Your Money & the Casino Missouri Rick, 2013-04-18 Missouri Rick says - Don't lose your shirt! Make the casino win your money - don't mindlessly hand it over to them! This book will show you: 1 - How the house advantage eats away at your money, and what you can do about it. 2 - How the odds of winning are sometimes not as good as they appear. 3 - The best and worst games to play in the casino, and why Blackjack and Craps can be both. 4 - Tips on Blackjack, Craps, Baccarat, Pai Gow, Roulette, Video Poker and Slot Machines. 5 - What are the sucker bets to avoid at all costs. 6 - How to give Tips, how to get Comps, and staying safe in the casino. On occasion some people will win at the casinos based on pure luck and chance, which is gambling. Others will win (and win more often) based on playing the best games in the best possible way - dramatically tilting the odds in their favor, which is the beginning of advantage play. This book will better explain that difference to you, and hopefully help you decide to become more of an advantage player and less of a gambler. But knowing how to win doesn't just happen, you have to learn what causes you to lose and how the casino really gets your money using the House Advantage, and how to play against the lowest House Advantage. Understanding how the casinos earn their money (by taking your money) is fundamental to understanding the relationship between your bankroll and the casino's goals. If you can look at your wins and losses in the same way the casino does, then you are on your way to knowing what games to play and how to play them in order to allow your money to last as long as possible. And you'll give yourself a decent chance of leaving the casino as a winner. Included are chapters on the House Advantage, Odds & Probabilities, The Hold, Bankroll Size and Credit Play, Giving Tips, Getting

Comps, Safety, Problem Gambling, Game Tips, Taxes, and an extensive glossary of over 550 gaming terms.

Casino Confidential Anonymous, 2007-12-01 In *Casino Confidential*, a veteran pit boss and dealer (who must remain anonymous) takes readers behind the scenes to show where casinos are most vulnerable—and which bets are simply a waste of money. Through chapters on blackjack, Texas hold 'em, roulette, craps, baccarat, slot machines, and more, readers will learn: • Basic strategy for the most popular casino games • Five keys to successful gambling • Tips for identifying and maintaining positive streaks • Advice on money and bankroll management . . . and much more. Along the way, Anonymous shares examples and anecdotes gleaned from a career working as a pit boss and keeping high rollers under his thumb. You've been told again and again that the odds are stacked against players—but that doesn't stop thousands of gamblers from winning big every day. Discover what they all have in common—and what the house doesn't want you to know—in *Casino Confidential*.

Casino Financial Controls Steve Durham, Kathryn Hashimoto, 2010 Every manager and supervisor must be financially literate in order to advance their career in casino management. Managing expenses, a key aspect of performance reviews for managers, relies heavily on the ability to read financial statements. Since there is cash and cash equivalents moving around the casino facility like in no other business, the need for financial literacy is critical in the casino industry. Money exchanges hands at gaming tables and at the cage. Employees assume responsibility for banks and chip racks worth thousands of dollars. Extending credit and issuing comps have a material effect on the profitability of casinos. Money is everywhere and controls must

be in place to avoid theft and embezzlement. Incredibly easy-to-understand, Casino Financial Controls: Tracking the Flow of Money gives solid explanations of accounting principles as well as examples of accounting entries. Examples of procedural controls and the reasons for each control are also included and explained in pragmatic terms. The criteria for extending credit or issuing comps are used to avoid serious damage to the bottom line. In addition, pictures and illustrations are included to help the reader to better visualize the reality behind the words.

Craps Henry J. Tamburin,1995-04 This book is written in an easy-to-understand style for the novice casino player that wants to learn how to play this exciting casino game. The book contains: The basic playing rules, gaming etiquette, and the mechanics of how the game is played in casinos throughout the US; A thorough explanation of all the different bets on the layout, including how to make each bet, how it wins and loses, and what the casinos edge; Which are the best bets on the craps tables; An explanation of the author's successful Increased Odds playing system that takes advantage of the high multiple odds (up to 100 times) that casinos are now offering astute players; New versions of craps that are appearing in casinos; And last but not least, after you read this book you will have the discipline to 'take the money and run'.

Winning Casino Craps Edwin Silberstang,2007 The second edition of Winning Casino Craps has been updated to cover changes in how the game is played and how casinos treat their players. This entertaining and informative guide includes: • Instructions for playing craps, including illustrative examples from actual games • Explanations for the basic betting combinations • Dos and don'ts for making bets • Aggressive winning strategies

The Clockwork Betting System Stephen Tabone, 2021-07-06 On the face of it choosing what side to bet on, when to bet and how much to wager when you do bet might seem like an easy task. However when it comes to generating profits like a pro these three aspects of gambling on even money options can turn into a complex and at times brutal experience rendering strong minds powerless. The house edge will be

the least of your worries. The dance of the sides will form into four different kinds of trends. By the end of a session you will feel like you have played space invaders at a fast level yet all along the outside chances on roulette, Low/High, Even/Odd and Red/Black, or Player/Banker on baccarat and other even money casino games only have two sides. The system of this book adds on a set of rules to the workings of the two sides and the outcomes they form so as to closely mimic those forming patterns. Tabone's Clockwork Betting System is equivalent to an AI add on that makes all of the predictive decisions for you thus removing the confusing and often emotional decision making process so you can enjoy the game like a sophisticated bettor.

Attack the Casino's Vulnerable Games John T. Gollehon, 2012 This new edition is completely redesigned with new charts and the latest winning information. Readers get rock-solid advice on how to maximize their chances of winning at the games the casinos are most vulnerable to. In blackjack, players learn Gollehon's patented assault technique; in video poker, how to increase royals by 20%; in hold'em, the solid strategies for average players to win money; in craps, the money bets and how to squeeze the most profit from them; and in games prone to betting systems, the complete Power Progressive strategy.

Casino Gambling the Smart Way Andrew N. S. Glazer, 1999 How to Make More Money and Have More Fun in Any Game You Choose.

Winning Gambling Strategies Philip Nehrt, 2012 Dedicated research on other systems and personal experimentation has turned a handful of notes into a comprehensive collection of potentially winning strategies. First and foremost, it is important to understanding that there is no winning system that can beat the mathematical odds that the casino has against a player. However, this book teaches you strategies to

follow while in the casino, giving you a large amount of information to help you walk out a winner. These tips can benefit players of all experience levels. You will learn to think how the casino thinks, and avoid the traps they set for every player. Inside you will find the general rules for each of the main games, tips on how to approach a table, what to say to the dealers, how to handle your money, and especially a broad range of specific strategies, or systems for each of the games covered. This book makes the game and strategy information easy to understand and follow, as well as fun and enjoyable to read, with a bit of irreverent humor sprinkled throughout.
