**Scroogenomics** Joel Waldfogel, 2009-10-25 Economist Joel Waldfogel illustrates how our consumer spending generates vast amounts of economic waste--to the shocking tune of \$85 billion each winter. He provides solid explanations to show us why it's time to stop the madness and think twice before buying gifts for the holidays. Gift giving is different than shopping for our own needs: we make less-informed choices, max out on credit to buy gifts worth less than the money spent, and leave recipients less than satisfied, creating what Waldfogel calls deadweight loss. And this waste isn't confined to Americans--most major economies share in this orgy of wealth destruction. While recognizing the difficulties of altering current trends, he offers viable alternatives. By reprioritizing our gift-giving habits, Scroogenomics proves that we can still maintain the economy without gouging our wallets, and reclaim the true spirit of the holiday season.--From publisher description.

Remembering the Forgotten God Francis Chan, Mark Beuving, 2010-03-01 In this workbook companion to *Forgotten God*, author Francis Chan reminds us of the true source of the church's power--the Holy Spirit. Chan contends that we've ignored the Spirit for far too long, and that without Him, we operate in our own strength, only accomplishing human-sized results. Offering a compelling invitation to understand, embrace, and follow the Holy Spirit's direction in our lives the workbook is designed to initiate and facilitate both individual study, and small group discussion, interaction and practical application of the message of *Forgotten God*. The workbook will stand alone, or can be used alongside the *Forgotten God* DVD Study Resource. Francis' thought-provoking teaching makes this a valuable workbook resource for individual study, a seven-week small group study, churches, youth groups, and college campus ministries--and perfect for retreat weekends.

A week later a detective shows up at her door. The woman's body has been discovered in the park across the street. What follows is a chilling tale of lust and murder as Frannie finds herself drawn to the detective. *In the Cut* is a masterpiece of literary suspense and sexual exploration.

*The Great Philly Cheesesteak Book* Carolyn Wyman, 2009-06-23 Including the DVD, *This Is My Cheesesteak* Philadelphia cheesesteaks are known and loved everywhere! THE iconic Philadelphia food, cheesesteaks are one of a handful of regional foods—like bagels, cheesecake, and crab cakes—that are loved around the world. Attempts at creating Philadelphia cheesesteaks occur, not only in many parts of the United States, but beyond—including Greece, Japan, Israel, Norway, Kenya, Tanzania, St. Maarten, and Mexico. They are made in truck stops, diners, delis, and four-star establishments. During the Democratic caucus in Philadelphia, Barack Obama and Hilary Clinton each made it a point to have a cheesesteak. During the 2004 presidential campaign, John Kerry made the mistake that may have cost him the election: he ordered Swiss cheese on his cheesesteak . . . a big mistake! There is no book on the market about the cheesesteak—not a cookbook, not a guidebook, not a scholarly look into the ordering process . . . nothing. With reviews of more than 100 local and world-wide eateries, accompanied by original and creative recipes, this fun guide is sure to delight tourists and locals alike.

Sentenced to death for his role in a horse-race scandal, Daniel was granted reprieve thanks to the influence of his wealthy relatives. Now, rather than death, Daniel faces exile in Australia an opportunity to put past mistakes behind him. But when he purchases land with the intention of farming it, he unwittingly arouses the wrath of his new neighbor, Sarah. What begins as a battle of wits, however, soon becomes a warm friendship and perhaps something more. But when Daniel's secret past is revealed, will Sarah be able to forgive yet another deception?
