With a Little Help Cory Doctorow,2015-07-16 With a Little Help is my first serious experiment in self-publishing. I've published many novels, short story collections, books of essays and so on with publishers, and it's all been very good and satisfying and educational and so on, but it seems like it's time to try something new. With a Little Help consists of 12 stories, all reprints except for Epoch (commissioned by Mark Shuttleworth).

The Comic History of England Gilbert Abbott À Beckett,1894 A'Beckett and Leech were original contributors to Punch, or the London Charivari magazine, established 1841. It became the famous Punch magazine and remained in publication to 2002. A'Beckett also wrote editorials for a similar concept magazine, Figaro in London that ceased publication in 1839. In commencing this work, the object of the Author was, as he stated in the Prospectus, to blend amusement with instruction, by serving up, in as palatable a shape as he could, the facts of English History. He pledged himself not to sacrifice the substance to the seasoning; and though he has certainly been a little free in the use of his sauce, he hopes that he has not produced a mere hash on the present occasion. His object has been to furnish something which may be allowed to take its place as a standing at the library table, and which, though light, may not be found devoid of nutriment.--Preface.

The Amenities of Book-collecting and Kindred Affections Alfred Edward Newton,1918 This book is a unique compilation of literary history, autobiography, travel writing, and, of course, the history of book collecting. Through these essays and reflections, Newton presents his own travels, collecting goals and expeditions, relationships, and interests as an introduction, for the layman and budding collector alike, to the surprisingly wide world and art of serious book collecting.--Provided by publisher.

Reading Fiction in Antebellum America James L. Machor,2011-04-01 James L. Machor offers a sweeping exploration of how American fiction was received in both public and private spheres in the United States before the Civil War. Machor takes four antebellum authors—Edgar Allan Poe, Herman Melville, Catharine Sedgwick, and Caroline Chesebro'—and analyzes how their works were published, received, and interpreted. Drawing on discussions found in book reviews and in private letters and diaries, Machor examines how middle-class readers of the time engaged with contemporary fiction and how fiction reading evolved as an interpretative practice in nineteenth-century America. Through careful analysis, Machor illuminates how the reading practices of nineteenth-century Americans shaped not only the experiences of these writers at the time but also the way the writers were received in the twentieth century. What Machor reveals is that these authors were received in ways strikingly different from how they are currently read, thereby shedding significant light on their present status in the literary canon in comparison to their critical and popular positions in their own time. Machor deftly combines response and reception criticism and theory with work in the history of reading to engage with groundbreaking scholarship in historical hermeneutics. In so doing, Machor takes us ever closer to understanding the particular and varying reading strategies of historical audiences and how they impacted authors' conceptions of their own readership.

Modern Peoplehood John Lie,2011-04 [A] most impressive achievement by an extraordinarily intelligent, courageous, and—that goes without saying—'well-read' mind. The scope of this work is enormous: it provides no less than a comprehensive, historically grounded theory of 'modern peoplehood,' which is Lie's felicitous umbrella term for everything that goes under the names 'race,' 'ethnicity,' and 'nationality.' Christian Joppke, American Journal of Sociology Lie's objective is to treat a series of large topics that he sees as related but that are usually treated separately: the social construction of identities, the origins and nature of modern nationalism, the explanation of genocide, and racism. These multiple themes are for him aspects of something he calls 'modern peoplehood.' His mode of demonstration is to review all the alternative explanations for each phenomenon, and to show why each successively is inadequate. His own theses are controversial but he makes a strong case for them. This book should renew debate. Immanuel Wallerstein, Yale University and author of The Decline of American Power: The U.S. in a Chaotic World

Duty and Desire Pamela Aidan,2006-10-03 ³There was little danger of encountering the Bennet sisters ever again.² Jane Austen's classic novel *Pride and Prejudice* is beloved by millions, but little is revealed in the book about the mysterious and handsome hero, Mr. Darcy. And so the question has long remained: Who is Fitzwilliam Darcy? Pamela Aidan's trilogy finally answers that long-standing question, creating a rich parallel story that follows Darcy as he meets and falls in love with Elizabeth Bennet. *Duty and Desire*, the second book in the trilogy, covers the silent time of Austen's novel, revealing Darcy's private struggle to overcome his attraction to Elizabeth while fulfilling his roles as landlord, master, brother, and friend. When Darcy pays a visit to an old classmate in Oxford in an attempt to shake Elizabeth from his mind, he is set upon by husband-hunting society ladies and ne'er-do-well friends from his university days, all with designs on him -- some for good and some for ill. He and his sartorial genius of a valet, Fletcher, must match wits with them all, but especially with the curious Lady Sylvania. Irresistibly authentic and entertaining, *Duty and Desire* remains true to the spirit and events of *Pride and Prejudice* while incorporating fascinating new characters, and is sure to dazzle Austen fans and newcomers alike.

Architecture and Modern Literature David Anton Spurr,2017-05-09 Architecture and Modern Literature explores the representation and interpretation of architectural space in modern literature from the early nineteenth century to the present, with the aim of showing how literary production and architectural construction are related as cultural forms in the historical context of modernity. In addressing this subject, it also examines the larger questions of the relation between literature and architecture and the extent to which these two arts define one another in the social and philosophical contexts of modernity. Architecture and Modern Literature will serve as a foundational introduction to the emerging interdisciplinary study of architecture and literature. David Spurr addresses a broad range of material, including literary, critical, and philosophical works in English, French, and German, and proposes a new historical and theoretical overview of this area, in which modern forms of meaning in architecture and literature are related to the discourses of being, dwelling, and homelessness.

Emergence of Irish Gothic Fiction Jarlath Killeen,2013-12-11 Provides a new account of the emergence of Irish gothic fiction in mid-eighteenth century This book provides a robustly theorised and thoroughly historicised account of the 'beginnings' of Irish gothic fiction, maps the theoretical terrain covered by other critics, and puts forward a new history of the emergence of the genre in Ireland. The main argument the book

makes is that the Irish gothic should be read in the context of the split in Irish Anglican public opinion that opened in the 1750s, and seen as a fictional instrument of liberal Anglican opinion in a changing political landscape. By providing a fully historicized account of the beginnings of the genre in Ireland, the book also addresses the theoretical controversies that have bedevilled discussion of the Irish gothic in the 1980s, 1990s and 2000s. The book gives ample space to the critical debate, and rigorously defends a reading of the Irish gothic as an Anglican, Patriot tradition. This reading demonstrates the connections between little-known Irish gothic fictions of the mid-eighteenth century (The Adventures of Miss Sophia Berkley and Longsword), and the Irish gothic tradition more generally, and also the gothic as a genre of global significance.

The Politics of Marketing the Labour Party D. Wring,2004-11-23 The Labour Party has been using marketing longer than is commonly realised. Leading figures like Morrison, Snowden, Webb, Gaitskell, Benn and Wilson were among those who recognized the importance of imagery and symbolic communication long before the time of Kinnock, Mandelson and Blair. Politics of Marketing the Labour Party traces how the party's political campaigning has developed since its birth and how the increasing use of marketing contributed to the radical restructuring of both the organization and its policies.
