South of Pico Kellie Jones,2017-04-07 Named a Best Art Book of 2017 by the New York Times and Artforum In South of Pico Kellie Jones explores how the artists in Los Angeles's black communities during the 1960s and 1970s created a vibrant, productive, and engaged activist arts scene in the face of structural racism. Emphasizing the importance of African American migration, as well as L.A.'s housing and employment politics, Jones shows how the work of black Angeleno artists such as Betye Saar, Charles White, Noah Purifoy, and Senga Nengudi spoke to the dislocation of migration, L.A.'s urban renewal, and restrictions on black mobility. Jones characterizes their works as modern migration narratives that look to the past to consider real and imagined futures. She also attends to these artists' relationships with gallery and museum culture and the establishment of black-owned arts spaces. With South of Pico, Jones expands the understanding of the histories of black arts and creativity in Los Angeles and beyond.

GIs and Germans Petra Goedde,Associate Professor of History Petra Goedde,2003-01-01 Goedde finds that as American soldiers fraternized with German civilians, particularly as they formed sexual relationships with women, they developed a feminized image of Germany that contrasted sharply with their wartime image of the aggressive Nazi storm trooper. A perception of German victimhood emerged that was fostered by the German population and adopted by Americans.

Seasonal Variations of the Eskimo Marcel Mauss,2013-10-08 Seasonal Variations of the Eskimo is one of the first books in anthropology to adopt a sociological approach to the analysis of a single society. Mauss links elements of anthropology and human geography, arguing that geographical factors should be considered in relation to a social context in all its complexity. The work is an illuminating source on the Eskimo and a proto-type of what an anthropologist should do with ethnographic data and exerted considerable influence on the development of social anthropology. Ten Stupid Things Couples Do to Mess Up Their Relationships Laura Schlessinger,2001-12-24 Have you ever withheld information from your spouse or partner for fear of rejection? Do you feel that your own needs come before your relationship? Do you continue to cling to past relationships, even at the expense of your current one? Do you put your work first, even if it means you never see your family? Are you in a destructive relationship? If you answered yes to any of these questions, then Dr. Laura has some hard truths for you to face. Dr. Laura Schlessinger is an expert on the stupid things men and women do to sabotage themselves and their happiness. In her earlier bestsellers, Ten Stupid Things Women Do to Mess Up Their Lives and Ten Stupid Things Men Do to Mess Up Their Lives, she urged her readers to take responsibility for their actions and to respect themselves and the people in their lives. Now the popular radio talk-show host tackles another difficult, complicated issue: the ways in which women and men hurt themselves and one another in their romantic relationships. Using real-life situations from her radio call-in show and from listeners' letters, Dr. Laura offers firm yet compassionate advice on how to find greater happiness in life and in love. She urges couples to set their priorities straight, learn the difference between privacy and secrecy, stop making stupid excuses for their mistakes, and face their responsibilities to each other and to their families. Too often individuals in relationships ask only what the relationship can do for them, not what they can do for the relationship. Too many people are jumping into intimate relationships before taking the time to get to know each other. In Ten Stupid Things Couples Do to Mess Up Their Relationships, Dr. Laura calls for a return to traditional courtship. Courtship allows couples and their families to get acquainted with one another over a longer period of time and provides structure and guidelines for that important process. She asks couples to take a long, hard look at the recurring problems in their marriages -- both small and large -- and doesn't hesitate to tell them what they are doing wrong and how they can fix them. This is an invaluable guide for all married couples -- newlyweds and grandparents alike -- and for single people who are struggling to find the right mate or to escape a bad relationship. Acknowledging your stupid mistakes can be difficult, but with the help of this book you will learn how to correct them and how to find fulfillment, joy, and loving companionship in your most important relationship.

Of Men and Their Mothers Mameve Medwed,2009-03-17 All men have mothers . . . It's a truth that the newly unhyphenated Maisie Grey has learned the hard way. After getting rid of her mama's-boy husband, she happily settles down with her teenage son, Tommy. But she's still stuck with the hovering presence of her impossible mother-in-law, Tommy's grandmother, who refuses to exit the family stage gracefully. Trying to keep it together with her own business and a new relationship with a man who still lives in—where else but?—his mother's house, Maisie struggles to

learn from the MIL-from-hell. She vows that when Tommy brings someone home, she'll be loving, empathetic, and supportive. But then along comes completely unsuitable September Silva—with her too-short skirts, black nail polish, and stay-out-all-night attitude—who is forcing Maisie to take a flinty, clear-eyed new look at what it means to be a mother.

Nemasket River Herring Michael J. Maddigan,2014 A history of how herring shaped the culture and society of towns along the Nemasket River in Massachusetts--

Making a Killing Dennis Phillips,Sabrina Phillips,2014-08-19 On the morning of December 14, 2012 the shocking news of an active shooter situation at an elementary school in the town of Sandy Hook, Connecticut reached the rest of the nation. The depressing news, the very inkling of which seemed too horrible to even imagine, would not be the only surprise for waiting eyes that morning. All the information following in the harrowing wake of one of the largest school shootings in the nation's history seemed to be, for a time, inconsequential but it wouldn't be long until the sharks would smell the proverbial bait in the water and begin to circle. Not just a month after this tragedy happened there were lobbyists and law makers chomping at the bit to pass sweeping legislation and add new preventative measures without even knowing what might have precipitated such a deranged set of actions as the ones the killer is proposed to have carried out that morning. Without properly understanding the event itself, logically there can be no clear understanding of its causational factors either. With the alleged perpetrator dead there would be no trial and no cross examination of the facts as they were presented. Dennis and Sabrina Phillips combed through story after story trying to find out just what exactly happened that fateful day at Sandy Hook Elementary school and, most importantly, why did it happen?Just who exactly was Adam Lanza and what precipitated the events of that day? Could there ever be a motive for something like this? The Phillips team took on the unanswered questions looming over the case only to venture down an even deeper rabbit hole complete with all the page turning qualities of a spy thriller. With nearly 15 months of research and an unbiased investigation, the book is full of new and shocking discoveries that is sure to captivate skeptics and believers alike. Everything you ever wanted to know about the Sandy Hook school shooting is presented in 'Making a Killing: The Unofficial Story of the Sandy Hook Massacre.'
