**Achtung-Panzer!** Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

A natural-born storyteller, she captures the wonder and magic of the red-rock country she loves as well as the living spirit of the Old West. With humor and wisdom gained during her eighty-five years, she tells intimate events in Sedona's past -- of dreams and joys, struggles and disappointments, the tender, the foolish, and the bizarre. When Mary Lou organized the first metaphysical church in town, the Sedona Church of Light, she opened the doors to welcome many famous people of the day. In this book she brings to life the excitement of those early years of traveling gurus, spiritual teachers, psychic healers and metaphysical happenings.
