Twelve Years a Slave Solomon Northup, 2024-01-04  
Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Nortup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

I Married Adventure Osa Johnson, 2020-01-14 A  
CLASSIC MEMOIR OF TWO PIONEERING ADVENTURERS

Before Joy Adamson went to Africa, before Margaret Mead sailed to Samoa, before Dian Fossey was even born, a Kansas teenager named Osa Leighty married Martin Johnson, a pioneering photographer just back from a 'round-the-world cruise with Jack London. Together the Johnsons flew and sailed to Borneo, to Kenya, and to the Congo, filming Simba and other popular nature movies with Martin behind the camera and Osa holding her rifle at the ready in case the scene's big game star should turn hostile. This bestselling memoir retraces their careers in rich detail, with precisely observed descriptions and often heart-stopping anecdotes. Illustrated with scores of the dramatic photos that made the Johnsons famous, it's a book sure to delight every lover of true adventure.

Longevity City David Murphy, 2005 Sometime in the twenty-first century the largest pharmaceutical company in the world, infiltrated by corrupt politicians and the military, assumes control of global politics. The company develops a drug that splits the human embryo in two, creating identical twins that are mirrors of each other - right down to voice patterns, fingerprints and personality. Longevity City depicts Lee, a young man who

becomes involved in the revolution against the most important man in the world - Ronald Carver III - along with the cultural/socio-political background of the futuristic Earth they inhabit. Switching back and forth between Lee (and his twin, Max) and Carver's degenerate leadership of their twenty-second century world, it touches on contemporary issues such as the environment, the third world, and stem cell research. Ronald Carver III will do anything to maintain his hold over the masses, and Lee will do anything to stop him. Their personal battle ranges from earth to outer space, and as they come closer to a final, all-encompassing showdown, the fate of society - and of the entire planet itself - hangs in the balance. Irish author David Murphy lives with his wife, son and daughter near Dublin where he writes, gives workshops and publishes the magazine *Albedo One*, of which he is a founding editor.
