Why? Well for starters, it's a disgusting job, but I think you'll agree that cleaning a bathroom is a task that is not to be taken too lightly, it can cause sickness or worse if you just let it be. It's a big job most of the time and often we don't know where to start, a lot of the time and we tend to leave it until it is so filthy that we can no longer stand it. But I think we can all agree that there is nothing more disgusting than going to someone's house and using a filthy bathroom. I once went to a friend's house and had to use their bathroom. The stench in that room nearly killed me off! So I decided I would rather go in my pants than use that bathroom (I didn't if you wanted to know. We left for home before I went to those drastic measures). So even if it's just for the neighbors we should clean it. Though it doesn't excuse the fact that it is a big job every single time you clean it. Well, I'm here to tell you that even deep cleaning it can be less of a big deal when you know how to go about it. All it takes is a plan, some rags, cleaners and some desire.

The Cleaner Beth Wakefield,2010-05-26 The Cleaner's only crime was to fall in love, and of course it had to be with the spider Kings favourite daughter. In the hope that he would get killed, the King set The Cleaner three tasks. The first was to get the right toe nail off a giant. The second a moonbeam. And the third the end of a lions tail. He successfully completed all the tasks, with the help of his friend Earwig. They both nearly got killed many times. But in the end the king agreed to let them marry, with fatal consequences.

The Language Police Diane Ravitch,2007-12-18 If you're an actress or a coed just trying to do a man-size job, a yes-man who turns a deaf ear to some sob sister, an heiress aboard her yacht, or a bookworm enjoying a boy's night out, Diane Ravitch's internationally acclaimed The Language Police has bad news for you: Erase those words from your vocabulary! Textbook publishers and state education agencies have sought to root out racist, sexist, and elitist language in classroom and library materials. But according to Diane Ravitch, a leading historian of education, what began with the best of intentions has veered toward bizarre extremes. At a time when we celebrate and encourage diversity, young readers are fed bowdlerized texts, devoid of the references that give these works their meaning and vitality. With forceful arguments and sensible solutions for rescuing American education from the pressure groups that have made classrooms bland and uninspiring, The Language Police offers a powerful corrective to a cultural scandal.
