Longarm #303: Longarm and the Grand Canyon Gang Tabor Evans, 2004-01-27 This time Longarm's really in deep... They've kept the Santa Fe Railroad off track with three holdups. They've sent the marshal of Flagstaff, Arizona, to a higher justice with a well-placed bullet. They've pulled the wool over the eyes of the Navajo by rustling their sheep. They're the Grand Canyon Gang, and they're lower than a rattlesnake sunbathing at the bottom of their namesake. It's Deputy Marshal Custis Long's duty to bring these cutthroats to justice. But after encountering a jewel named Emerald Alexander, he's been cursed with a string of bad luck that includes being robbed, conned, and wrongly imprisoned. Now that his temper has been riled, Longarm is going to give this gang a tour of the Canyon they'll never forget...

Organizing For Dummies Eileen Roth, Elizabeth Miles, 2000-11-29 Organize your office, your home, your life! What's the favorite four-letter word of people who are less than fully organized? "Help!" So many technological, social, and economic changes affect your life that you need organization just to keep up, let alone advance. Many people have two jobs - one at the office and one taking care of things at home. If you have a family, you may count that as a third job. Caring for elderly relatives or have community commitments? You can count off four, five, and keep right on going. No matter what life stage you're in, getting organized can make every day better and help you achieve your long-term goals. Organizing For Dummies is for anyone who wants to Polish his or her professional reputation Experience less stress Increase productivity Build better relationships Maximize personal time Organization isn't inherited. With the human genome decoded, the evidence is clear: DNA strings dedicated to putting things into place and managing your time like a pro are nonexistent. Instead, organization is a learned skill set. Organizing For Dummies helps you gain that skill with topics such as: Understanding how clutter costs you in time, money, and health Training your mind to be organized and developing a plan Cleaning house, room by room, from basement to attic (including the garage) Creating functional space for efficiency and storage Time-management strategies for home, office, and tavel Scheduling, delegating, and multitasking Making time for your family Managing your health - physical and financial Finding time for love Organizing and cashing in on a great garage sale Getting organized is about unstuffing your life, clearing out the dead weight in places from your closet to your calendar to your computer, and then installing systems that keep the good stuff in its place. Organizing is a liberating and enlightening experience that can enhance your effectiveness and lessen your stress every day - and it's all yours simply for saying "No" to clutter.

Put Your Money Where Your Life Is Michael H. Shuman, 2020-06-02 Learn how to stop investing in Wall Street and start investing in your local community with this practical layperson's guide. Americans agree on very little these days, but we can all agree on one critical point: Wall Street can no longer be trusted. Yet most of us continue to invest our money in the stocks and bonds of Fortune 500 companies, transferring our capital far from where we live and work. Local investing expert Michael Shuman offers another alternative. He shows how we can use two well-established-but rarely used-investment tools to keep our money close and get a return as good as or better than what we'd get investing in distant, indifferent corporations. Shuman explains the nuts and bolts of self-directed IRAs and solo 401(k)s and how they can be combined with other recently legalized local investing tools. He details how to set these accounts up, identify and evaluate a whole range of local investment opportunities, and make sure account holders stay on the right side of the law. While the book is written for people without a lot of investment experience-Shuman explains concepts like "liquidity" and "diversification" in

simple terms—even if you're as experienced as Warren Buffett, this book will make you rethink everything you know about investing. With Shuman's expert advice, you can strengthen your investment portfolio and your community, neighborhoods, and schools at the same time! "As so many Americans feel powerless to confront a financial system designed to serve the few, Shuman offers us real choices: tools that align our lives with our values. That's power. I love this highly readable, timely, surprising book." —Frances Moore Lappé, coauthor of *Daring Democracy* and author of *Diet for a Small Planet* "Local cheese, local beer—and local investing! This is a valuable guide to taking money out of the few giant banks (which are probably using it to underwrite the fossil fuel industry) and putting it to work close to home!" —Bill McKibben, author of *Falter* "Once again Michael Shuman has given us a clear manual for how well-meaning, good people (the 99.99 percent of us) can put their money where their hearts are—in communities where they live, in local businesses, trade, and retail." —Vicki Robin, coauthor of *Your Money or Your Life* and author of *Blessing the Hands That Feed Us*

Gabriela Mistral's Letters to Doris Dana Gabriela Mistral, 2018 These letters, published in Spanish in 2010 and now translated for the first time into English, provide insight into her work as a poet and illuminate her perspectives on politics, especially war and human rights.

Celebrate the Dandelions Valerie, 2016-02-17 Valerie was born in 1945 when families were encouraged to keep secrets. the rule, 'what happens in Vegas, stays in Vegas', stems from this concept. Unmarried and pregnant young girls were sent to visit their fictitious Aunt Martha, or hidden in the upstairs bedroom. If your father beat your mother, you learned quickly to accept his behavior as the norm in all families. What we now view as abnormal behavior was never discussed with friends, neighbors, or the authorities. there were few laws governing family safety, no books telling you what to do to protect yourself, and no councilors to provide advice. Silence ruled. Sadly, this silence birthed a generation of people unable to cope with the misery and chaos in their lives. With no one to lead them out of the darkness, many were forced to find their own coping methods which, in turn, created new (and some not so new) psychiatric maladies such as Borderline Personality disorder (BPD) a, and Post Traumatic Stress Disorder (PTSD). Abuse, all abuse, creates monsters of us all whether we want to admit it or

not.

500 Reasons Why You're My Best Friend Lorraine Bodger, 2012-12-11 DIV They hold us together through good times and bad. They keep us sane. They keep us talking. They keep us in touch with our feelings. From the time we're in our strollers to the time we're using walkers, best friends are a crucial part of female culture. Guys may supply the electricity in our lives, but girls supply the grounding. --500 Reasons Why You're My Best Friend She's fun to be with. She tells the truth. She's your most dependable ally. These are just some of the characteristics of every woman's best girlfriend. And artist-illustrator Lorraine Bodger deftly describes plenty of others in her list book, *500 Reasons Why You're My Best Friend*. Consider these observations: * I can tell you anything, and you won't be shocked. * You redid my makeup for me when it was starting to look old-fashioned. * We helped each other torture our siblings. How much fun was that? * You're patient with me when I'm stuck on a guy and can't stop talking about him. * When I'm sick in bed, you call to check on me at least five times a day. * You helped me sew 106 name tapes into my daughter's clothes before she went to sleep-away camp for the first time. Then you let me cry on your shoulder when she left on the bus. * You think I'm smart, capable, clever, and pretty. You're my one-woman cheering section. In text that's sassy and sweet, witty and serious, wry and loving, Bodger sums up the qualities of real friendships. All women will recognize themselves and their best friends in this delightful gift book. Universal in its appeal, *500 Reasons Why You're My Best Friend* joins the ranks of Lorraine Bodger's other best-selling list books. /div

Health Promotion Throughout the Life Span - E-Book Carole Lium Edelman, Elizabeth Connelly Kudzma, Carol Lynn Mandle, 2013-10-01 With the advent of health care reform and an emphasis on reducing health care costs, health promotion and disease prevention is a priority in nursing care. Be prepared with *Health Promotion Throughout the Life Span*, 8th Edition, your comprehensive guide to major health promotion concepts. Featuring practical guidance - including boxes on diversity awareness, evidence-based practice, innovative practice, hot topics, and quality and safety as well as case studies and care plans - our experienced authors give you all the tools you need to stay current on the latest research and trends in health promotion. Extensive coverage of growth and development throughout the lifespan emphasizes the unique problems and health promotion needs of each age and stage of development. Separate chapters on each population - group, individual, family, and community - stress the unique issues faced when providing care to each group. Evidence-Based Practice boxes emphasize current research efforts and opportunities in health promotion. Hot Topics and Innovative Practice boxes engage students' interest by introducing significant issues, trends, and creative programs and projects in health promotion practice. Diversity Awareness boxes address various cultural perspectives and provide important information that needs to be considered in planning care. Case studies and care plans present realistic situations that challenge students to reflect upon important health promotion concepts. Think About It boxes dig deeper into the chapter topic and encourage critical thinking. Numerous pedagogical features such as objectives, key terms, and textual summaries highlight the most important concepts and terms in each chapter. Updated nutrition coverage includes MyPyramid from the FDA, as well as the latest information on food safety and fad diets. Expanded health policy coverage focuses on global health, historical perspectives, financing healthcare, concierge medical practices, and the hospitalist movement. *Health Promotion for the Twenty-First Century* explores current and future health promotion challenges and research initiatives. Updated Healthy People 2010 data includes midcourse review objectives and an introduction to Healthy People 2020. Case Studies and Care Plans summarize key concepts and show how they apply to real-life practice.
