Teaching for Diversity and Social Justice Maurianne Adams, Lee Anne Bell, Pat Griffin,2007-05-11 For nearly a decade, Teaching for Diversity and Social Justice has been the definitive sourcebook of theoretical foundations and curricular frameworks for social justice teaching practice. This thoroughly revised second edition continues to provide teachers and facilitators with an accessible pedagogical approach to issues of oppression in classrooms. Building on the groundswell of interest in social justice education, the second edition offers coverage of current issues and controversies while preserving the hands-on format and inclusive content of the original. Teaching for Diversity and Social Justice presents a well-constructed foundation for engaging the complex and often daunting problems of discrimination and inequality in American society. This book includes a CD-ROM with extensive appendices for participant handouts and facilitator preparation.

Vines Expository Dictionary of New Testament Words Volume 2 W.E Vine, Rev Terry Kulakowski, Editor,2015-11-26 W.E Vine's greatest contribution to the Church of God was his Expository Dictionary of New Testament Words. W. E. Vine has put all English-speaking Bible students in his debt. The English reader with little or no knowledge of Greek has, of course, concordances and lexicons. These provide a skeleton: Vine clothes it with the flesh and sinews of living exposition, and in so doing makes available for the ordinary reader the expert knowledge contained in the more advanced works. In a preface to the dictionary, W. E. Vine wrote: In any work in which we engage as servants of Christ, His word ever applies, 'When ye shall have done all those things that are commanded you, say, We are unprofitable servants; we have done that which was our duty to do.

A Tale of Two Churches UnChan Jung,2021-09-07 Though a majority of commentators have admitted or naturally assumed that there were many divergences amongst the Pauline churches, many tend to concentrate on similarities more than dissimilarities (contra John M. G. Barclay; Craig de Vos). Especially, the previous scholarly treatments of divergences in the Pauline churches have shed little light on certain areas of study, in particular the early Christians' socio-economic status. The thesis, therefore, underlines the conspicuous differences between the Thessalonian and Corinthian congregations concerning their socio-economic compositions, social relationships, and further social identities, while extrapolating certain circles of causality between them through socio-economic and social-scientific criticism. This study concludes Paul's teachings of grace, community, and ethics were manifested and modified in different communities in different ways because of these different socio-economic contexts.

Divided into three parts, you will be guided through Verbal engagement strategies, such as whip around, choral responding, quick polls, and individual questioning Non-verbal engagement strategies, such as stop and jot, guided notes, response cards, and hand signals Partner and teaming strategies, such as turn & talk, cued retell, four corners, and classroom mingle Dive into these strategies and transform your classroom into a rich and interactive environment—no matter the subject, context, or age of your students.
