Moon-face and Other Stories Jack London,1906 JACK LONDON (1876-1916), American novelist, born in San Francisco, the son of an itinerant astrologer and a spiritualist mother. He grew up in poverty, scratching a living in various legal and illegal ways -robbing the oyster beds, working in a canning factory and a jute mill, serving aged 17 as a common sailor, and taking part in the Klondike gold rush of 1897. This various experience provided the material for his works, and made him a socialist. The son of the Wolf (1900), the first of his collections of tales, is based upon life in the Far North, as is the book that brought him recognition, The Call of the Wild (1903), which tells the story of the dog Buck, who, after his master's death, is lured back to the primitive world to lead a wolf pack. Many other tales of struggle, travel, and adventure followed, including The Sea-Wolf (1904), White Fang (1906), South Sea Tales (1911), and Jerry of the South Seas (1917). One of London's most interesting novels is the semi-autobiographical Martin Eden (1909). He also wrote socialist treatises, autobiographical essays, and a good deal of journalism.

I Have a Dog Charlotte Lance,2014-05-01 I have a dog. An inconvenient dog. When I wake up, my dog is inconvenient. When I'm getting dressed, my dog is inconvenient. And when I'm making tunnels, my dog is SUPER inconvenient. But sometimes, an inconvenient dog can be big and warm and cuddly. Sometimes, an inconvenient dog can be the most comforting friend in the whole wide world.

Political Participation and Democratic Capability in Authoritarian States Lien Pham,Ance Kaleja,2023-05 This book provides an innovative theoretical and empirical exploration of the political participation and democratic capability of people living in authoritarian states. Merging perspectives from sociology and political science, the book demonstrates that despite autocratic restrictions on opposition, there is often still leeway for people to express themselves as political agents and to develop democratic capability. The first two chapters problematise political participation and develop an interdisciplinary three-domain framework that allows for critical engagement with and appreciation of the contexts and varied ways in which participatory activities occur. This framework is applied to analyse six country case studies: Singapore, Jordan, Belarus, Cuba, Nigeria, and Vietnam. Drawing on a range of data sources and different analytical entry points, the book investigates the substantive opportunities people have in exercising political agency and the implications for democratic capability. The book concludes by summarising the emergent themes and examining the potential of applying this method of inquiry in other political contexts. Encompassing both governmental and societal practices, the book offers insights into state-society relations and their role in constructing political values and goals for participation, which people negotiate and mediate to inform their choices, modes, and forms of civic engagement. These insights present a broad approach towards the study of participation, with relevance for understanding political participation in various societies under non-democratic and democratic rule alike. This book will be useful for researchers and students interested in political dynamics and intersections with economic, cultural, and social aspects of development. It will also be beneficial for practitioners interested in participatory actions and social change.

The Dare Harley Laroux,2023-10-31 Jessica Martin is not a nice girl. As Prom Queen and Captain of the cheer squad, she'd ruled her school mercilessly, looking down her nose at everyone she deemed unworthy. The most unworthy of them all? The freak, Manson Reed: her favorite victim. But a lot changes after high school. A freak like him never should have ended up at the same Halloween party as her. He never should have been able to beat her at a game of Drink or Dare. He never should have been able to humiliate her in front of everyone. Losing the game means taking the dare: a dare to serve Manson for the entire night as his slave. It's a dare that Jessica's pride - and curiosity - won't allow her to refuse. What ensues is a dark game of pleasure and pain, fear and desire. Is it only a game? Only revenge? Only a dare? Or is it something more? The Dare is an 18+ erotic romance novella and a prequel to the Losers Duet. Reader discretion is strongly advised. This book contains graphic sexual scenes, intense scenes of BDSM, and strong language. A full content note can be found in the front matter of the book.

English as a Medium of Instruction in Postcolonial Contexts Lizzi O. Milligan,Leon Tikly,2018-10-16 Almost all low- and middle-income postcolonial countries now use English or another dominant language as the medium of instruction for some, if not all, of the basic education cycle. Much of the literature about language-in-education in such countries has focused on the instrumentalist value of English, on one side, and the rights of learners to high quality mother tongue-based education, on the other. The polarised nature of the debate has tended to leave issues related to the processes of learning in English as a Medium Instruction (EMI) classrooms under-researched. This book aims to provide a greater understanding of the existing challenges for learners and educators and potential strategies that can support more effective teaching and learning in EMI classrooms. Contributions illustrate the impact that learning in English has on learners in a range of regional, national and local contexts and put forward theoretical and empirical analyses to support more relevant and inclusive educational policies. This volume was originally published as a special issue of Comparative Education.

The Veiled Web Catherine Asaro,2022-09-27 "A near-future layering of East and West, of religion and technology . . . and of love and its loss—all woven into an intriguing tapestry." —Diana Gabaldon, bestselling author of the Outlander series Winner of the Homer Award for Best Science Fiction Novel A renowned prima ballerina, Lucia del Mar is far more comfortable expressing herself through dance than with words. Shy and introverted, she spends most of her spare time on her laptop. Still, Lucia's job forces her out of her comfort zone, which is how she winds up at a White House reception where she meets Rashid al-Jazari, the wealthy CEO of a multinational corporation. Although attracted to him, Lucia can't help but feel awkward and shrugs off their encounter as a one-time event. Not realizing he feels a similar attraction, she never imagines Rashid will seek out her performances; he is the last person she expects to see when her dance company travels to Italy. Their reunion takes an even more unexpected turn when they're both drugged and kidnapped. Although they overcome their abductors, it leaves them stranded in North Africa. For her own safety, Lucia agrees to marry Rashid, at least for the time being. As she recovers at his family compound in Morocco, reeling from their brush with danger, she

struggles to fit into a culture she knows nothing about—and to deal with her growing feelings for Rashid. At the same time, at his secret office there, Rashid is developing a dramatic leap forward in artificial intelligence combined with virtual reality. He finds himself plunged into a fight for control of his work against powerful international forces, and caught in the middle, Lucia is swept into that battle . . . “A terrific novel, ripping a path from today’s headlines to tomorrow’s realities.” —Robert J. Sawyer, Nebula Award-winning author
