I'm Broken, Where's the Glue? - A Guide to Self-improvement, Self-love and Real Happiness Briana Blair,Dr. Briana, MsD Blair,2010-10-15 This book is a collection of experiences, observations and ideas that will help you to achieve a better life. While this book will help you with work, love and money, it is primarily a guide to becoming a better person, learning to enjoy your life, and learning how to overcome the negative programming and actions that have resulted in the life you currently have. It's never too late to make a fresh start! So, this book is the glue you can use to fix the parts of yourself that are broken. You can use these steps and information to build a better you. And don't worry, if you ever break again, there's always plenty of glue to go around.

Beyond Authenticity, Alternative Approaches to Hadith Narrations and Collections Mohammad Gharaibeh,2023-04-12 The studies in this volume go beyond the question of the authenticity of Prophetic narrations. By approaching hadith narrations and literature from various perspectives, the authors seek to push the field of Hadith Studies in a new and promising direction.

Metadata for Digital Collections Steven Jack Miller,2022-07-06 Since it was first published, LIS students and professionals everywhere have relied on Miller's authoritative manual for clear instruction on the real-world practice of metadata design and creation. Now the author has given his text a top to bottom overhaul to bring it fully up to date, making it even easier for readers to acquire the knowledge and skills they need, whether they use the book on the job or in a classroom. By following this book's guidance, with its inclusion of numerous practical examples that clarify common application issues and challenges, readers will learn about the concept of metadata and its functions for digital collections, why it's essential to approach metadata specifically as data for machine processing, and how metadata can work in the rapidly developing Linked Data environment; know how to create high-quality resource descriptions using widely shared metadata standards, vocabularies, and elements commonly needed for digital collections; become thoroughly familiarized with Dublin Core (DC) through exploration of DCMI Metadata Terms, CONTENTdm best practices, and DC as Linked Data; discover what Linked Data is, how it is expressed in the Resource Description Framework (RDF), and how it works in relation to specific semantic models (typically called "ontologies") such as BIBFRAME, comprised of properties and classes with "domain" and "range" specifications; get to know the MODS and VRA Core metadata schemes, along with recent developments related to their use in a Linked Data setting; understand the nuts and bolts of designing and documenting a metadata scheme; and gain knowledge of vital metadata interoperability and quality issues, including how to identify and clean inconsistent, missing, and messy metadata using innovative tools such as OpenRefine.

Manufacturing and Supply Systems Management B. Wu, 2012-12-06 In order to compete in an increasingly demanding market, many manufacturing companies have to redesign or restructure their manufacturing systems so that a set of coherent manufacturing strategies can be supported. So this book aims to provide a comprehensive treatment of manufacturing strategy analysis (MSA) and manufacturing systems design (MSD). The strategic concerns of manufacturing are linked to subsequent manufacturing systems design activities through the use of an effective MSA/MSD interface. Topics include: A structured approach to formulating manufacturing strategies; A set of linking processes to translate MSA concerns into relevant MSD action plans; Case studies. This book is intended to help graduates and industry-based professionals to make more informed decisions when working on system-design or redesign projects.

Down the Rabbit Hole MsD RHy Ronald P. Rozzi, 2021-07-08 On September 8, 2018, I posted my first blog entry on my newly published website, www.awarenessempowerment.com. After a time, a loyal follower of my blog suggested perhaps putting my entries into a book format for the benefit of those unfamiliar with my website. The contents of what is within these few pages is a collection of inspired topics that I was guided to expand on each month. There are a couple of months that I did two entries for reasons that I didn't question. It is my hope that you may find a little something here that will inspire or enlighten you on your spiritual pathway.
