Visualize Complex Processes with Microsoft Visio David J Parker, Senaj

Lelic, 2023-05-12 Streamline your business by creating clear, concise process diagrams with Microsoft Visio, and share them securely for viewing, reviewing, and collaboration Purchase of the print or Kindle book includes a free PDF eBook Key Features Learn built-in diagram types or create custom ones to describe flow steps effectively Unlock the skills and techniques needed to efficiently and speedily capture and communicate complex flows Understand how to store securely, integrate with other apps, and import and export flow steps Book Description Every business has process flows, but not all of them are fully described to or verified for accuracy with each stakeholder. This not only presents a risk for business continuity but also removes the ability to make insightful improvements. To make these complex interactions easy to grasp, it's important to describe these processes visually using symbology that everybody understands. Different parts of these flows should be collaboratively developed and stored securely as commercial collateral. Visualize Complex Processes with Microsoft Visio helps you understand why it is crucial to use a common, systematic approach to document the steps needed to meet each business requirement. This book explores the various process flow templates available in each edition of Microsoft Visio, including BPMN. It also shows you how to use them effectively with the help of tips and techniques and examples to reduce the time required for creating them, as well as how you can improve their integration and presentation. By the end of this book, you'll have mastered the skills needed to create data-integrated business flowcharts with Microsoft Visio, learned how to effectively use these diagrams collaboratively, but securely, and understood how to integrate them with other M365 apps, including Excel, Word, PowerPoint, and Power Automate. What you will learn Choose an appropriate flowchart diagram type to describe process steps Develop the skills to efficiently use Visio to draw process flowcharts Discover how to create process flows diagrams to meet the BPMN standard Find out how to synchronize Excel tables with Visio process flowcharts Store flowcharts that can also be used for collaboration securely Understand how to export flowcharts and data to other M365 apps Discover how Visio ShapeSheet functions can increase productivity Who this book is for If you're a manager, analyst, or designer of business processes, then this book will help you create professional process diagrams effectively and consistently to improve the accuracy of communication and facilitate impactful insights. This book will also be useful for beginners or power users who are seeking tips and techniques to capture process flows from context and customize diagrams to meet academic as well as corporate standards.

Microsoft Visio 2002 Eric R. Infanti, 2001 Annotation A reference designed to quickly explain in ten minutes or less the most common beginning and intermediate level tasks a Visio user would need to create better looking and more communicative diagrams to augment their Word docs and PowerPoint presentations. This book offers straightforward, practical answers for fast results. Each 10-minute lesson allows the user to quickly learn the fundamentals necessary to accomplish their goals. Covers the most commonly referenced topics. Because most people don't have the luxury of sitting down uninterrupted for hours at a time to learn Visio, this 10 Minute Guide focuses on the most often used features, covering them in lessons designed to take 10 minutes or less to complete. Without jargon, this guide teaches the user how to use Visio by providing straightforward, easy-to-follow explanations and lists of numbered steps. Eric Infanti is the Director of Training and Performance at GreenTree International. He has trained, put on seminars and developed curriculum at institutions such as Sacred Heart University and Manchester, Tunis, Capital, and Middlesex Community-Technical colleges. Eric has been a user of Visio since its launch back in the early 90's in his IT realm with Dime Financial Corporation as well as usage of it during his Marine Corps tour. Since then, Eric has supported, coached, and trained hundreds of people across Connecticut, and is now training nationally with Microsoft?. Soon Eric begins the infrastructure for delivering Visio courses online as well. Some of his current clients are The META Group, The Hartford Insurance Group, and ABB to name a few.
