Seismic Reflection Processing S.K. Upadhyay,2013-03-09 Seismic Reflection Processing coherently presents the physical concepts, mathematical details and methodology for optimizing results of reservoir modelling, under conditions of isotropy and anisotropy. The most common form of anisotropy - transverse isotropy - is dealt with in detail. Besides, practical aspects in reservoir engineering - such as interval isotropic or anisotropic properties of layered media; identifying lithology, pore-fluid types and saturation; and determining crack/fracture-orientations and density - form the core of discussions. This book incorporates significant new developments in isotropic and anisotropic reflection processing, while organizing them to improve the interpretation of seismic reflection data and optimizing the modeling of hydrocarbon reservoirs. It is written primarily as a reference and tutorial for graduate/postgraduate students and research workers in geophysics.

The Side Effects Bible Frederic Vagnini, M.D.,Barry Fox, Ph.D.,2010-08-11 An indispensable resource for every home—simple and healthy solutions for counteracting some of the uncomfortable and often dangerous side effects of over 300 common drugs Fatigue, dry mouth, weight gain, nausea, liver damage, stroke, heart failure. Every year tens of millions of Americans suffer from such unwelcome consequences of over-the-counter and prescription drugs. Most believe these side effects are the inevitable price they must pay for restoring health. But that is not the case. Drawing on cutting-edge scientific research, The Side Effects Bible reveals that up to thirty percent of drug-induced side effects are caused because the drug saps the human body of essential vitamins and minerals—everyday nutrients that can easily be replaced by following the simple, healthy dietary and supplement guidelines outlined in this first-of-its-kind reference guide. Even minor deficiencies of necessary nutrients can bring on major difficulties, and The Side Effects Bible will tell readers what to eat for every drug they take.
