Comrades and Commissars Cecil D. Eby,2007 In the summer of 1936, Generalissimo Francisco Franco led a group of right-wing nationalists in a military attack on the Republican government of Spain—the start of what would become the Spanish Civil War. Despite U.S. laws banning participation in foreign conflicts, American volunteers began pouring into Barcelona in January 1937. The most famous of these anti-Franco groups was the band of 2,800 American fighters who called themselves the Abraham Lincoln Battalion. In Comrades and Commissars, Cecil D. Eby pushes beyond the bias that has dominated study of the Lincoln Battalion and gets to the very heart of the American experience in Spain. Controversy has plagued the Lincoln Battalion from the very start. Were these men selfless defenders of liberty or un-American Communists? Eby has long been regarded as one of the few balanced interpreters of their history. His 1969 book, Between the Bullet and the Lie, won accolades for its rigorous and fair treatment of the Battalion. Comrades and Commissars builds upon that earlier study, incorporating a wealth of information collected over intervening decades. New oral histories, previously untranslated memoirs, and newly declassified official documents all lend even greater authority and perspective to Eby's account. Most significant is Eby's use of Lincoln Battalion archives sequestered in a Moscow

storeroom for sixty years. These papers draw renewed focus on some of the most provocative questions surrounding the Battalion, including the extent to which Americans were persecuted—and even executed—by the brigade commissariat. The Americans who served in the Lincoln Battalion were neither mythic figures nor political abstractions. Poorly trained and equipped, they committed themselves to back-to-the-wall defense of the doomed Spanish Republic. In *Comrades and Commissars*, we at last have the authoritative account of their experiences.

HANDBOOK JULEAN ARNOLD,1926

Centenary Subjects Shawn McDaniel,2021-12-15

Centenary Subjects examines the ideological debates and didactic exercises in subject formation during the centenary era of independence (the decade of the 1910s)—the peak of arielismo—and proposes a new reading of the arielista archive that brings into focus the racial anxieties, epistemological and spiritual fissures, and iconoclastic agendas that structure, and at times smother, the ethos of that era. Arielismo takes its name from José Enrique Rodó's foundational essay *Ariel* (1900), a wide-ranging gospel dedicated to Latin American youth that incited a cultural awakening under the banner of the spirit throughout the Americas at an ominous juncture—when the US co-opted the Cuban War of Independence in 1898, effectively rebranding it as the Spanish-American War. Rodó's optimistic message of transcendence as an antidote to the encroaching empire quickly became one of the most pervasive and malleable paradigms of regional empowerment, reverberating throughout a range of Latin Americanist projects in the twentieth and twenty-first centuries. *Centenary Subjects* recovers a series of

important but understudied essays penned by arielista writers, radicals, pedagogues, prophets, and politicians of diverse stripes in the early twentieth century, and analyzes how, under the auspices of the arielista platform, young people emerged as historical subjects invested with unprecedented cultural capital, increasing political power, and an urgent mandate to break with the past and transform the sociopolitical and cultural landscape of their countries. But their respective designs harbor racial, epistemological, aesthetic, and anarchistic strains that bring into sharper relief the conflicting signals that the centenary subject had to parse with respect to race, reason, and rupture.

The Good, the Bad, & the Ugly: Pittsburgh Pirates

John McCollister, 2008-03-01 Genuine fans take the best team moments with the less than great, and know that the games that are best forgotten make the good moments truly shine. This monumental book of the Pittsburgh Pirates documents all the best moments and personalities in the history of the team, but also unmask the regrettably awful and the unflinchingly ugly. In entertaining—and unsparing—fashion, this book sparkles with Pirates highlights and lowlights, from wonderful and wacky memories to the famous and infamous. Such moments include the final homerun hits of the 1960 World Series by Hal Smith and Bill Mazeroski as well as the drug scandal of the early 1980s. Whether providing fond memories, goose bumps, or laughs, this portrait of the team is sure to appeal to the fan who has been through it all.

Chris Therien Chris Therien, Wayne Fish, 2022-10-25 A riveting memoir of hockey, family, and addiction from a veteran NHL defenseman. In Philadelphia Flyers orange and black, Chris Therien cut an imposing figure on the ice, a stalwart physical presence for over a decade in the NHL.

But by the end of his playing career, he was concealing a much greater battle with alcoholism which bled into his professional and family life. The defenseman-turned-analyst now opens up candidly and completely, reflecting on his life and career with perspective gained from over 10 years of sobriety. Therien takes readers from the blue line to the broadcast booth, sharing untold stories from life in pro hockey while laying bare his private struggle with addiction, including his ultimate low in 2006 after the death of his sister. Road to Redemption also details Therien's deep bond with the city of Philadelphia and his new path helping others find recovery from drug or alcohol abuse. Hockey fans will not want to miss this heartfelt and vulnerable tale.

Baseball's Who's Who of What Ifs Bill Deane,2021-04-06

The greatest players in baseball history are honored in the National Baseball Hall of Fame in Cooperstown, New York. Fans and sports journalists often lament about players who might have joined the immortal ranks, if only fate--circumstances, injury or even death--hadn't intervened. Presenting a who's who of what-ifs, this book focuses on 40 well known non-inductees, such as Tony Conigliaro, Denny McLain and Jose Fernandez, along with many others all but lost to history, such as Ross Barnes, Charlie Ferguson and Hal Trosky. Also included are more than 100 honorable mentions covering all of pro baseball history, from the 1860s to the 2010s.

New York Yankees Daniel Brush,David Horne,Marc Maxwell,2008-09-30 The first MLB franchise to be featured in the new, exciting, and completely original Sports by the Numbers™ series! THE TEAM: The New York Yankees is the greatest franchise in sports history with forty Hall of Fame legends, thirty-nine American League Pennants, twenty-six World Series titles, and the largest fan base in professional

sports. The Sports by the Numbers™ franchise unlocks the storied history of the "Bronx Bombers" by providing fans with a unique and captivating look at the legends who make us all dream of wearing pinstripes. THE FORMAT: The presentation created by the authors distinguishes Sports by the Numbers™ from everything else available today. New York Yankees is composed of ten chapters, each offering one hundred numbered "mini-stories"—facts, anomalies, records, coincidences, and enthralling lore and trivia. Each chapter begins with a stirring introduction highlighting the many exciting stories detailed in that chapter.

INTERACTIVE: Numerical entries tagged with SBTN-All Star and SBTN-Hall of Fame logos are scattered throughout this book. These logos indicate that more information is available at our website www.sportsbythenumbers.com. Just click on the athletic locker in the bottom right-hand corner of the homepage and access additional reading material, audio and video clips, and more. Sports by the Numbers™ books are not just for die-hard sports fans, but for every fan and sports history reader who loves sports and wants to know more about their heroes and favorite teams. They will quench any fan's thirst for entertainment and knowledge. About the Authors: Daniel J. Brush is currently working on his Ph.D. at the University of Oklahoma. David Horne is a professional educator and former high school athletic director currently pursuing his doctoral degree at the University of Oklahoma. Marc CB Maxwell is a Ph.D. student at the University of Oklahoma and is the author of *Surviving Military Separation: 365 Days* (Savas Beatie, 2007).

The Belvedere: 300 Years a Venue for Art Stella

Rollig, Christian Huemer, 2023-06-19 Anniversary publication of the Belvedere The Belvedere in Vienna epitomizes the changes that have taken place over the course of three centuries in the concept of what constitutes a museum. Originally built by Prince Eugene of Savoy to enhance his prestige as a prince, under Maria Theresa, the Upper Belvedere became one of the world's first public museums. The idea of presenting Austrian art in an international context, which in 1903 motivated the establishment of the Modern Gallery in the Lower Belvedere, remains the key objective of this world-famous cultural institution. In this critical homage, renowned authors explore enduring questions that transcend the different epochs, such as : What ordering concepts are evident in art presentation ? How contemporary were these presentations in an international context ? What kind of public were they aimed at ? Anniversary publication of the Österreichische Galerie Belvedere: a critical homage to a place of art with a diverse history spanning centuries Exhibition until January 7, 2024 With contributions from Johanna Aufreiter, Björn Blauensteiner, Brigitte Borchhardt-Birbaumer, Thomas DaCosta Kaufmann, Christiane Erharder, Nora Fischer, Anna Frasca-Rath, Antoinette Friedenthal, Martin Fritz, Thomas W. Gaehtgens, Sabine Grabner, Katinka Gratzner-Baumgärtner, Cäcilia Henrichs, Alice Hoppe-Harnoncourt, Christian Huemer, Georg Lechner, Stefan Lehner, Gernot Mayer, Monika Mayer, Sabine Plakolm-Forsthuber, Georg Plattner, Matthew Rampley, Luise Reitstätter, Stella Rollig, Claudia Slanar, Franz Smola, Nora Sternfeld, Silvia Tammaro, Wolfgang Ullrich, Leonhard Weidinger, Christian

This is likewise one of the factors by obtaining the soft documents of this **Midiocre 12** by online. multiplying polynomials* -
Mar 31 2022
web 9 2 multiplying
polynomials we have
already learned how to add
and subtract polynomials by
combining like terms clt
today we will learn how to
multiply polynomials to
multiply polynomials we
must use the distributive
property when multiplying
two binomials we use the
foil method

**adding and subtracting
polynomials math is fun** -
Jan 29 2022
web subtracting polynomials
to subtract polynomials first
reverse the sign of each
term we are subtracting in
other words turn into and
into then add as usual like
this note after subtracting
 $2xy$ from $2xy$ we ended up
with 0 so there is no need to
mention the xy term any
more
