Alien Minds Christina Bauer, 2019-04-23 “The layers of the dimension created pulls you in and lures you further... a thrilling adventure!” – The Book Junkie

On my seventeenth birthday, I wake up in the hospital to find I just survived a sketchy-but-terrible accident. My perfect-looking parents say I live an ideal life inside the Boston dome. And although my swoon-worthy guard, Thorne, looks totally familiar, he says we don’t have a history. What a bunch of crap. I don’t remember anything—not even my real name—but I can still tell when someone’s lying. From what I figure out, my dystopian overlords wiped my memory, leaving only my super science skills behind. Now, instead of expecting me to scream for revenge, the government demands that I build new tech that will launch an apocalypse against anyone who isn’t perfect. So I nod. Say yes. And scheme to blow the whole thing up. My memory may be gone, but my sass remains intact. I round up a team of teenage scientists to take down the nasty-ass government without getting ourselves killed. Only trouble is, I must accomplish all this while avoiding my growing attraction to Thorne, who may or may not be an alien. Something tells me that protecting my heart from my hottie guard might be the most dangerous adventure of all ...

From the author: Please know that of the forty-plus books I've published, *Alien Minds* holds a special place in my heart. Why? I'm a woman on the autism spectrum, so I absolutely adored writing in the voice of a female engineer and MIT student. Before I became a full-time author, I co-wrote a patent with Dr. Constantine Papageorgiou from MIT's Artificial Intelligence lab, so there's that, too. I hope you enjoy reading *Alien Minds* as much as I did writing it!

The Mammoth Book of How it Happened - Everest Jon E. Lewis,2012-03-01

Beginning with the 1921 attempt on the summit of Everest through to the disasters of the 1990s, this work features 30 white-knuckle accounts of climbing endeavour on the world's highest mountain, with all the tragedy and triumph of humankind's striving for the top of the world, by those who know the Death Zone best - the climbers of Everest themselves. Yet this is more than a cherry-picking of great true and exhilarating memoirs of Everest. Included are the history of the conquest of Everest, and all the natural and cruel beauty of Chomolungma The Mother Goddess of the World.

The Seventh Day Joy Dettman,2002-06-01 A gripping post-apocalyptic tale from the acclaimed author of Mallawindy and the Woody Creek series The world as it was has been all but destroyed. Those few who survived the Great Ending are now ruled by an all-powerful group known as the Chosen, whose walled city encloses a diminishing population riddled with plague and threatened with extinction. Desperate to repopulate, the Chosen send searchers to capture every surviving female still living in the wild lands beyond the city for their new breeding stations. There is a girl with a name neither of her companions can remember, who is found by the Chosen's searchers living on a remote property. Since then, she has known little more than the life they enforce-a life dominated by their breeding program and genetic experimentation-while they immunise her and prepare to take her to their city. Then one afternoon a son of one of the Chosen arrives at the girl's farm, a boy who has fled from a life that he has come to find unbearable. His arrival sets in motion a chain of events which change the girl's life in ways she could not possibly have imagined-offering her a chance to regain the unthinkable-freedom. . .

Ring In the Year with Murder Auralee Wallace, 2017-10-31 Erica Bloom and her friends race to solve a murder before the New Year in Ring In the Year with Murder, the next Otter Lake mystery from Auralee Wallace. It’s been a tough year for Erica Bloom. And with hours left on the clock and a killer crashing the party, it’s not over yet... This New Year’s Eve, Erica’s resolution is to have a great night—even if it kills her. She is, after all, at the party to end all parties: a Great Gatsby--themed gala sure to be the talk of Otter Lake, New Hampshire. With her perfectly finger-waved hair, borrowed pearls, and scarlet flapper dress, Erica is determined to be unflappable, despite the presence of her ex,

Sheriff Grady Forrester, and his hot date, a bubbly blonde who has a hard time holding her drink. Literally. . . In a plot twist as bizarre as a game of Clue, Grady's girlfriend almost drops dead after her drink is poisoned. Who put the killer ingredient in her appletini? Suddenly the tables have turned and the sheriff has become the prime suspect. Now Erica has until midnight to clear the man she still loves—and in so doing just maybe win him back. That's if the killer doesn't pop the cork again... and turn a New Year's smooch into a kiss of death...
