I Believe In Evan - My Fight to Save my Baby from a Devastating Brain Injury and the Forces Against Us Elise Schwarz,2016-01-08 On 18 January 2012, Elise Schwarz received a phone call that threatened to tear her world to pieces: ‘There’s something wrong with Evan. He’s turning blue,’ her babysitter screamed down the line. When Evan was born Elise felt her life was complete. She had her own New York apartment, a brilliant career as a litigator and a beautiful baby boy. But all that was thrown into turmoil when her only child was found to be the victim of shaken baby syndrome. All evidence pointed to the babysitter, with whom Elise had entrusted Evan’s care. In the agonising weeks and months that follow, she finds herself taking on both the New York authorities, who at first prevent her from taking charge of her own child, and a medical establishment that seems anxious to terminate Evan’s prospects as swiftly as possible. But this single gay mother, with a great support network of friends and family around her, had the resilience to fight like a tigress for her son in order to prevent his short life being extinguished

prematurely. Faced with a nightmarish mix of emotions and a roller coaster of conflicting advice and agonising decision making, Elise emerges a Mother Courage, prepared to go to any lengths for her son. This moving and compelling account, told in diary form, is a testament to a mother's unbending love and above all unflinching belief in her child.

The Girls Within Gill Frost, 2020-11-30 A compelling true story of one woman's battle with the aftermath of childhood trauma, which gives a gripping account of the often controversial and misunderstood condition of dissociative identity disorder (DID), formerly known as multiple personality disorder (MPD). This emotional but ultimately uplifting journey details the unforeseen twists and turns of the effects of therapy and how it can help in coming to terms with the past and its unsettling echoes in the present. Heartwarming and lucid, it's an inspiring tale for all to read. Through its clinical rigour, professional therapists will also gain insight into the various treatment options for DID, including the

innovative use of energy therapy. The book contains 32 colour illustrations, including 24 drawings by The Girls. The star of this book is an extraordinary, bright-spirited, and entertaining six-year-old girl, called Little Vivvi, who experienced shocking abuse from members of her family. Yet Little Vivvi lives within Vivian, a middle-aged woman who has struggled with DID for many years. The challenging process of psychotherapy is laid bare, as Little Vivvi wrestles with overwhelming memories of childhood abuse. Alongside talking therapy, energy treatment, which she calls Wooshing, is utilised to astonishing effect, becoming the enigmatic ingredient that finally enables Little Vivvi to find relief from the distress and fear that had dominated her existence. As therapy seems to draw to a close, Izzy appears. A very sensitive, thoughtful and mature eight-year-old, Izzy too needs love, support and treatment to speak about her trauma. After overcoming her understandable distrust, Izzy enables an exceptional ending to the therapeutic journey, far beyond anything Vivian and her therapist, Gill, could have dreamed. Little Vivvi and Izzy will make you want to laugh out loud as well as cry. Their story teaches so much about suffering, dissociation and survival. Their aim is to enlighten, inspire and offer hope to others through reading their incredible tales, which reveal the astonishing power of The Girls within.

Kingston and the Magician's Lost and Found Rucker Moses, Theo Gangi, 2022-05-17 Magic has all but disappeared in Brooklyn, but one tenacious young magician is determined to bring it back in this exciting middle grade mystery. Twelve-year-old Kingston has just moved from the suburbs back to Echo City, Brooklyn—the last place his father was seen alive. Kingston's father was King Preston, one of the world's greatest magicians. Until one trick went wrong and he disappeared. Now that Kingston is back in Echo City, he's determined to find his father. Somehow, though, when his father disappeared, he took all of Echo City's magic with him. Now Echo City—a ghost of its past—is living up to its name. With no magic left, the magicians have packed up and left town and those who've stayed behind don't look too kindly on any who reminds them of what they once had. When Kingston finds a magic box his father left behind as a clue, Kingston knows there's more to his father's disappearance than meets the eye. He'll have to keep it a secret—that is, until he can restore magic to Echo City. With his cousin Veronica and childhood friend Too Tall Eddie, Kingston works to solve the clues, but one wrong move and his father might not be the only one who goes missing.

Stewards of Memory Carol Borchert Cadou, 2018-11-27 Mount Vernon, despite its importance as the estate of George Washington, is subject to the same threats of time as any property and has required considerable resources and organization to endure as a historic site and house. This book provides a window into the broad scope of preservation work undertaken at Mount Vernon over the course of more than 160 years and places this work within the context of America's regional and national preservation efforts. It was at Mount Vernon, beginning with efforts in 1853, that the American tradition of historic preservation truly took hold. As the nation's oldest historic house museum, Mount Vernon offers a unique opportunity to chronicle preservation challenges and successes over time as well as to forecast those of the future. Stewards

of Memory features essays by senior scholars who helped define American historic preservation in the twentieth and early twenty-first centuries, including Carl R. Lounsbury, George W. McDaniel, and Carter L. Hudgins. Their contributions—complemented by those of Scott E. Casper, Lydia Mattice Brandt, and Mount Vernon’s own preservation scholars—offer insights into the changing nature of the field. The multifaceted story told here will be invaluable to students of historic preservation, historic site professionals, specialists in the preservation field, and any reader with an interest in American historic preservation and Mount Vernon. Support provided by the David Bruce Smith Book Fund and the Fred W. Smith National Library for the Study of George Washington at Mount Vernon.

The Quest for Juice Jonathan-David Jackson,2013-06-10 Oscar has always lived a life of quiet paranoia, but now everything is changing. Suddenly, the bus is frequently late, his housekeys won't fit in the lock, and someone has taken his juice, which was the one thing holding his life together. He strikes back against the people behind it all, but when he strikes too hard an innocent man ends up dead, and Oscar ends up in jail, diagnosed as a paranoid schizophrenic and facing life in a mental institution. On his journey to mental health and the truth, he has to make hard decisions about medication, trusting his own mind, dating a nurse, and whether that hedgehog can actually talk.
