The Freak Observer Blythe Woolston, 2013-08-01 The Freak Observer is rich in family drama, theoretical physics, and an unusual, tough young woman—Loa Lindgren. For eight years, Loa Sollilja's world ran like one of those mechanical models of the solar system, with her baby sister, Asta, as the sun. Asta suffered from a genetic disorder that left her a permanent infant, and caring for her was Loa's life. Everything spun neatly and regularly as the whole family orbited around Asta. But now Asta's dead, and 16-year-old Loa's clockwork galaxy has collapsed. As Loa spins off on her own, her mind ambushes her with vivid nightmares and sadistic flashbacks—a textbook case of PTSD. But there are no textbook fixes for Loa's short-circuiting brain. She must find her own way to pry her world from the clutches of death. The Freak Observer is a startling debut about death, life, astrophysics, and finding beauty in chaos.

The Observer's Handbook ,1977

The Observer Effect Nick Jones, 2022-03-15 Time calls the shots. Unwitting time traveler Joseph Bridgeman is adjusting to life in the present and wondering if his traveling days are behind him. But when he's contacted by the Continuum, an organized group of time travelers based in the future, he learns his career is just getting started. The Continuum needs Joe's help. One of their operatives is missing, last seen in nineteenth-century Paris, and they believe Joe's ability to see the past might be the only way to find him. Teamed up with Gabrielle Green, an acerbic, wisecracking traveler, Joe heads back to 1873 on his most dangerous mission yet, one that will take him deep inside a burning opera house. But how will Joe succeed when his new companion clearly hates his guts, the missing traveler disappears the second anyone sets eyes on him, and a familiar foe threatens to trap them in the past for good? With help on hand from his best friend, Vinny, and mysterious clues hidden in his sister Amy's paintings, Joe must hone his gift, develop new skills, and figure out a way to complete his mission before the blazing inferno comes crashing down around them all.

MFM at 30 Dr. D. K. Olukoya, 2019-09-18 In three glorious decades, Mountain of Fire and Miracles Ministries has carved an indelible niche for itself among the comity of churches worldwide. It has come to be known as a pacesetter church, bestriding the firmaments of Christendom like a colossus. The church's thirty years journey so far has been filled with landmark events, phenomenal global expansion as well as unrivalled far-reaching impacts on the body of Christ and mankind as a whole than any other church today. The remarkable achievements, enviable heights, iconic status and positive global recognition that MFM enjoys today is attributable to the complete obedience, unwavering faith in God and unusual steadfastness of its Founder and General Overseer, Dr. D. K. Olukoya, the Elijah of our time and God's Generalissimo in the end times. This book glorifies the Almighty God who has demonstrated His power to save to the uttermost. It celebrates God's faithfulness in the life of Dr. D. K. Olukoya, the unusual outworking of His grace and power in MFM's three decades' journey as well as the phenomenal achievements, fire exploits and global spread of this unique church of God. Glory be to the God that answers by fire. Hallelujah!

MP3 Jonathan Sterne, 2012-07-17 Jonathan Sterne shows that understanding the historical meaning of the MP3, the world's most common format for recorded audio, involves rethinking the place of digital technologies in the broader universe of twentieth-century communication history.

Info esame ,2005

Biocentrism Robert Lanza, Bob Berman, 2011 Robert Lanza is one of the most respected scientists in the world a US News and World Report cover story called him a genius and a renegade thinker, even likening him to Einstein. Lanza has teamed with Bob Berman, the most widely read astronomer in the world, to produce Biocentrism, a revolutionary new view of the universe. Every now and then a simple yet radical idea shakes the very foundations of knowledge. The startling discovery that the world was not flat challenged and ultimately changed the way people perceived themselves and their relationship with the world. For most humans of the 15th century, the notion of Earth as ball of rock was nonsense. The whole of Western, natural philosophy is undergoing a sea change again, increasingly being forced upon us by the experimental findings of quantum theory, and at the same time, toward doubt and uncertainty in the physical explanations of the universes genesis and structure. Biocentrism completes this shift in worldview, turning the planet upside down again with the revolutionary view that life creates the universe instead of the other way around. In this paradigm, life is not an accidental byproduct of the laws of physics. Biocentrism takes the reader on a seemingly improbable but ultimately inescapable journey through a foreign universe our own from the viewpoints of an acclaimed biologist and a leading astronomer. Switching perspective from physics to biology unlocks the cages in which Western science has unwittingly managed to confine itself. Biocentrism will shatter the readers ideas of life--time and space, and even death. At the same time it will release us from the dull worldview of life being merely the activity of an admixture of carbon and a few other elements; it suggests the exhilarating possibility that life is fundamentally immortal. The 21st century is predicted to be the Century of Biology, a shift from the previous century dominated by physics. It seems fitting, then, to begin the century by turning the universe outside-in and unifying the foundations of science with a simple idea discovered by one of the leading life-scientists of our age. Biocentrism awakens in readers a new sense of possibility, and is full of so many shocking new perspectives that the reader will never see reality the same way again.

Give Us the Ballot Ari Berman, 2015-08-04 On the fiftieth anniversary of the Voting Rights Act, a riveting and alarming account of the continuing battle over the right to vote The adoption of the landmark Voting Rights Act in 1965 enfranchised millions of Americans and is widely regarded as the crowning achievement of the civil rights movement. And yet fifty years later we are still fighting heated battles over race, representation, and political power--over the right to vote, the central pillar of our democracy. A groundbreaking narrative history of voting rights since 1965, Give Us the Ballot tells the story of what happened after the act was passed. Through meticulous archival research, fresh interviews with the leading participants in the ongoing struggle, and incisive on-the-ground reporting, Ari Berman chronicles the transformative impact the act had on American democracy and investigates how the fight over the right to vote has continued in the decades since. From new strategies to keep minorities out of the voting booth, to cynical efforts to limit political representation by gerrymandering electoral districts, to the Supreme Court's recent stunning decision that declared a key part of the Voting Rights Act itself unconstitutional, to the efforts by the Justice Department and grassroots activists to counter these attacks, Berman tells the dramatic story of the pitched contest over the very heart of our democracy. At this important historical moment, Give Us the Ballot brings new insight to one of the most vital political and civil

rights issues of our time.

Backpacker ,2004-03 Backpacker brings the outdoors straight to the reader's doorstep, inspiring and enabling them to go more places and enjoy nature more often. The authority on active adventure, Backpacker is the world's first GPS-enabled magazine, and the only magazine whose editors personally test the hiking trails, camping gear, and survival tips they publish. Backpacker's Editors' Choice Awards, an industry honor recognizing design, feature and product innovation, has become the gold standard against which all other outdoor-industry awards are measured.

Английский шаг за шагом. Часть 3 (+MP3) Наталья Бонк,Евгения Салтыкова,2022-04-29 Это классическое учебное пособие – настольная книга нескольких поколений изучающих английский язык. Этот учебник – заключительная часть учебного курса, посвященного изучению английского языка «с нуля» до уровня продвинутого пользователя. В нем вы найдете объяснение сложных структур английской грамматики, новую лексику, множество упражнений для отработки пройденного материала, интересные тексты и жизненные диалоги. Начитанный носителями языка диск поможет развить навыки аудирования и улучшить произношение. Все упражнения снабжены ключами. Учебник предназначен для широкого круга лиц, изучающих английский язык самостоятельно или с преподавателем. Он подойдет для тех, кто уже владеет английским и хотел бы говорить на нем свободнее.

Civilian Jihad M. Stephan,2009-12-07 This book examines the role of nonviolent civil resistance in challenging tyranny and promoting democratic-self rule in the greater Middle East using case studies and analyses of how religion, youth, women, technology and external actors have influenced the outcome of civil resistance in the region.

Kazuo Ishiguro Sebastian Groes,Barry Lewis,Sean Matthews,2011-09-11 Kazuo Ishiguro is one of the finest contemporary authors who possesses that increasingly rare distinction of being a writer who is both popular with the general reading public and well-respected within the academic community. Kazuo Ishiguro: New Critical Visions of the Novels presents eighteen fresh perspectives on the author's work that will appeal to those who read him for pleasure or for purposes of study. Established and rising critics reassess Ishiguro's works from the early 'Japanese' novels through to his short story cycle Nocturnes, paying particular attention to The Remains of the Day, The Unconsoled, When We Were Orphans and Never Let Me Go. They address universal themes such as history, memory and mortality, but also provide groundbreaking explorations of diverse areas ranging from the posthuman and 'minor literature' to ethics, science fiction and Ishiguro's musical imagination. Featuring an insightful interview with Ishiguro himself, this collection of essays constitutes a significant contribution to the appreciation of his novels, and forms a lively and nuanced constellation of critical enquiry. Preface by Brian W. Shaffer. Essays by: Jeannette Baxter, Caroline Bennett, Christine Berberich, Lydia R. Cooper, Sebastian Groes, Meghan Marie Hammond, Tim Jarvis, Barry Lewis, Liani Lochner, Christopher Ringrose, Victor Sage, Andy Sawyer, Motoyuki Shibata, Gerry Smyth, Krystyna Stamirowska, Motoko Sugano, Patricia Waugh, Alyn Webley.

Petite Anglaise Catherine Sanderson,2010-10-29 “When Tadpole was born, I spent a sleepless night on the maternity ward gazing intently into her inky, newborn eyes, grappling to come to terms with the indisputable fact that this was an actual person looking back at me, not just a version of Mr. Frog, or me, or both, in miniature. From the outset she seemed to know what she wanted, and I realized I could have no inkling of the paths she would choose to follow. But if I watch her life unfold carefully enough, perhaps I will see clear signposts pointing to who or what she will become. Because when I look backward, ransacking my own past for clues with the clarity that only hindsight can bring, a series of defining moments do stand out. Moments charged with significance; snapshots of myself which, if I join the dots together, lead me unswervingly to where I stand today: from French, to France, to Paris, and to Petite Anglaise.” [ed. note - excerpted from Petite Anglaise, p.4] Catherine Sanderson has a beautiful bilingual daughter, an authentic French boyfriend, and a Paris apartment with bohemian charm. She has what she has always wanted – a life in France. Growing up in Yorkshire amidst a traditional family, Catherine had set her sights on a different life – a life that would immerse her in an exotic language and culture. From grammar school French lessons to teaching English in Normandy and finally to a permanent job in Paris, she was determined that France would be the place she would call home. But now that she does, things are not so idyllic. Catherine wonders just when her life in Paris turned from wine to vinegar: She’s stuck in a dead-end administrative job, her relationship with her boyfriend has settled into a dreary routine, and the birth of their daughter has not helped to reignite the dying fire of her relationship. The remedy to her dissatisfaction arrives in the morning headlines. While scanning the news of the day, Catherine becomes intrigued by a story profiling an internet diarist. After exploring one blog after another, and in one exhilarating moment, Catherine decides to create her own online persona, her jardin secret. At that moment, she is transformed from Catherine to Petite Anglaise, her boyfriend to Mr. Frog, her daughter to Tadpole, and her life to something she could never have predicted. What begins as a lighthearted diversion, a place to discuss the fish-out-of water challenges of ex-pat life in Paris, soon gives way to a raw forum for her to bare her most intimate secrets and impulsive desires. Thousands of readers log-on to the blog and are witness to the ever-widening gulf between Petite Anglaise and Mr. Frog. Those public revelations of her growing frustrations, which play out in each successive post, begin to surreptitiously yet irrevocably erode their relationship.

'We Love Death as You Love Life' Raffaello Pantucci,2015 As Mohammed Siddique Khan led his group of fellow-believers into London on the morning of July 7, 2005 it is unlikely that they were thinking much beyond the immediate impact of their actions. Driven by anger at the West's treatment of Muslims worldwide, ideas fed to them by foreign extremists, and a sense of extreme rejection of the society in which they were born, they sought to reshape the world in an image they thought would be pleasing to God. But while they felt they were on a holy mission -- as enunciated in Khan's chilling video message, We Love Death As You Love Life-- a far more earthly arc of history underlay their actions. This book offers an insight into the motivations behind Khan and his group, as well as the hundreds of young British Muslims who have been drawn by jihadist ideas to fight on battlefields at home and abroad. Starting with the arrival of immigrant communities to the UK and the establishment of diasporas with strong ethnic connections to the Middle East and South Asia, to the arrival of jihadist warriors fresh from the anti-Soviet war Afghanistan, this book looks at the history that came before Mohammed Siddique Khan and places his action within its larger context. This book provides the first comprehensive history of jihadist ideas and violence in the United Kingdom.

How to Think Like Leonardo da Vinci Michael J. Gelb,2009-10-21 This inspiring and inventive guide teaches readers how to develop their full potential by following the example of the greatest genius of all time, Leonardo da Vinci. Acclaimed author Michael J. Gelb, who has helped thousands of people expand their minds to accomplish more than they ever thought possible, shows you how. With Da Vinci as your inspiration, you will discover an exhilarating new way of thinking. And step-by-step, through exercises and provocative lessons, you will harness the power—and awesome wonder—of your own genius, mastering such life-changing abilities as: •Problem solving •Creative thinking •Self-expression •Enjoying the world around you •Goal setting and life balance •Harmonizing body and mind Drawing on Da Vinci's notebooks, inventions, and legendary works of art, acclaimed author Michael J. Gelb, introduces seven Da Vincian principles, the essential elements of genius, from curiosità, the insatiably curious approach to life, to connessione, the appreciation for the interconnectedness of all things. With Da Vinci as their inspiration, readers will discover an exhilarating new way of thinking. Step-by-step, through exercises and provocative lessons, anyone can harness the power and awesome wonder of their own genius, mastering such life-changing skills as problem solving, creative thinking, self-expression, goal setting and life balance, and harmonizing body and mind.

The American Popular Novel After World War II David Willbern,2013-03-22 Through the perspectives of selected best-selling novels from the end of World War II to the end of the 20th century--including *The Catcher in the Rye*, *To Kill a Mockingbird*, *The Godfather*, *Jaws*, *Beloved*, *The Silence of the Lambs*, and *Jurassic Park*--this book examines the crucial issues the U.S. was experiencing during those decades. These novels represent the voices of popular conversations, as Americans considered issues of family, class, racism and sexism, feminism, economic ambition, sexual violence, war, law, religion and science. Through the windows of fiction, the book surveys the Cold War and anti-communism, the prefeminist era of the 1950s and the sexual revolution of the 1970s, forms of corporate power in the 1960s and 1980s, the traumatic legacies of slavery and Vietnam, the American fascination with lawyers, cops and criminals, alternate styles of romance in the era of late capitalism, our abiding distrust of science, and our steadfast wonder about the Great Mysteries.

Homage to Catalonia George Orwell,2023-11-27 Homage to Catalonia is George Orwell's personal account of his experiences and observations fighting for the POUM militia of the Republican army during the Spanish Civil War. The war was one of the defining events of his political outlook and a significant part of what led him to write in 1946, Every line of serious work that I have written since 1936 has been written, directly or indirectly, against totalitarianism and for Democratic Socialism, as I understand it. The first edition was published in the United Kingdom in 1938. The book was not published in the United States until February 1952, when it appeared with an influential preface by Lionel Trilling. The only translation published in Orwell's lifetime was into Italian, in December 1948. A French translation by Yvonne Davet-with whom Orwell corresponded, commenting on her translation and providing explanatory notes-in 1938-39, was not published until five years after Orwell's death. Book Summary: Orwell served as a private, a corporal (cabo) and-when the informal command structure of the militia gave way to a conventional hierarchy in May 1937-as a lieutenant, on a provisional basis, in Catalonia and Aragon from December 1936 until June 1937. In June 1937, the leftist political party with whose militia he served (the POUM, the Workers' Party of Marxist Unification, an anti-Stalinist communist party) was declared an illegal organisation, and Orwell was consequently forced to flee. Having arrived in Barcelona on 26 December 1936, Orwell told John McNair, the Independent Labour Party's (ILP) representative there, that he had come to Spain to join the militia to fight against Fascism. He also told McNair that he would like to write about the situation and endeavour to stir working class opinion in Britain and France. McNair took him to the POUM barracks, where Orwell immediately enlisted. Orwell did not know that two months before he arrived in Spain, the [Soviet law enforcement agency] NKVD's resident in Spain, Aleksandr Orlov, had assured NKVD Headquarters, 'the Trotskyist organisation POUM can easily be liquidated'-by those, the Communists, whom Orwell took to be allies in the fight against Franco.

Self-Compassion Dr. Kristin Neff,2011-04-19 Kristin Neff, Ph.D., says that it's time to "stop beating yourself up and leave insecurity behind." Self-Compassion: Stop Beating Yourself Up and Leave Insecurity Behind offers expert advice on how to limit self-criticism and offset its negative effects, enabling you to achieve your highest potential and a more contented, fulfilled life. More and more, psychologists are turning away from an emphasis on self-esteem and moving toward self-compassion in the treatment of their patients—and Dr. Neff's extraordinary book offers exercises and action plans for dealing with every emotionally debilitating struggle, be it parenting, weight loss, or any of the numerous trials of everyday living.
