The Spheres of Music Leonard B. Meyer,2000-07
Leonard B. Meyer's writings on the theory, history, perception, and aesthetics of music have inspired and provoked generations of readers. *The Spheres of Music* makes available a selection of his most important essays (originally published between 1974 and 1998). Gathering them together in one volume not only enables the essays to converse with and illuminate each other, but also allows Meyer to revise, recant, and comment on the ideas they present. With the same sensitive insight and searching intelligence he has exhibited throughout his career, Meyer transcends the boundaries that so often separate fields of inquiry. *The Spheres of Music* joins music theory to history, history to culture, culture to aesthetics, aesthetics to psychology, and psychology back to theory. In so doing, the book highlights the complex interrelationships at the heart of the creation, comprehension, and history of music. Diverse and adventurous, *The Spheres of Music* presents an intriguing and impressive collection of Meyer's work. Ever since the publication of his *Emotion and Meaning in Music* . . . I have considered Leonard B. Meyer one of the keenest thinkers about music among us.—Winthrop Sargeant, *The New Yorker*

Mongolian Sound Worlds Jennifer C. Post,Sunmin

Yoon,Charlotte D'Evelyn,2022-04-12 Music cultures today in rural and urban Mongolia and Inner Mongolia emerge from centuries-old pastoralist practices that were reshaped by political movements in the twentieth century. *Mongolian Sound Worlds* investigates the unique sonic elements, fluid genres, social and spatial performativity, and sounding objects behind new forms of Mongolian music--forms that reflect the nation's past while looking towards its globalized future. Drawing on fieldwork in locations across the Inner Asian region, the contributors report on Mongolia's genres and musical landscapes; instruments like the morin khuur, tovshuur, and Kazakh dombyra; combined fusion band culture; and urban popular music. Their broad range of concerns include nomadic herders' music and instrument building, ethnic boundaries, heritage-making, ideological influences, nationalism, and global circulation. A merger of expert scholarship and eyewitness experience, *Mongolian Sound Worlds* illuminates a diverse and ever-changing musical culture. Contributors: Bayarsaikhan Badamsuren, Otgonbaayar Chuulunbaatar, Andrew Colwell, Johanni Curtet, Charlotte D'Evelyn, Tamir Hargana, Peter K. Marsh, K. Oktyabr, Rebekah Plueckhahn, Jennifer C. Post, D. Tserendavaa, and Sunmin Yoon

A Power Stronger Than Itself George E.

Lewis,2008-09-15 Founded in 1965 and still active today, the Association for the Advancement of Creative Musicians (AACM) is an American institution with an international reputation. George E. Lewis, who joined the collective as a teenager in 1971, establishes the full importance and vitality of the AACM with this communal history, written with a symphonic sweep that draws on a cross-generational chorus of voices and a rich collection of rare images. Moving from Chicago to New York to Paris, and from

founding member Steve McCall's kitchen table to Carnegie Hall, *A Power Stronger Than Itself* uncovers a vibrant, multicultural universe and brings to light a major piece of the history of avant-garde music and art.

Early '70s Radio Kim Simpson, 2011-07-21 Early '70s Radio focuses on the emergence of commercial music radio formats, which refer to distinct musical genres aimed toward specific audiences. This formatting revolution took place in a period rife with heated politics, identity anxiety, large-scale disappointments and seemingly insoluble social problems. As industry professionals worked overtime to understand audiences and to generate formats, they also laid the groundwork for market segmentation. Audiences, meanwhile, approached these formats as safe havens wherein they could re-imagine and redefine key issues of identity. A fresh and accessible exercise in audience interpretation, Early '70s Radio is organized according to the era's five prominent formats and analyzes each of these in relation to their targeted demographics, including Top 40, soft rock, album-oriented rock, soul and country. The book closes by making a case for the significance of early '70s formatting in light of commercial radio today.

Post-War French Popular Music: Cultural Identity and the Brel-Brassens-Ferré Myth Adeline Cordier, 2016-04-08 Jacques Brel, Georges Brassens and Léo Ferré are three emblematic figures of post-war French popular music who have been constantly associated with each other by the public and the media. They have been described as the epitome of chanson, and of 'Frenchness'. But there is more to the trio than a musical trinity: this new study examines the factors of cultural and national identity that have held together the myth of the trio since its creation. This book identifies the combination of cultural and historical

circumstances from which the works of these three singers emerged. It presents an innovative analysis of the correlation between this iconic trio and the evolution of national myths that nurtured the cultural aspirations of post-war French society. It explores the ways in which Brel, Brassens and Ferré embody the myth of the left-wing intellectual and of the authentic 'Gaul' spirit, and it discusses the ambiguous attitude of post-war French society towards gender relations. The book takes an original look at the trio by demonstrating how it illustrates the popular representation of a key issue of French national identity: the paradoxical aspiration to both revolution and the maintenance of the status quo.

Questions of Music Norman Edwards, 2006-07-01 101
classical music CD recital programmes on many disparate themes, most involving relevant anagrams or enigmas of varying complexity to solve with notes and/or anecdotes on each. A brief preface on early career selling Beatles records in to the Liverpool and North Wales dealers during the Beatles boom in the 60's and some valedictory and controversial musical musings at the end.

Complete legends Antonín Dvořák, 2002-01-01
Although his fame rests largely on other musical genres, Dvořák was a gifted and imaginative composer for the piano. His mastery is evident in this 10-piece cycle for piano four hands, similar in concept to the popular character pieces prevalent throughout 19th-century piano music. Sensitive and skillfully written, these poetic compositions brilliantly capture the era's romantic sentiment. Previously available only in two volumes, the complete Legends are reproduced here in a convenient, single-volume edition, sure to appeal to pianists, music lovers, and admirers of Dvořák. Dover original compilation of 10 works from authoritative editions.

Milton Nascimento and Lô Borges's The Corner Club
Jonathon Grasse,2020-03-05 In 1972, a group of creative Brazilian musicians and poets informally led by singer-songwriter Milton Nascimento recorded a landmark double-LP titled *Clube da Esquina* (Corner Club). The album saw highly original songs by Milton, already an award-winning international star, sharing vinyl with those of Lô Borges, an unknown eighteen-year-old from Belo Horizonte, the capital of the state of Minas Gerais. There, where the street corner still exists, grew their collective also known as the Corner Club, as the artists collaborated on many subsequent albums boasting innovative blends of pop, jazz, rock, folk, classical influences, and, before Brazil's return to civilian rule in 1985, poignant protest songs aimed at a cruel dictatorship. Drawing on a thirty-year relationship with Minas Gerais that includes interviews with Corner Club members and extensive research of Portuguese language sources, Jonathon Grasse presents an analysis of the artists, songs, and ideas comprising the LP that helps define this Brazilian generation. *33 1/3 Global*, a series related to but independent from *33 1/3*, takes the format of the original series of short, music-based books and brings the focus to music throughout the world. With initial volumes focusing on Japanese and Brazilian music, the series will also include volumes on the popular music of Australia/Oceania, Europe, Africa, the Middle East, and more.
