CIA and Vietnam Policymakers Harold P. Ford, 1999-10 Reviews the Intelligence Community's analytic performance during the chaotic Vietnam era, with particular focus on the efforts of CIA analysts. Offers a candid view of the CIA's intelligence assessments concerning Vietnam during three episodes between 1962 and 1968 and the reactions of senior U.S. policymakers to those assessments. Shows that CIA analysts had a firm grasp of the situation in Vietnam and expressed doubts that heightened U.S. military pressure alone could win the war. Contrary to the opinions voiced by Robert McNamara and others, this volume illustrates the expertise CIA officers brought to the Vietnam question. Photos.

Fascism, Anti-Fascism and Britain in the 1940s D. Renton, 2016-01-20 Despite the Second World War and the Holocaust, postwar Britain was not immune to fascism. By 1948, a large and confident fascist movement had been established, with a strong network of local organisers and public speakers, and an audience of thousands. However, within two years the fascists had collapsed under the pressure of a successful anti-fascist campaign. This book explains how it was that fascism could grow so fast, and how it then went into decline.

Godliness and Governance in Tudor Colchester Laquita M. Higgs,1998 The Tudor period was a time of extremes when Henry VIII beheaded wives and Queen Mary executed non-Catholics. With the ascension of Protestant Elizabeth I to the throne, the borough of Colchester breathed relief and set about to establish a Godly society. Historian Laquita M. Higgs shows that Colchester provided one of the earliest illustrations of both the workings and tensions of Puritan town governance.
