Target 100 Liz Josefsberg,2019-01-01 When I was losing weight, Liz was more than my coach; she was my rock, and I couldn't have done it without her. She just got it, because she'd been through it herself (and helped about a million other people through it, too). Target 100 is Liz in book form—smart, supportive, and full of practical, simple solutions. Liz changed my life and my whole concept of dieting—and now can change, yours too. —Jessica Simpson When did weight loss get so complicated? Today, it feels like there are a million different apps, tools, workouts, and eating plans designed to help you lose weight. Some promise success via drastic, unlivable restrictions, others are so complex they turn losing weight into a second job. In Target 100, celebrity weight-loss coach Liz Josefsberg shows you don't have to be a slave to your weight-loss program. You don't have to count every gram of every nutrient and every calorie you eat at every meal. Believe it or not, weight loss can be simple. It can even be . . . fun. A 15-year veteran of the weight-loss industry and who lost—and kept off—65 pounds herself, Liz has accrued a high-profile clientele. She helped Oscar-winner Jennifer Hudson lose weight and transform her life and coached Jessica Simpson to shed over 50 pounds of baby weight (twice!). But along with the likes of Charles Barkley and Katie Couric, Josefsberg has also coached thousands of others, everyone from stay-at-home moms to office jockeys. Along the way, she's learned what works—and what doesn't—when it comes to lasting weight loss, and she's ready to share her secrets with the rest of us. Target 100 streamlines the weight-loss process into six easy-to-follow guidelines and shows you how to adjust them to fit your lifestyle, personalizing the program so that it works for you. Josefsberg offers tips, worksheets, and powerful insights to help you fine-tune a range of weight-related behaviors, from battling stress to getting more sleep, setting the stage for permanent, long-term weight loss. Instead of counting calories, you'll learn how simple changes come together to jumpstart your health and wellbeing, such as: • Drinking 100 ounces of water a day • Exercising for 100 minutes a week • Adding 100 minutes of Sleep a week • De-Stressing for 100 minutes a week • And more! Warm and no-nonsense, encouraging and informative, Target 100 is a holistic and revolutionary wellness book with a simple message: You don't need to be perfect to lose weight, or transform yourself into someone you're not. You can lose weight for good, with the world's simplest weight loss program.

Drive Daniel H. Pink,2011-04-05 The New York Times bestseller that gives readers a paradigm-shattering new way to think about motivation from the author of When: The Scientific Secrets of Perfect Timing Most people believe that the best way to motivate is with rewards like money—the carrot-and-stick approach. That's a mistake, says Daniel H. Pink (author of To Sell Is Human: The Surprising Truth About Motivating Others). In this provocative and persuasive new book, he asserts that the secret to high performance and satisfaction-at work, at school, and at home—is the deeply human need to direct our own lives, to learn and create new things, and to do better by ourselves and our world. Drawing on four decades of scientific research on human motivation, Pink exposes the mismatch between what science knows and what business does—and how that affects every aspect of life. He

examines the three elements of true motivation—autonomy, mastery, and purpose—and offers smart and surprising techniques for putting these into action in a unique book that will change how we think and transform how we live.

The Millionaire Fastlane MJ DeMarco, 2011-01-04 10TH ANNIVERSARY EDITION Is the financial plan of mediocrity -- a dream-stealing, soul-sucking dogma known as The Slowlane your plan for creating wealth? You know how it goes; it sounds a lil something like this: Go to school, get a good job, save 10% of your paycheck, buy a used car, cancel the movie channels, quit drinking expensive Starbucks mocha lattes, save and penny-pinch your life away, trust your life-savings to the stock market, and one day, when you are oh, say, 65 years old, you can retire rich. The mainstream financial gurus have sold you blindly down the river to a great financial gamble: You've been hoodwinked to believe that wealth can be created by recklessly trusting in the uncontrollable and unpredictable markets: the housing market, the stock market, and the job market. This impotent financial gamble dubiously promises wealth in a wheelchair -- sacrifice your adult life for a financial plan that reaps dividends in the twilight of life. Accept the Slowlane as your blueprint for wealth and your financial future will blow carelessly asunder on a sailboat of HOPE: HOPE you can find a job and keep it, HOPE the stock market doesn't tank, HOPE the economy rebounds, HOPE, HOPE, and HOPE. Do you really want HOPE to be the centerpiece for your family's financial plan? Drive the Slowlane road and you will find your life deteriorate into a miserable exhibition about what you cannot do, versus what you can. For those who don't want a lifetime subscription to settle-for-less and a slight chance of elderly riches, there is an alternative; an expressway to extraordinary wealth that can burn a trail to financial independence faster than any road out there. Why jobs, 401(k)s, mutual funds, and 40-years of mindless frugality will never make you rich young. Why most entrepreneurs fail and how to immediately put the odds in your favor. The real law of wealth: Leverage this and wealth has no choice but to be magnetized to you. The leading cause of poorness: Change this and you change everything. How the rich really get rich - and no, it has nothing to do with a paycheck or a 401K match. Why the guru's grand deity - compound interest - is an impotent wealth accelerator. Why the guru myth of do what you love will most likely keep you poor, not rich. And 250+ more poverty busting distinctions... Demand the Fastlane, an alternative road-to-wealth; one that actually ignites dreams and creates millionaires young, not old. Change lanes and find your explosive wealth accelerator. Hit the Fastlane, crack the code to wealth, and find out how to live rich for a lifetime.

Shelter in Place Alexander Maksik, 2016-09-15 Set in the Pacific Northwest in the jittery, jacked-up early 90s, from one of America's most thrillingly defiant contemporary storytellers, Shelter in Place is a stylish literary novel about the hereditary nature of mental illness, the fleeting intensity of youth, the obligations of family, and the consequences of all-consuming love. Joseph March, a twenty-one-year-old working class kid from Seattle, is on top of the world. He has just graduated college, his future beckons, unencumbered. Joe's life implodes when he starts to suffer the symptoms of severe bipolar disorder, and, shortly after, his mother kills a man she's never met with a hammer. Joe moves to White Pine, Oregon, where his mother is in jail and his father has set up house to be near her. He is joined by Tess Wolff, a fiercely independent woman with whom he has fallen passionately in love. The lives of Joe, Tess, and Joe's father fall into the slow rhythm of daily prison visits and beer and pizza at a local bar. Meanwhile, Anne-Marie March, Joe's mother, is gradually becoming a local heroine as many begin to see her crime as a furious, exasperated act of righteous rebellion. Tess, too, has fallen under her spell. Spurred on by Anne-Marie's example, Tess enlists Joe in a secret, violent plan that will forever change their lives.

Quiet Susan Cain, 2013-01-29 #1 NEW YORK TIMES BESTSELLER • Experience the book that started the Quiet Movement and revolutionized how the world sees introverts—and how introverts see themselves—by offering validation, inclusion, and inspiration “Superbly researched, deeply insightful, and a fascinating read, Quiet is an indispensable resource for anyone who wants to understand the gifts of the introverted half of the population.”—Gretchen Rubin, author of The Happiness Project NAMED ONE OF THE BEST BOOKS OF THE YEAR BY People • O: The Oprah Magazine • Christian Science Monitor • Inc. • Library Journal • Kirkus Reviews At least one-third of the people we know are introverts. They are the ones who prefer listening to speaking; who innovate and create but dislike self-promotion; who favor working on their own over working in teams. It is to introverts—Rosa Parks, Chopin, Dr. Seuss, Steve Wozniak—that we owe many of the great contributions to society. In Quiet, Susan Cain argues that we dramatically undervalue introverts and shows how much we lose in doing so. She charts the rise of the Extrovert Ideal throughout the twentieth century and explores how deeply it has come to permeate our culture. She also introduces us to successful introverts—from a witty, high-octane public

speaker who recharges in solitude after his talks, to a record-breaking salesman who quietly taps into the power of questions. Passionately argued, impeccably researched, and filled with indelible stories of real people, Quiet has the power to permanently change how we see introverts and, equally important, how they see themselves.
