This is especially true in the case of music licensing the problems in the music marketplace need to be evaluated as a whole, rather than as isolated or individual concerns of particular stakeholders.

Heritage Regimes and the State Bendix, Regina, Eggert, Aditya, Peselmann, Arnika, 2013-07-02 What happens when UNESCO heritage conventions are ratified by a state? How do UNESCO's global efforts interact with preexisting local, regional and state efforts to conserve or promote culture? What new institutions emerge to address the mandate? The contributors to this volume focus on the work of translation and interpretation that ensues once heritage conventions are ratified and implemented. With seventeen case studies from Europe, Africa, the Caribbean and China, the volume provides comparative evidence for the divergent heritage regimes generated in states that differ in history and political organization. The cases illustrate how UNESCO's aspiration to honor and celebrate cultural diversity diversifies itself. The very effort to adopt a global heritage regime forces myriad adaptations to particular state and interstate modalities of building and managing heritage.

Unbroken (Movie Tie-in Edition) Laura Hillenbrand, 2018-08-21 #1 NEW YORK TIMES BESTSELLER • The incredible true story of survival and salvation that is the basis for two major motion pictures: 2014's Unbroken and the upcoming Unbroken: Path to Redemption. On a May afternoon in 1943, an Army Air Forces bomber crashed into the Pacific Ocean and disappeared, leaving only a spray of debris and a slick of oil, gasoline, and blood. Then, on the ocean surface, a face appeared. It was that of a young lieutenant, the plane's bombardier, who was struggling to a life raft and pulling himself aboard. So began one of the most extraordinary odysseys of the Second World War. The lieutenant's name was Louis Zamperini. In boyhood, he'd been a cunning and incorrigible delinquent, breaking into houses, brawling, and fleeing his home to ride the rails. As a teenager, he had channeled his defiance into running, discovering a prodigious talent that had carried him to the Berlin Olympics and within sight of the four-minute mile. But when war had come, the athlete had become an airman, embarking on a journey that led to his doomed flight, a tiny raft, and a drift into the unknown. Ahead of Zamperini lay thousands of miles of open ocean, leaping sharks, a foundering raft, thirst and starvation, enemy aircraft, and, beyond, a trial even greater. Driven to the limits of endurance, Zamperini would answer desperation with ingenuity; suffering with hope, resolve, and humor; brutality with rebellion. His fate, whether triumph or tragedy, would be suspended on the fraying wire of his will. In her long-awaited new book, Laura Hillenbrand writes with the same rich and vivid narrative voice she displayed in *Seabiscuit*. Telling an unforgettable story of a man's journey into extremity, *Unbroken* is a testament to the resilience of the human mind, body, and spirit. Praise for *Unbroken* "Extraordinarily moving . . . a powerfully drawn survival epic."—The Wall Street Journal "[A] one-in-a-billion story . . . designed to wrench from self-respecting critics all the blurby adjectives we normally try to avoid: It is amazing, unforgettable, gripping, harrowing, chilling, and inspiring."—New York "Staggering . . . mesmerizing . . . Hillenbrand's writing is so ferociously cinematic, the events she describes so incredible, you don't dare take your eyes off the page."—People "A meticulous, soaring and beautifully written account of an extraordinary life."—The Washington Post "Ambitious and powerful . . . a startling narrative and an inspirational book."—The New York Times Book Review "Marvelous . . . Unbroken is wonderful twice over, for the tale it tells and for the way it's told. . . . It manages maximum velocity with no loss of subtlety."—Newsweek "Moving and, yes, inspirational . . . [Laura] Hillenbrand's unforgettable book . . . deserve[s] pride of place alongside the best works of literature that chart the complications and the hard-won triumphs of so-called ordinary Americans and their extraordinary time."—Maureen Corrigan, *Fresh Air* "Hillenbrand . . . tells [this] story with cool elegance but at a thrilling sprinter's pace."—Time "Unbroken is too much book to hope for: a hellride of a story in the grip of the one writer who can handle it."—Christopher McDougall, author of *Born to Run*

Mozart in the Jungle Blair Tindall,2007-12-01 The memoir that inspired the two-time Golden Globe Award-winning comedy series: “Funny . . . heartbreaking . . . [and] utterly absorbing” (Lee Smith, New York Times–bestselling author of *Guests on Earth*). Oboist Blair Tindall recounts her decades-long professional career as a classical musician—from the recitals and Broadway orchestra performances to the secret life of musicians who survive hand to mouth in the backbiting New York classical music scene, where musicians trade sexual favors for plum jobs and assignments in orchestras across the city. Tindall and her fellow journeymen musicians often play drunk, high, or hopelessly hungover, live in decrepit apartments, and perform in hazardous conditions—working-class musicians who schlep across the city between low-paying gigs, without health-care benefits or retirement plans, a stark contrast to the rarefied experiences of overpaid classical musician superstars. An incisive, no-holds-barred account, *Mozart in the Jungle* is the first true, behind-the-scenes look at what goes on backstage and in the orchestra pit. The book that inspired the Amazon Original series starring Gael García Bernal and Lola Kirke, this is “a fresh, highly readable and caustic perspective on an overglamorized world” (Publishers Weekly).

Rationalizing Culture Georgina Born,2023-09-01 Anthropologist Georgina Born presents one of the first ethnographies of a powerful western cultural organization, the renowned Institut de Recherche et de Coordination Acoustique/Musique (IRCAM) in Paris. As a year-long participant-observer, Born studied the social and cultural economy of an institution for research and production of avant-garde and computer music. She gives a unique portrait of IRCAM's composers, computer scientists, technicians, and secretaries, interrogating the effects of the cultural philosophy of the controversial avant-garde composer, Pierre Boulez, who directed the institute until 1992. Born depicts a major artistic institution trying to maintain its status and legitimacy in an era increasingly dominated by market forces, and in a volatile political and cultural climate. She illuminates the erosion of the legitimacy of art and science in the face of growing commercial and political pressures. By tracing how IRCAM has tried to accomodate these pressures while preserving its autonomy, Born reveals the contradictory effects of institutionalizing an avant-garde. Contrary to those who see postmodernism representing an accord between high and popular culture, Born stresses the continuities between modernism and postmodernism and how postmodernism itself embodies an implicit antagonism toward popular culture.

Gear Acquisition Syndrome Jan-Peter Herbst,Jonas Menze,2021-04-19 Gear Acquisition Syndrome, also known as GAS, is commonly understood as the musicians unrelenting urge to buy and own instruments and equipment as an anticipated catalyst of creative energy and bringer of happiness. For many musicians, it involves the unavoidable compulsion to spend money one does not have on gear perhaps not even needed. The urge is directed by the belief that acquiring another instrument will make one a better player. This book pioneers research into the complex phenomenon named GAS from a variety of disciplines, including popular music studies and music technology, cultural and leisure studies, consumption research, sociology, psychology and psychiatry. The newly created theoretical framework and empirical studies of online communities and offline music stores allow the study to consider musical, social and personal motives, which influence the way musicians think about and deal with equipment. As is shown, GAS encompasses a variety of practices and psychological processes. In an often life-long endeavour, upgrading the rig is accompanied by musical learning processes in popular music.
