**A Thousand Cuts** Dennis Bartok, Jeff Joseph, 2016-08-25 A Thousand Cuts is a candid exploration of one of America's strangest and most quickly vanishing subcultures. It is about the death of physical film in the digital era and about a paranoid, secretive, eccentric, and sometimes obsessive group of film-mad collectors who made movies and their projection a private religion in the time before DVDs and Blu-rays. The book includes the stories of film historian/critic Leonard Maltin, TCM host Robert Osborne discussing Rock Hudson's secret 1970s film vault, RoboCop producer Jon Davison dropping acid and screening King Kong with Jefferson Airplane at the Fillmore East, and Academy Award-winning film historian Kevin Brownlow recounting his decades-long quest to restore the 1927 Napoleon. Other lesser-known but equally fascinating subjects include one-legged former Broadway dancer Tony Turano, who lives in a Norma Desmond-like world of decaying movie memories, and notorious film pirate Al Beardsley, one of the men responsible for putting O. J. Simpson behind bars. Authors Dennis Bartok and Jeff Joseph examine one of the least-known episodes in modern legal history: the FBI's and Justice Department's campaign to harass, intimidate, and arrest film dealers and collectors in the early 1970s. Many of those persecuted were gay men. Victims included Planet of the Apes star Roddy McDowall, who was arrested in 1974 for film collecting and forced to name names of fellow collectors, including Rock

Hudson and Mel Tormé. *A Thousand Cuts* explores the obsessions of the colorful individuals who created their own screening rooms, spent vast sums, negotiated underground networks, and even risked legal jeopardy to pursue their passion for real, physical film.

Now, six years after their split, they're able to pick up where they left off when Donovan moves in next door. Donovan's just as hot tempered as she remembered, and even hotter than she dared to imagine. But underneath his cold exterior he's still her same old Donovan. There's only one problem. He's married.

*The Self-Sustaining Filmmaker* Marty Lang, 2024-06-13 This book provides guidance on how to build an independent, financially sustainable filmmaking career through channels such as crowdsourcing, crowdfunding, and community filmmaking concepts. Through real-life experiences, Marty Lang provides insight on how to use these key concepts through every stage of a film's lifecycle - from distribution (the stage that should be figured out first), through development, screenwriting, prep, production and post, all the way through marketing and the film's release. By thinking of filmmaking as a start-up company, and looking at how businesses make money, Lang creates a completely independent financial model for films, turning filmmakers into businesspeople, conscious of the needs of their audiences, and empowered to use their creative work to make their living. Using interviews with leaders in the field, case studies, and practical experience gained from 20 years of community filmmaking, this book unveils an exciting, new way to make films that prioritizes a collaborative, entrepreneurial mindset at every stage. This is an essential guide for aspiring and seasoned filmmakers alike looking to understand and apply crowdsourcing as an effective tool in their career.

*Soldier's Heart* Elizabeth D. Samet, 2007-10-16 Elizabeth D. Samet and her students learned to romanticize the army from the stories of their fathers and from the movies. For Samet, it was the old World War II movies she used to watch on TV, while her students grew up on *Braveheart* and *Saving Private*

Ryan. Unlike their teacher, however, these students, cadets at the United States Military Academy at West Point, have decided to turn make-believe into real life. West Point is a world away from Yale, where Samet attended graduate school and where nothing sufficiently prepared her for teaching literature to young men and women who were training to fight a war. Intimate and poignant, *Soldier's Heart* chronicles the various tensions inherent in that life as well as the ways in which war has transformed Samet's relationship to literature. Fighting in Iraq, Samet's former students share what books and movies mean to them—the poetry of Wallace Stevens, the fiction of Virginia Woolf and J. M. Coetzee, the epics of Homer, or the films of James Cagney. Their letters in turn prompt Samet to wonder exactly what she owes to cadets in the classroom. Samet arrived at West Point before September 11, 2001, and has seen the academy change dramatically. In *Soldier's Heart*, she reads this transformation through her own experiences and those of her students. Forcefully examining what it means to be a civilian teaching literature at a military academy, Samet also considers the role of women in the army, the dangerous tides of religious and political zeal roiling the country, the uses of the call to patriotism, and the cult of sacrifice she believes is currently paralyzing national debate. Ultimately, Samet offers an honest and original reflection on the relationship between art and life.

**Windows Media Center Wizardry** Tony Campbell, 2006-07-28 This short cut is a series of How To sections, each concentrating on an area of functionality little exploited by typical users, although extremely useful when exposed. Section 1 Smarter Media Center Configuration There are smart ways, and not so smart ways, to configure a PC running Windows XP Media Center Edition 2005.

Smart configuration means understanding which hardware components best integrate together and how those components should be set up to best deliver their unique set of services. All in all, smarter configuration facilitates a better Media Center experience for everyone. Section 2 Media Center's Best Kept Secrets Once the Media Center has been set up and is integrated into the required environment, the next thing a user needs to understand is where the real power of MCE lies. At first glance it's not at all apparent. This section delves into the depths of using and really leveraging the essence of MCE. Section 3 Taking Media Center to the Next Level There are, as with most software solutions, things that MCE doesn't do that well (or at all). However, as is the case with all Microsoft platforms, MCE comes with its own API and is highly extensible. Many software developers have augmented the Media Center feature set with new and exciting enhancements that bolster its capabilities. This section details the author's preferences on essential additions to a MCE implementation including information on Xbox, PSP, and the iPod.

*Sweet Magnolia* Norma L. Jarrett, 2006-06-06 From the author of fiction favorite *Sunday Brunch* comes an inspirational novel about two bitterly divided sisters struggling to forgive each other and renew their faith in God. Everything is not always sweet on Magnolia Lane, where the Ledoux clan had always gathered under the watchful eye of the family matriarch, Hannah. Years later, Hannah's granddaughter Summer, a soon-to-be bride, has planned a weekend event that prompts a major family reunion. But once relatives come together to celebrate Summer's wedding, generational secrets that have spanned decades slowly come to the surface. Blowing in belatedly and stoking long-standing resentments is Summer's older sister, Misa, an international model. Unbeknownst to them, the sisters share something besides a feud: they have inherited the depression that had darkened the life of their mother, Elizabeth. While Summer relies on God to keep her from the abyss, Misa submerges herself in drinks and men. But neither can avoid what happens when, after a particularly vitriolic argument, one of the sisters flees in anger into the darkness of a rain-swept night. The aftermath leads the sisters to uncover the truth about their family and themselves, testing their spiritual reserves. And along the way, God's spirit continues to send them messages about the beauty of faith and love. Spiritual, dramatic, and a memorable tribute to our beloved New Orleans, Jarrett's second novel is a confident step forward in an already bright career.
