*The Monkey Goes Bananas* C. P. Bloom,2014-05-06 It's time to go bananas! A determined monkey spies a banana tree across the water. What happens next is an inventive romp, as the resourceful monkey attempts to grab a snack, with some hilarious consequences. Full of energy, surprise, and strong visual storytelling, this practically wordless picture book will entice even the most reluctant reader. The Monkey Goes Bananas is fast-paced, delicious fun that's sure to leave young readers hungry for another read. Praise for The Monkey Goes Bananas This predominantly wordless picture book delivers a substantial helping of slapstick. --Kirkus Reviews There is a slapstick element to the humor (the monkey is flung around with some regularity), which will resonate with readers as they turn each page to see what the monkey will try next. Throw in an opportunistic shark with an empty belly, and the pieces are in place for a laugh-out-loud story that should earn plenty of repeat readings. --Booklist Kids will jump right into this rip-roaring flip book-paced tale. --School Library Journal

*My Chimp Friday* Hester Mundis,2011-10-04 Rachel can't imagine why Bucky Greene, a scientist friend of her father's who's developing genetically engineered bananas, would show up at their New York City apartment in the middle of the night to leave a baby chimpanzee with them for a week -- or why they absolutely, positively can't tell anyone about it. What could possibly be top secret about an adorable chimp like Friday? Rachel hasn't a clue, but when Friday turns out to be really, inexplicably intelligent (Rubik's Cube's a snap) -- and Bucky Greene turns up really, inexplicably dead (he slipped on his own banana peel) -- she suspects serious monkey business afoot. And when chimp-nappers step into the picture, getting to the bottom of Friday's top secret before it's too late becomes a delightfully madcap mystery -- with Rachel in a riotous, nonstop race for survival of the fittest. Written by four-time Emmy-nominated writer and acclaimed humorist Hester Mundis, who raised a chimp of her own in her Manhattan apartment, this is a wonderfully funny -- and heartfelt -- novel about endangered species, corporate espionage, and going bananas in more ways than one.
