With a gentle focus on the importance of family, Mooncakes is both a perfect book for parent and child to read together, and an ideal choice for schools and libraries.

Mooncakes and Milk Bread for Newbies Dr Smith,2022-08-21 Mooncake is the indispensable Chinese dessert served during the mid-autumn festival which falls on the 15th of August of the Chinese lunar calendar. This is the perfect time for me to share with you the mooncake recipe that I have just made. The style and purpose of this festive dessert have evolved considerably in the modern day. Various cake shops and restaurants produce mooncakes with different varieties and designs, packed in deluxe boxes with elegant decoration. Mooncakes are offered between friends or on family gatherings while celebrating the festival. The Mid-Autumn Festival is widely regarded as one of the four most important Chinese festivals. There are numerous varieties of mooncakes consumed within China and outside of China in overseas Chinese communities. The Cantonese mooncake is the most famous variety. A typical Cantonese mooncake is a round pastry, measuring about 10 cm (4 in) in diameter and 3-4 cm (1+1/4-1+1/2 in) thick. The Cantonese mooncake consists of a rich thick filling usually made from red bean paste or lotus seed paste is surrounded by a thin, 2-3 mm (approximately 1/8 of an inch) crust and may contain yolks from salted duck eggs. Mooncakes are usually eaten in small wedges, accompanied by tea. Today, it is customary for business people and families to present them to their clients or relatives as presents, [1] helping to fuel a demand for high-end mooncakes. Just as how the Mid-Autumn Festival is celebrated in various Asian localities due to the presence of Chinese communities throughout the region, [2] mooncakes are enjoyed in other parts of Asia too. Mooncakes have also appeared in western countries as a form of delicacy. Most mooncakes consist of a thick, tender pastry skin enveloping a sweet, dense filling, and may contain one or more whole salted egg yolks in their center that symbolizes the full moon. Very rarely, mooncakes are also served steamed or fried. Traditional mooncakes have an imprint on top consisting of the Chinese characters for longevity or harmony, as well as the name of the bakery and the filling inside. Imprints of the Moon, Lady Chang'e on the Moon, flowers, vines, or a rabbit (symbol of the Moon) may surround the characters for additional decoration.

A Baker's Year Tara Jensen,2018-02-13 A year in the life of Instagram bread-baking sensation Tara Jensen as she teaches readers how to bake bread and pies, build the perfect fire to cook with, and live a simple, satisfying life. Why do so many people make pilgrimages to Tara Jensen's North Carolina Smoke Signals Bakery? Why do over a 100,000 people follow her Instagram feed @bakerhands? It's because Tara bakes the most exquisite bread in the US, using a wood-fired oven that she tends with her own two hands. It could also be to learn how she makes her bubbly, deep-dish fruit pies or to see the crisp pizzas that are sometimes covered with fresh flowers. It could be something deeper: Tara Jensen has learned to live a simple life, close to the land that feeds her oven. In her first book, she shares her philosophy of simple living and her trove of recipes with others. A Baker's Year takes readers month-by-month through the seasons at Smoke Signals for porridge and waffles in winter, crusty bread in spring, pies and pizza in the summer, and celebration cakes for end-of-the-year holidays. Along the way, Tara writes about how to live in a more peaceful world, shares stories from her own life, mourns romances lost, and celebrates the promise of a new relationship. Illustrated throughout with Tara's photographs and drawings, A Baker's Year is a true American original destined to be a classic of cookbook shelves.

Chinese Food and Foodways in Southeast Asia and Beyond Tan Chee-Beng,2012-08-01 Chinese cuisine has had a deep impact on culinary traditions in Southeast Asia, where the lack of certain ingredients and access to new ingredients along with the culinary knowledge of local people led Chinese migrants to modify traditional dishes and to invent new foods. This process brought the cuisine of southern China, considered by some writers to be the finest in the world, into contact with a wide range of local and global cuisines and ingredients. When Chinese from Southeast Asia moved on to other parts of the world, they brought these variants of Chinese food with them, completing a cycle of culinary reproduction, localization and invention, and globalization. The process does not end there, for the new context offers yet another set of ingredients and culinary traditions, and the embedding and fusing of foods continues, creating additional hybrid forms. Written by scholars whose deep familiarity with Chinese cuisine is both personal and academic, Chinese Food and Foodways in Southeast Asia and Beyond is a book that anyone who has been fortunate enough to encounter Southeast Asian food will savour, and it provides a window on this world for those who have yet to discover it.

Early Childhood Pedagogical Play Avis Ridgway,Gloria Quiñones,Liang Li,2015-04-20 This book re-theorizes the relationship between pedagogy and play. The authors suggest that pedagogical play is characterized by conceptual reciprocity (a pedagogical approach for supporting children's academic learning through joint play) and agentic imagination (a concept that when present in play, affords the child's motives and imagination a critical role in learning and development). These new concepts are brought to life using a cultural-historical approach to the analysis of play, supported in each chapter by visual narratives used as a research method for re-theorising play as a pedagogical activity. Whenever a cultural-historical approach is applied to understanding pedagogical play, the whole context of the playful event is always included. Further, the child's cultural environment is taken into account in order to better understand their play. Children from different countries play differently for many reasons, which may include their resources, local cultural beliefs about play and specific pedagogical practices. The inclusion and acknowledgement of social, cultural and historical contexts gives credence and value to understanding play from both child and adult perspectives, which the authors believe is important for the child's learning and development. As such, the relationships that children and adults have with human and non-human others, as well as any connections with artefacts and the material environment, are included in all considerations of pedagogical play.
