**How to Wipe Out Your Student Loans and Be Debt Free Fast** Martha Maeda, 2009 According to a recent study by the National Center for Education Statistics, an estimated 65 percent of recent college graduates are burdened by student loans. Although the average debt is \$19,000, loans can exceed \$50,000 and may be much higher for those who attend graduate school, law school, or medical school. Many students, faced with the task of repaying such a large amount of money, become overwhelmed merely thinking about it. But, using this new book, you can learn how to eliminate your student loans and be debt free. In this exhaustively researched book, you will learn everything you need to know about student loans, including grace periods, deferment, forbearance, interest rates, co-signors, exit counseling, prepayment, discharges, cancellation, default, and much more. You will create a repayment schedule; understand the various repayment options, such as graduated repayment, level repayment, income-sensitive repayment, extended repayment, serialization, and income-contingent repayment; and be able to choose the appropriate plan for your unique situation. Additionally, you will learn how to save money through consolidation, how to secure the best interest rate, how consolidating can improve your credit score, how to use lender incentive programs to save money, and how to lower interest rates. Whether you are a current student looking to get a jumpstart on repayment or you are a recent graduate trying to wade through the letters you are receiving from your lenders and consolidation companies, *How to Wipe Out Your Student Loans and Be Debt Free* will be an indispensable companion.
