Hacking Billable Hours Elizabeth

Miller, 2022-02-26 Billing is an essential aspect of running a successful law practice. It is how your law firm gets paid for its work, takes care of overhead bills, pays employees, and how you compensate yourself. If done incorrectly, your billing practices can threaten the very existence of your firm. Tracking and billing time to clients - whether it is hourly, flat fee, value or some hybrid thereof - is an important part of working in a law firm. Even in a contingency case you need to make sure your firm is reimbursed for costs. Too often over the years, I have heard the excuses from attorneys about why they have not done their billing. Usually, the excuse is I am too busy - I will get to it when I can. Bluntly put, that is a poor excuse. If your firm is that busy, outsource your billing. The benefits of outsourcing your billing work and getting paid regularly will far outweigh the cost of outsourcing. My attorney/clients have a less than 5% AR. This book was written to help attorneys understand that billing needs to be a regular part of the process of handling a client's case. This will result in being timely paid for your work, and as I like to put it, not get stuck holding the money bag. The billing guidelines will enable attorneys to bill their clients every 30 days, reconcile their trust accounts on a regular basis and keep the cash flow coming in on a regular basis.

HotDocs in One Hour for Lawyers Bruce W.

Miller, 2002 Written as a quick starter for legal professionals who want to automate their legal

forms using HotDocs, this book offers step-by-step explanations of how HotDocs can be used with word processing to improve the document production process. Written by Bruce W. Miller, who is an international corporate tax lawyer, the intent of the book is to help lawyers and other legal professionals increase their productivity by quickly learning the fundamentals and acquiring a working knowledge of HotDocs for Windows. The book contains interactive lessons ranging from generating a document from a HotDocs template to inserting conditional text and creating custom dialogs. The book also contains a concluding section that explores HotDoc's more advanced features, such as creating multiple-choice and computation variables.

Ten More Things You Need to Know as In-house Counsel Sterling Miller (Lawyer), 2019 Once again, noted in-house lawyer, Sterling Miller, shares his insights, anecdotes, strategies, and practical tips learned over the course of 30+ years of practicing law where over 20 of those years were spent in-house as general counsel, chief compliance officer, and corporate secretary. As author of the popular blog series, Ten Things You Need to Know as In-House Counsel, Miller provides his experience in ten-points to cover real issues facing in-house lawyers every day. His first volume brought these lessons to life in an easy reference. In this second volume, Miller draws from five years of blogs and other writings to create the ultimate bookend and indispensable resource for all in-house lawyers. You'll enjoy his clear, breezy style and practical pointers on

topics from Basic Finance for In-House Lawyers and Minimizing Risk in Commercial Contracts to Presenting Legal Issues to Senior Management and Creating a Good Contract Playbook. --

Advanced Legal Strategies for Buying and Selling Computers and Software Duncan M. Davidson, Jean Ann Davidson, 1986 This book is about advanced strategies for buying and selling computers and software. It presents legal, tax and business advice, along with strategies which have been tried and found to work. Also presented are arguments which are important to appreciate because case law has not caught up with legal practice yet. Negotiating strategies for dealing with many issues are also provided. What this book offers is something practitioners cannot get except through years of experience or the lucky association with one of the few highly-knowledgeable computer law practitioners: the tricks of the trade, the black art of practice, the underlying philosophies and attitudes that lead to successful representation of clients.

Business Law Today Roger LeRoy Miller, 2022 The Thirteenth Edition incorporates the latest legal developments, from United States Supreme Court decisions to state-level legislation. It also includes nearly thirty new and updated features and more than twenty new cases from 2019 and 2020, dozens of new Examples and Case Examples, along with an extensive array of exhibits, Focus Questions, margin definitions, and case problems.
