activity, recruit new members in urban, suburban, and rural regions across the United States, and develop criminal associations that expand their influence over criminal enterprises, particularly street-level drug sales. The most notable trends for 2011 have been the overall increase in gang membership, and the expansion of criminal street gangs' control of street-level drug sales and collaboration with rival gangs and other criminal organizations.

**Causes of War** Jack S. Levy,William R. Thompson,2011-09-15 Written by leading scholars in the field, *Causes of War* provides the first comprehensive analysis of the leading theories relating to the origins of both interstate and civil wars. Utilizes historical examples to illustrate individual theories throughout Includes an analysis of theories of civil wars as well as interstate wars -- one of the only texts to do both Written by two former International Studies Association Presidents

**Direct Action** David Graeber,2009-09-01 A radical anthropologist studies the global justice movement.

**World Report 2019** Human Rights Watch,2019-02-05 The best country-by-country assessment of human rights. The human rights records of more than ninety countries and territories are put into perspective in Human Rights Watch's signature yearly report. Reflecting extensive investigative work undertaken by Human Rights Watch staff, in close partnership with domestic human rights activists, the annual World Report is an invaluable resource for journalists, diplomats, and citizens, and is a must-read for anyone interested in the fight to protect human rights in every corner of the globe.

**The Uninhabitable Earth** David Wallace-Wells,2019-02-19 #1 NEW YORK TIMES BESTSELLER • “The Uninhabitable Earth hits you like a comet, with an overflow of insanely lyrical prose about our pending Armageddon.”—Andrew Solomon, author of *The Noonday Demon* NAMED ONE OF THE BEST BOOKS OF THE YEAR BY *The New Yorker* • *The New York Times Book Review* • *Time* • NPR • *The Economist* • *The Paris Review* • *Toronto Star* • *GQ* • *The Times Literary Supplement* • *The New York Public Library* • *Kirkus Reviews* It is worse, much worse, than you think. If your anxiety about global warming is dominated by fears of sea-level rise, you are barely scratching the surface of what terrors are possible—food shortages, refugee emergencies, climate wars and economic devastation. An “epoch-defining book” (*The Guardian*) and “this generation’s *Silent Spring*” (*The Washington Post*), *The Uninhabitable Earth* is both a travelogue of the near future and a meditation on how that future will look to those living through it—the ways that warming promises to transform

global politics, the meaning of technology and nature in the modern world, the sustainability of capitalism and the trajectory of human progress. The Uninhabitable Earth is also an impassioned call to action. For just as the world was brought to the brink of catastrophe within the span of a lifetime, the responsibility to avoid it now belongs to a single generation—today’s. **LOGLISTED FOR THE PEN/E.O. WILSON LITERARY SCIENCE WRITING AWARD** “The Uninhabitable Earth is the most terrifying book I have ever read. Its subject is climate change, and its method is scientific, but its mode is Old Testament. The book is a meticulously documented, white-knuckled tour through the cascading catastrophes that will soon engulf our warming planet.”—Farhad Manjoo, The New York Times “Riveting. . . . Some readers will find Mr. Wallace-Wells’s outline of possible futures alarmist. He is indeed alarmed. You should be, too.”—The Economist “Potent and evocative. . . . Wallace-Wells has resolved to offer something other than the standard narrative of climate change. . . . He avoids the ‘eerily banal language of climatology’ in favor of lush, rolling prose.”—Jennifer Szalai, The New York Times “The book has potential to be this generation’s Silent Spring.”—The Washington Post “The Uninhabitable Earth, which has become a best seller, taps into the underlying emotion of the day: fear. . . . I encourage people to read this book.”—Alan Weisman, The New York Review of Books

Scale E. Summerson Carr, Michael Lempert, 2016-08-18 A free ebook version of this title is available through Luminos, University of California Press’s Open Access publishing program for monographs. Visit [www.luminosoa.org](http://www.luminosoa.org) to learn more. Wherever we turn, we see diverse things scaled for us, from cities to economies, from history to love. We know scale by many names and through many familiar antinomies: local and global, micro and macro events to name a few. Even the most critical among us often proceed with our analysis as if such scales were the ready-made platforms of social life, rather than asking how, why, and to what effect are scalar distinctions forged in the first place. How do scalar distinctions help actors and analysts alike make sense of and navigate their social worlds? What do these distinctions reveal and what do they conceal? How are scales construed and what effects do they have on the way those who abide by them think and act? This pathbreaking volume attends to the practical labor of scale-making and the communicative practices this labor requires. From an ethnographic perspective, the authors demonstrate that scale is practice and process before it becomes product, whether in the work of projecting the commons, claiming access to the big picture, or scaling the seriousness of a crime.

Dear Ijeawele, or A Feminist Manifesto in Fifteen Suggestions Chimamanda Ngozi Adichie, 2017-03-07 **NATIONAL BESTSELLER** • The award-winning author of *We Should All Be Feminists* and *Americanah* gives us this powerful statement about feminism today—written as a letter to a friend. A few years ago, Chimamanda Ngozi Adichie received a letter from a childhood friend, a new mother who wanted to know how to raise her baby girl to be a feminist. *Dear Ijeawele* is Adichie’s letter of response: fifteen invaluable suggestions—direct, wryly funny, and perceptive—for how to empower a daughter to become a strong, independent woman. Filled with compassionate guidance and advice, it gets right to the heart of sexual politics in the twenty-first century, and starts a new and urgently needed conversation about what it really means to be a woman today. **World Report 2020** Human Rights Watch, 2020-01-28 The best country-by-country assessment of human rights. The human rights records of more than ninety countries and territories are put into perspective in Human Rights Watch’s signature yearly report. Reflecting extensive investigative work undertaken by Human Rights Watch staff, in close partnership with domestic human rights activists, the annual World Report is an invaluable resource for journalists, diplomats, and citizens, and is a must-read for anyone interested in the fight to protect human rights in every corner of the globe.

**Doing Business with Latin America** Adam Jolly, 1998 Aimed directly at international corporations and entrepreneurs venturing into the potentially lucrative markets of Latin America, *Doing Business with Latin America* provides comprehensive guidance, as well as practical advice on all aspects of developing business. Covering such issues as the context for international business, guidance on market entry, and the principle areas of opportunity, this second edition also includes a substantially updated country-by-country section.

*The Tyranny of Silence* Flemming Rose, 2016-05-10 Journalists face constant intimidation. Whether it takes the extreme form of beheadings, death threats, government censorship or simply political correctness—it casts a shadow over their ability to tell a story. When the Danish newspaper *Jyllands-Posten* published the cartoons of the prophet Muhammad nine years ago, Denmark found itself at the center of a global battle about the freedom of speech. The paper’s culture editor, Flemming Rose, defended the decision to print the 12 drawings, and he quickly came to play a central part in the debate about the limitations to freedom of speech in the 21st century. In *The Tyranny of Silence*, Flemming Rose writes about the people and experiences that have influenced his understanding of the crisis, including meetings with dissidents from the former Soviet Union and ex-Muslims living in Europe. He provides a personal account of an event that has shaped the debate about what it means to be a citizen in a democracy and how to coexist in a world that is increasingly multicultural,

multireligious, and multiethnic.

**From Poverty to Power** Duncan Green,2008 Offers a look at the causes and effects of poverty and inequality, as well as the possible solutions. This title features research, human stories, statistics, and compelling arguments. It discusses about the world we live in and how we can make it a better place.

**With a Critical Eye** Arthur J. Vidich,2009 Internationally renowned sociologist Arthur J. Vidich (1922-2006) was an active researcher and teacher whose career spanned the second half of the twentieth century. With a *Critical Eye: An Intellectual and His Times* recounts Vidich's career in the wider cultural context of his life and work. Providing a window into post-World War II intellectual life, the richness of the autobiography lies not only in Vidich's perspectives on the academic world but also in his personal and sociological observations about the world around him. Best known for his book *Small Town in Mass Society* (co-authored with Joseph Bensman, 1958), Vidich taught for more than forty years at the New School for Social Research in New York. He published eighteen books, co-edited a book series with Robert Jackall, and was the founding editor of the *International Journal of Politics, Culture, and Society*. Vidich provides a valuable lens ... on a profoundly important time in the formation of the modern social sciences, when the changes in the U.S. were having formative impacts on academe in other parts of the world, writes Robert J. Antonio, professor of sociology at the University of Kansas. The autobiography is lucidly and unpretentiously written. Book jacket.

**Map Reading and Land Navigation** Department of the Army,2015-12-31 The field manual provides a standardized source document for Army-wide reference on map reading and land navigation. It applies to every soldier in the army regardless of service branch, MOS, or rank. This manual also contains both doctrine and training guidance on map reading and land navigation. Part One addresses map reading and Part Two, land navigation. The appendices include an introduction to orienteering and a discussion of several devices that can assist the soldier in land navigation. For soldiers, hunters, climbers, and hikers alike, this is the definitive guide to map reading and navigation.

**Terrorism, Crime, and Public Policy** Brian Forst,2008-10-20 Terrorism, Crime, and Public Policy describes the problem of terrorism; compares it to other forms of aggression, particularly crime and war; and discusses policy options for dealing with the terrorism. It focuses on the causes of terrorism with the aim of understanding its roots and providing insights toward policies that will serve to prevent it. The book serves as a single-source reference on terrorism and as a platform for more in-depth study, with a set of discussion questions at the end of each chapter. Individual chapters focus on the nature of terrorism, theories of aggression and terrorism, the history of terrorism, the role of religion, non-religious extremism and terrorism, the role of technology, terrorism throughout the modern world, responses to terrorism, fear of terrorism, short-term approaches and long-term strategies for preventing terrorism, balancing security and rights to liberty and privacy, and pathways to a safer and saner 21st century.
