Insignificant Events in the Life of a Cactus Dusti Bowling,2017-09-05 “Aven is a perky, hilarious, and inspiring protagonist whose attitude and humor will linger even after the last page has turned.” —School Library Journal (Starred review) Aven Green loves to tell people that she lost her arms in an alligator wrestling match, or a wildfire in Tanzania, but the truth is she was born without them. And when her parents take a job running Stagecoach Pass, a rundown western theme park in Arizona, Aven moves with them across the country knowing that she’ll have to answer the question over and over again. Her new life takes an unexpected turn when she bonds with Connor, a classmate who also feels isolated because of his own disability, and they discover a room at Stagecoach Pass that holds bigger

secrets than Aven ever could have imagined. It's hard to solve a mystery, help a friend, and face your worst fears. But Aven's about to discover she can do it all . . . even without arms. Blown to Bits Harold Abelson, Ken Ledeen, Harry R. Lewis, 2008 'Blown to Bits' is about how the digital explosion is changing everything. The text explains the technology, why it creates so many surprises and why things often don't work the way we expect them to. It is also about things the information explosion is destroying: old assumptions about who is really in control of our lives.

The Book of the Great Queen Morpheus Ravenna, 2015-05-01 The Book of the Great Queen is the culmination of nearly 20 years of the author's study and practice as a dedicant of the Morrigan. The intention for the book is to provide a comprehensive and in-depth look at the Morrigan as we know her through textual, historical, and archaeological sources, her role and cult of worship in ancient Celtic religion, and to provide guidance for the modern devotional practitioner drawing on these traditions. Cover art and illustrations are by Valerie Herron of Mystic Media. Production of the book has been crowd-funded through a very successful IndieGoGo campaign in 2014, nearly tripling the original goal.

Ancient Lamps in the J. Paul Getty Museum J. Paul Getty Museum, Jean Bussière, Birgitta Wohl, 2017-09-30 In the collection of the J. Paul Getty Museum are more than six hundred ancient lamps that span the sixth century BCE to the seventh century CE, most from the Roman Imperial period and largely created in Asia Minor or North Africa. These lamps have much to reveal about life, religion, pottery, and trade in the ancient Graeco-Roman world. Most of the Museum's lamps have never before been published,

and this extensive typological catalogue will thus be an invaluable scholarly resource for art historians, archaeologists, and those interested in the ancient world. Reflecting the Getty's commitment to open content, Ancient Lamps in the J. Paul Getty Museum is available online at <http://www.getty.edu/publications/ancientlamps> and may be downloaded free of charge in multiple formats, including PDF, MOBI/Kindle, and EPUB, and features zoomable images and multiple views of every lamp, an interactive map drawn from the Ancient World Mapping Center, and bibliographic references. For readers who wish to have a bound reference copy, a paperback edition has been made available for sale.

Brown Bag Lessons Don Alexander, Eric R Jaren, 2012 Brown Bag Lessons, The Magic of Bullet Writing centers on effective bullet writing and guarantees immediate improvement. Skillful writing doesn't have to be difficult. No other book approaches writing the way this book does, and no other book teaches these techniques. After reading this book, you will fully understand how to write strong bullets and why every word matters. In 2003 the author created a seminar to teach a fair and consistent process to evaluate recognition packages. This seminar transformed an entire organization within six months. Since then, the techniques have decisively transformed the writing, recognition, and promotions of every organization applying them. The practices in this book continue to positively impact the Air Force and sister services

through professional military education. In addition, the concepts have helped transitioning service members and college students better communicate acquired capabilities and competencies on their résumés. Read on to discover the magic and open your eyes to a brand new way to look at writing. The US Air Force promotion system emphasizes the importance of documenting your very best accomplishments. Under this system, promotion comes from the most recent performance reports, so Airmen must communicate the best accomplishments and not just words that fill the white space. This Magic of Bullet Writing will ensure you know how to articulate not just what you are doing but also convey your strongest competencies and capabilities so the promotion board can fully assess your readiness for promotion. Training materials that correspond to the lessons in this book are available for free download at <http://www.brownbaglessons.com>. Are you ready for the magic?

XSS Attacks Seth Fogie,Jeremiah Grossman,Robert Hansen,Anton Rager,Petko D. Petkov,2011-04-18 A cross site scripting attack is a very specific type of attack on a web application. It is used by hackers to mimic real sites and fool people into providing personal data. XSS Attacks starts by defining the terms and laying out the ground work. It assumes that the reader is familiar with basic web programming (HTML) and JavaScript. First it discusses the concepts, methodology, and technology that makes XSS a valid concern. It then moves into the various types of XSS attacks, how they are implemented, used, and abused. After XSS is thoroughly explored, the next part provides examples of XSS malware and demonstrates real cases where XSS is a dangerous risk that exposes internet users to remote access, sensitive data theft, and monetary losses. Finally, the book closes by examining the ways developers can avoid XSS vulnerabilities in their web applications, and how users can avoid

becoming a victim. The audience is web developers, security practitioners, and managers. XSS Vulnerabilities exist in 8 out of 10 Web sites The authors of this book are the undisputed industry leading authorities Contains independent, bleeding edge research, code listings and exploits that can not be found anywhere else

The Book of the Duchess Geoffrey Chaucer,2022-08-10 The Book of the Duchess is a surreal poem that was presumably written as an elegy for Blanche, Duchess of Lancaster's (the wife of Geoffrey Chaucer's patron, the royal Duke of Lancaster, John of Gaunt) death in 1368 or 1369. The poem was written a few years after the event and is widely regarded as flattering to both the Duke and the Duchess. It has 1334 lines and is written in octosyllabic rhyming couplets.

Witches of America Alex Mar,2015-10-20 Witches are gathering. When most people hear the word witches, they think of horror films and Halloween, but to the nearly one million Americans who practice Paganism today, witchcraft is a nature-worshipping, polytheistic, and very real religion. So Alex Mar discovers when she sets out to film a documentary and finds herself drawn deep into the world of present-day magic. *Witches of America* follows Mar on her immersive five-year trip into the occult, charting modern Paganism from its roots in 1950s England to its current American mecca in the San Francisco Bay Area; from

a gathering of more than a thousand witches in the Illinois woods to the New Orleans branch of one of the world's most influential magical societies. Along the way she takes part in dozens of rituals and becomes involved with a wild array of characters: a government employee who founds a California priesthood dedicated to a Celtic goddess of war; American disciples of Aleister Crowley, whose elaborate ceremonies turn the Catholic mass on its head; second-wave feminist Wiccans who practice a radical separatist witchcraft; a growing mystery cult whose initiates trace their rites back to a blind shaman in rural Oregon. This sprawling magical community compels Mar to confront what she believes is possible-or hopes might be. With keen intelligence and wit, Mar illuminates the world of witchcraft while grappling in fresh and unexpected ways with the question underlying every faith: Why do we choose to believe in anything at all? Whether evangelical Christian, Pagan priestess, or atheist, each of us craves a system of meaning to give structure to our lives. Sometimes we just find it in unexpected places.

Ctrl Alt Delete Mitch Joel, 2013-05-21 The DNA of business has changed. Forever. You can blame technology, smartphones, social media, online shopping and everything else, but nothing changes this reality: we are in a moment of business purgatory. So, what are you going to do about it? Mitch Joel, one of the world's leading experts in new media, warns that the time has come to CTRL ALT DELETE. To reboot and to start re-building your business model. If you don't, Joel warns, not only will your company begin to slide backwards, but you may find yourself unemployable within five years. That's a very strong warning, but in his new book, CTRL ALT DELETE, Joel explains the convergence of five key movements that have changed business forever. The movements have already taken place, but few businesses have acted on them. He outlines what you need to know to adapt right now. He also points to the seven triggers that will help you take advantage of these game-changing factors to keep you

employable as this new world of business unfolds. Along the way, Joel introduces his novel concept of squiggle which explains how you can learn to adapt your personal approach to your career, as new technology becomes the norm. In short, this is not a book about change management but rather a book about changing both you AND your business model.

The Morrigan Courtney Weber, 2019-11 An illuminating exploration of Ireland's ancient dark goddess - the beloved phantom queen of the Celtic world - with practices for modern-day devotees. The Morrigan is Pagan Ireland's dark goddess. Her name is translated as phantom queen or great queen. The Morrigan is a goddess of war and sexuality, witchcraft and death, protection and retribution. This goddess of justice is classified among the Sidhe - Ireland's fairies - but she may have a mermaid incarnation, as well. The Morrigan dates back at least to Ireland's Iron Age, but she is as modern as she is ancient - with the possible exception of the witch goddess Hekate, the Morrigan is currently the most popular

Pagan goddess. Author Courtney Weber provides a guide to this complex, mysterious goddess that encompasses practical veneration with modern devotionals, entwined with traditional lore and Irish-Celtic history.
