**Digital Audio Essentials** Bruce Fries,Marty Fries,2005-04-26 Join the digital audio revolution! Tens of millions of users are embracing digital music, and with Digital Audio Essentials, you can, too. Nearly every personal computer built in the last few years contains a CD-burning drive; MP3 and other portable player sales dominate the consumer electronics industry; and new networkable stereo equipment lets you use your digital music collection to power your home entertainment system. Whether it's downloading music, ripping CDs, organizing, finding, and creating higher quality music files, buying music players and accessories, or constructing a home stereo system, Digital Audio Essentials helps you do get it done. An indispensable reference for music enthusiasts, digital archivists, amateur musicians, and anyone who likes a good groove, Digital Audio Essentials helps you avoid time-consuming, costly trial and error in downloading audio files, burning CDs, converting analog music to digital form, publishing music to and streaming from the Web, setting up home stereo configurations, and creating your own MP3 and other audio files. The book--for both Mac and PC users--includes reliable hardware and software recommendations, tutorials, resources, and file sharing, and it even explains the basics of the DMCA and intellectual property law. You may (or may not) already know the basics of ripping CDs or downloading music, but Fries will show you so much more--including advice on the multitude of MP3 players on the market, stereo options, file formats, quality determinations, and the legalities of it all. Both a timely, entertaining guide and an enduring reference, this is the digital audio handbook you need to make the most of your expanding digital music collection.

**Practical Free Alternatives to Commercial Software** Steve Oualline,Grace Oualline,2018-05-21 Get all the things done you're used to doing with pricey software at a fraction of the cost. There are hundreds of free programs out there that work just as well as the commercial programs people pay hundreds of dollars for. This book tells you how to find and use the most popular and useful of these. The Open Source movement is a system where programmers can share code and collectively improve programs. As a result they can produce programs that are just as good, if not better than their commercial alternatives. For example, LibreOffice comes with a database, Microsoft Office does not. This book shows you where to get and how to use the best Open Source programs giving you not only access to high quality software, but saving you money as well. Add Practical Free Alternatives to Commercial Software to your library today. What You'll Learn Use the free spreadsheet program Libreoffice-calc to balance your checkbook, do an expense account, and other tasks Perform presentations with Libreoffice-impress instead of Powerpoint Photo edit with The Gimp, a high powered image editor Edit videos with Openshot Create video DVDs with DVDStyler Who This Book Is For Home or small business PC users who want to save money on software

Included as well are project files with which you can refine techniques learned in the book.

**Final Cut Express 2 Editing Workshop** Tom Wolsky,2013-05-02 Nonlinear, or digital, editing involves the manipulation of digitized video. Software applications permit the editor to cut, splice, make transitions, and edit film more precisely than was ever possible with conventional film editing techniques. Final Cut Express 2 is an inexpensive version of Apple's Final Cut Pro software, the leading nonlinear editing program for the Mac platform. In its first year, Final Cut Express proved to be a compelling alternative for hobbyists, students, and professionals who had formerly been limited to iMovie. Final Cut Express 2 Editing Workshop is a classroom-in-a-book that teaches readers the art and technique of editing with Final Cut Express 2. It features a series of tutorials that cover the complete range of tasks, from installing the application to outputting. All of the necessary materials, including raw video footage and sequences, detailed instructions, and techniques taught in film schools, guide the reader to a working knowledge of Final Cut Express 2. The companion DVD includes a video introduction to Final Cut Express 2 specially designed for iMovie users, as well as tutorial media and plug-ins.
