An Index to Articles Published in The Etude Magazine, 1883-1957, Part 1 Pamela Richardson Dennis,2011-01-01 As America's geography and societal demands expanded, the topics in *The Etude* magazine (first published in 1883) took on such important issues as women in music; immigration; transportation; Native American and African American composers and their music; World War I and II; public schools; new technologies (sound recordings, radio, and television); and modern music (jazz, gospel, blues, early 20th century composers) in addition to regular book reviews, teaching advice, interviews, biographies, and advertisements. Though a valued source particularly for private music teachers, with the de-emphasis on the professional elite and the decline in salon music, the magazine ceased publication in 1957. This Index to the articles in *The Etude* serves as a companion to E. Douglas Bomberger's 2004 publication on the music in *The Etude*. Published a little over fifty years after the final issue reached the public, this Index chronicles vocal and instrumental technique, composer biographies, position openings, department store orchestras, the design of a successful music studio, how to play an accordion, recital programs in music schools, and much more. The Index is a valuable tool for research, particularly in the music culture of American in the late nineteenth and early twentieth centuries. With titles of these articles available, the doors are now open for further research in the years to come. The Index is published in two parts and sold as a set for \$250.00.

The Book of (More) Delights Ross Gay,2023-09-19 **Named a Best Book of the Year by The Boston Globe, Garden & Gun, Electric Literature, and St. Louis Public Radio** The New York Times bestselling author of *The Book of Delights* and *Inciting Joy* is back with exactly the book we need in these unsettling times. Margaret Roach of The New York Times says, "Yes, please. I'll have another dose of delight." In Ross Gay's new collection of small, daily wonders, again written over the course of a year, one of America's most original voices continues his ongoing investigation of delight. For Gay, what delights us is what connects us, what gives us meaning, from the joy of hearing a nostalgic song blasting from a passing car to the pleasure of refusing the "nefarious" scannable QR code menus, from the tiny dog he fell hard for to his mother baking a dozen kinds of cookies for her grandchildren. As always, Gay revels in the natural world—sweet potatoes being harvested, a hummingbird carousing in the beebalm, a sunflower growing out of a wall around the cemetery, the shared bounty from a neighbor's fig tree—and the trillion mysterious ways this glorious earth delights us. *The Book of (More) Delights* is a volume to savor and share.

The Home Edit Clea Shearer, Joanna Teplin, 2019-03-19 NEW YORK TIMES BESTSELLER • From the stars of the Netflix series *Get Organized with The Home Edit* (with a serious fan club that includes Reese Witherspoon, Gwyneth Paltrow, and Mindy Kaling), here is an accessible, room-by-room guide to establishing new order in your home. “A master class on how to arrange even your most unattractive belongings—and spaces—in an aesthetically pleasing and easy-to-navigate way.”—*Glamour* (10 Books to Help You Live Your Best Life) Believe this: every single space in your house has the potential to function efficiently and look great. The mishmash of summer and winter clothes in the closet? Yep. Even the dreaded junk drawer? Consider it done. And the best news: it’s not hard to do—in fact, it’s a lot of fun. From the home organizers who made their orderly eye candy the method that everyone swears by comes Joanna and Clea’s signature approach to decluttering. The Home Edit walks you through paring down your belongings in every room, arranging them in a stunning and easy-to-find way (hello, labels!), and maintaining the system so you don’t need another do-over in six months. When you’re done, you’ll not only know exactly where to find things, but you’ll also love the way it looks. A masterclass and look book in one, The Home Edit is filled with bright photographs and detailed tips, from placing plastic dishware in a drawer where little hands can reach to categorizing pantry items by color (there’s nothing like a little ROYGBIV to soothe the soul). Above all, it’s like having your best friends at your side to help you turn the chaos into calm. Includes a link to download and print the labels from a computer (you will need 8-1/2 x 11-inch clear repositionable sticker project paper, such as Avery 4397).

Organizing Eating Sarah E. Dempsey, 2023-09-01 This book develops organizing eating as an organizational-communication centered framework for understanding how communication and power combine to actively shape eating and working in the U.S. food system. Drawing together established scholars, the book sheds light on how the interconnected aspects of power are communicative in nature, shaping and constraining the possibilities for organizing across the food system. The chapters provide grounded insight into the role of racism, corporate and state power, food cooperatives, urban farm systems, food policy, and labor practices, drawing attention to the pathways needed to pursue more equitable food systems. Providing readers with a set of useful critical conceptual tools and an understanding of communication frameworks, chapters identify common principles for critical organizing within the food movement and addresses the relevance of the COVID-19 pandemic and the national uprising against anti-Black violence for understanding the urgent possibilities of food justice. This cohesive collection of cutting-edge scholarship will be of interest to organizational communication scholars, critical/cultural communication scholars, environmental communication scholars, and health communication scholars; and the interdisciplinary fields of environmental studies, agriculture and food studies, and organization and labor studies.

Music and Ideology Mark Carroll, 2017-07-05 This volume gathers together a cross-section of essays and book chapters dealing with the ways in which musicians and their music have been pressed into the service of political, nationalist and racial ideologies. Arranged chronologically according to their subject matter, the selections cover Western and non-Western musics, as well as art and popular musics, from the eighteenth century to the present day. The introduction features detailed commentaries on sources beyond those included in the volume, and as such provides an invaluable and comprehensive reading list for researchers and educators alike. The volume brings together for the first time seminal articles written by leading scholars, and presents them in such a way as to contribute significantly to our understanding of the use and abuse of music for ideological ends.
