The Opposite Field Jesse Katz, 2010-07-13 Here is one of the most remarkable, ambitious, and utterly original memoirs of this generation, a story of the losing and finding of self, of sex and love and fatherhood and the joy of language, of death and failure and heartbreak, of Los Angeles and Portland and Nicaragua and Mexico, and the shifting sands of place and meaning that can make up a culture, or a community, or a home. Faced with the collapse of his son's Little League program-consisting mostly of Latino kids in the largely Asian suburb of Monterey Park, California-Jesse Katz finds himself thrust into the role of baseball commissioner for La Loma Park. Under its lights the yearnings and conflicts of a complex immigrant community are played out amid surprising moments of grace. Each day-and night-becomes a test of Jesse's judgment and adaptability, and of his capacity to make this peculiar pocket of L.A.'s Eastside his home. While Jesse soothes egos, brokers disputes, chases down delinquent coaches and missing equipment, and applies popsicles to bruises, he forms unlikely alliances, commits unanticipated errors, and receives the gift of unexpected wisdom. But there's no less drama in Jesse's complicated personal life as he grapples with a stepson who seems destined for trouble, comforts his mother (a legendary Oregon politician) when she's stricken with cancer, and receives hard lessons in finding-and holding on to-the love of a good woman. Through it all, Jesse's emotional mainstay is his beloved son, Max, who quietly bests his father's brightest hopes. Over nine springs and summers with Max at La Loma, Jesse learns nothing less than what it takes to be a father, a son, a husband, a coach, and, ultimately, a man. This is an epic book, a funny book, a sexy book, a rapturously evocative and achingly poignant book. Above all it is true, in that it happened, but also in a way that transcends mere facts and cuts to the quick of what it means to be alive.

The Jan & Dean Record Mark A. Moore, 2016-03-14 Jan & Dean were among the most successful artists of the late 1950s through the mid-1960s, with hits including Baby Talk, Surf City, Dead Man's Curve and The Little Old Lady (From Pasadena). Slapstick humor and offbeat personas were a big part of their shtick, but Jan Berry was serious when it came to the studio. This book chronicles Jan's career as a songwriter and arranger--and his tenure as producer for Jan & Dean and other acts--with day-by-day entries detailing recording sessions, single and album releases, concerts and appearances, film and television projects, behind-the-scenes business and legal matters, chart positions and more. Extensive commentary from Berry's family, friends and colleagues is included. Studio invoices, contract details, tape box notes, copyright information and other particulars shed light on how music was made in the Hollywood studio system of the 1960s.

All the Leaves Are Brown Scott G. Shea, 2023-06-01 Few songs have captured the contradictions and ambiguities of the 1960s as memorably as "California Dreamin'," the iconic folk music single that catapulted the Mamas & the Papas into rock and roll history. In *All the Leaves Are Brown*, author Scott Shea details how John Phillips, Denny Doherty, Michelle Phillips, and "Mama Cass" Elliot became standard-bearers for California counterculture, following their transformation from folk music wannabes to rock sensations and chronicling the tumultuous events that followed their unexpected success. Shea gives a definitive account of the group's short time together, from their hitmaking approach with legendary producer Lou Adler to John's unique songwriting to tours and friendships with other musicians riding the folk-rock wave. He explores the emotional vicissitudes that came with being in the Mamas & the Papas, from Cass's unrequited love for Denny, his affair with Michelle, and the ebb and flow of dysfunction in John and Michelle's marriage. And he explains how it all came to a crashing end with John's brainchild, the Monterey Pop Festival, which should have launched the group even further into the musical stratosphere, but only served to be their undoing. Drawing on new interviews with former bandmates, session

musicians, family members, and many others, *All the Leaves Are Brown* is a layered, revelatory tale of overnight stardom and its many pitfalls.

Our Revolution Bernie Sanders, 2016-11-15 The New York Times bestseller! When Bernie Sanders began his race for the presidency, it was considered by the political establishment and the media to be a “fringe” campaign, something not to be taken seriously. After all, he was just an Independent senator from a small state with little name recognition. His campaign had no money, no political organization, and it was taking on the entire Democratic Party establishment. By the time Sanders's campaign came to a close, however, it was clear that the pundits had gotten it wrong. Bernie had run one of the most consequential campaigns in the modern history of the country. He had received more than 13 million votes in primaries and caucuses throughout the country, won twenty-two states, and more than 1.4 million people had attended his public meetings. Most important, he showed that the American people were prepared to take on the greed and irresponsibility of corporate America and the 1 percent. In *Our Revolution*, Sanders shares his personal experiences from the campaign trail, recounting the details of his historic primary fight and the people who made it possible. And for the millions looking to continue the political revolution, he outlines a progressive economic, environmental, racial, and social justice agenda that will create jobs, raise wages, protect the environment, and provide health care for all—and ultimately transform our country and our world for the better. For him, the political revolution has just started. The campaign may be over, but the struggle goes on.
