The Extinction Agenda Michael Laurence,2019-09-03 An FBI agent fights to stop a conspiracy to unleash a deadly virus on the world in this propulsive, exhilarating new thriller. The discovery of a deadly virus being smuggled across the border pits FBI Special Agent James Mason and his strike force against an unknown adversary hell-bent on humanity's destruction. In a desperate effort to contain the pathogen, they launch a predawn raid, only to find that their enemy knows they're coming...and it's not about to be taken alive. An explosion rips through the building, killing the majority of Mason's team, including his partner and mentor. Tormented by guilt, Mason returns to his home division, but he can't seem to let go of the tragedy. He remembers seeing something inside the building before it went up in flames, something that convinces him that not only is the virus still out there, it's merely the first stage of an even more nefarious plan. Obsessed with unraveling the plot, he launches his own investigation and uncovers a shadow organization on the brink of enacting its genocidal agenda, one carried out by a sinister mass murderer who's been photographed at the epicenter of seemingly every historical pandemic...without appearing to age. An evil man who attempts to derail Mason's investigation by murdering his wife. With the help of his longtime friends—Gunnar Backstrom, a corporate espionage gun-for-hire, and Ramses Donovan, a sin merchant of questionable morality—Mason's hunt for his wife's killer leads him from a dark union at the dawn of the twentieth century to a network of Nazi collaborators and a conspiracy against mankind more than a hundred years in the making. Fueled by anger and driven by the promise of vengeance, he must overcome a monster preparing to unleash his virulent wrath upon an unsuspecting world if he's to have any hope of exposing a deep-state entity that's rooted in every facet of our society, an entity known only as...The Thirteen.

How God Became King Tom Wright,2012-04-12 'It has been slowly dawning on me over many years that there is a

fundamental problem deep at the heart of Christian faith and practice as I have known them . . . we have all forgotten what the four Gospels are about.' With that surprising assertion, Tom Wright launches this ground-breaking work in which he helps us to see the gospel story in radically a new light, and to acknowledge that, for many generations, the Church has been avoiding its full impact and holding back from proclaiming its full meaning. 'Classic Wright: clear, accessible, robust, engaging and challenging.' Paula Gooder in Third Way 'Scholarly, accessible, insightful and provocative.' Christianity 'Wright argues compellingly that the twin themes of kingdom and cross are inseparably linked. . . This is a much-needed reorientation. The book makes its case for 'rethinking' cogently and deserves widespread attention.' Theology

The Fascinators Andrew Eliopoulos, 2020-05-12 A magic-infused YA novel about friendship, first love, and feeling out of place that will bewitch fans of Rainbow Rowell and Maggie Stiefvater. Living in a small town where magic is frowned upon, Sam needs his friends James and Delia—and their time together in their school's magic club—to see him through to graduation. But as soon as senior year starts, little cracks in their group begin to show. Sam may or may not be in love with James. Delia is growing more frustrated with their amateur magic club. And James reveals that he got mixed up with some sketchy magickers over the summer, putting a target on all their backs. With so many fault lines threatening to derail his hopes for the year, Sam is forced to face the fact that the very love of magic that brought his group together is now tearing them apart—and there are some problems that no amount of magic can fix.

Nixon's Secrets Roger Stone, 2014-08-11 Learn the inside scoop on Watergate, the Ford Pardon, and the 18 ½ minute Gap. Roger Stone, The New York Times bestselling author of *The Man Who Killed Kennedy—the Case Against LBJ*, gives the inside scoop on Nixon's rise and fall in Watergate in his new book *Nixon's Secrets*. Stone charts Nixon's rise from election to Congress in 1946 to the White House in 1968 after his razor-thin loss to John Kennedy in 1960, his disastrous campaign for Governor of California in 1962 and the greatest comeback in American Presidential history. "Just as the assassination of JFK prevents a balanced analysis of Kennedy and his times, the myth of Watergate prevents a reappraisal of our 37th President." said Stone who's book on LBJ was the second biggest selling book during the 50th anniversary of Kennedy's murder. Stone reveals how the Kennedy's wiretapped Nixon's hotel room the night before the Nixon-Kennedy debate, and stole Nixon's medical records from his psychiatrist's office. Stone lays out how Kennedy running mate Lyndon Johnson stole Texas from JFK through vote fraud while Mayor Richard Daley stole Illinois, and how JFK actually lost the popular vote. Stone looks at the Nixon Presidency: the desegregation of the public schools, the progressive social programs, Nixon's struggle to end the war in Vietnam, the historic SALT arms reduction agreement with Russia, the saving of Israel in the Six Days War, the opening to China, and the disastrous decision to take America off the Gold standard. "The mainstream media's interpretation of the facts surrounding the Watergate episode are a fantastic and grotesque distortion of historical truth," said Stone. "Cursory examination of the facts in Watergate will reveal that the actions which caused the fall of Nixon cannot be reduced to the simplistic account summarized by Bob Woodward and Carl Bernstein of the Washington Post."

The author outlines how White House Counsel John Dean, planned, pushed and covered-up the Watergate break-in , then sought to avoid responsibility for it. Stone examines the bungled Watergate break-in to determine what exactly Nixon's agents were looking for and how the CIA infiltrated the burglar team and sabotaged the break-in to gain leverage over Nixon. Find out why Nixon demanded the CIA turn over the records of the Bay of Pigs and Kennedy Assassination. Learn how a cabal of military and intelligence hard-liners spied on and undermined Nixon to stop his pro-peace détente foreign policy, his withdrawal of troops from Vietnam, his arms limitation agreement with the Soviets, and his opening to Red China. Discover how Vice President Spiro Agnew was setup to move him out of the line of presidential succession. Stone makes the compelling case that General Alexander Haig orchestrated Nixon's removal from office in a coup d'état and brokered the deal for his pardon. Finally the public will learn what is on the 18 ½ minute gap in the White House Tapes. Stone, a Washington Insider for forty years, outlines why FBI Man Mark Felt is not deep throat, why there is no deep throat, and why Bob Woodward and Carl Bernstein lie about it even today. Stone reveals how Nixon used the dark secrets he knew to avoid prosecution by blackmailing Gerald Ford for a full, free and unconditional pardon. Nixon's secret would not only destroy his presidency—it would save him from prison and allow him to launch his final comeback—advising President Bill Clinton on Foreign Affairs despite Hillary's attempts to block him and her being fired from the 1974 House Impeachment Committee for lying and violating Nixon's rights.

Tricky Dick Roger Stone, 2017-07-11 Finally, there is a warts and all biography of the most enduring American politician of the 20th century Richard Milhous Nixon written by an author with unprecedented access and insight about our 37th President', New York Times Bestselling Author Roger Stone. Stone and his co-author award winning Investigative reporter Michael Colapietro , look at the totality of Nixon's entire career utilizing stunning new information either suppressed or unknown by the main stream media of the time. Tricky Dick includes new and never before published documentation that the CIA infiltrated the original Watergate burglary team in order to purposely botch the break-in , that White House Counsel John Dean consistently lied about his true role in planning, execution and cover up of the Watergate break lying to Nixon about White House involvement for nine months and concealing ties between Dean and his wife and a high-priced call girl ring utilized by the Democratic National Committee to entertain visiting Democrat dignitaries. Building on the blockbuster revelations of Roger Stone's previous book on the Nixon's presidency Nixon's Secrets the longtime Nixon intimate and his co-author have added shocking new material that proves that the Watergate Special Prosecutor met secretly repeatedly and illegally with Watergate Trial Judge John Sirica in a successful effort to railroad Nixon and rig any appeal to a higher court. Stone and his co-author Colapietro trace Nixon' meteoric climb from his first race for the House in 1947, his dogged pursuit of Soviet spy Alger Hiss (classified Russian documents released after the fall of the Soviet Union prove Hiss was indeed a KGB Spy), Nixon's bruising campaign for the US Senate in 1950, his improbable selection by General Dwight D Eisenhower to be vice president only six years after his election to Congress, the triumphs and

humiliations of his vice presidential years, and his razor thin loss of the presidency to John F Kennedy in 1960. Tricky Dick: The Rise and Fall and Rise of Richard M. Nixon proves in intricate detail how the 1960 election was stolen from a surging Nixon, detailing voter fraud in both Texas and Illinois to a degree heretofore undocumented by political scientists and covered only by the New York Herald Tribune at the time. These New York Times bestselling authors also detail Nixon's reinvention of himself as "The New Nixon" and the greatest single come back in American history which resulted in Nixon's triumphant election as president in 1968. Tricky Dick also dissects the military industrial complex unhappiness with Nixon's end to the war in Vietnam, his historic strategic arms limitation agreement with the Soviets and his opening to China and the resultant plot to bring Nixon down in the scandal known today as Watergate.

Roots Alex Haley, 1977 This bold . . . extraordinary . . . blockbuster . . . (Newsweek) begins with a birth in 1750, in an African village; it ends seven generations later at the Arkansas funeral of a black professor whose children are a teacher, a Navy architect, an assistant director of the U.S. Information Agency, and an author. The author is Alex Haley.

A Transformatory Ethic of Inclusion Jayne Clapton, 2009-01-01 Inclusion, is a topical notion which underpins contemporary human service practices and policies within Western Judeo-Christian societies. Inclusion is most often considered within socio-historical and socio-political contexts, whereby technical and legislative responses are sought. However, this book explores the question, How ethically defensible is the notion of inclusion in relation to people with intellectual disability?
