The Informer in Law Enforcement Malachi L. Harney, John C. Cross, 1960

The Informer Sean O'Callaghan, 1998 In 1988 IRA terrorist Sean O'Callaghan walked into a police station and gave himself up. Sentenced to 539 years' imprisonment for IRA crimes including two murders and many terrorist attacks, O'Callaghan served six of those years before being released by royal prerogative. The reason? For the previous sixteen years O'Callaghan had been the most highly placed informer within the ranks of the IRA and had fed the Irish Garda with countless pieces of invaluable information. He prevented the assassination of the Prince and Princess of Wales at a London theatre; he sabotaged operations, explained strategy and caused the arrests of many IRA members. He has done more than any individual to unlock the code of silence which governs the IRA's members, and in effect made it possible to fight the war against the terrorists. *The Informer* is the story of a courageous life lived under the constant threat of discovery and its fatal consequences. It is the story of a very modern hero, who is not without sin but who has done and is doing everything in his power, and at whatever personal cost, to atone for the past. From the Hardcover edition.

Iran and the CIA D. Bayandor, 2010-03-03 In the early 1950s, frail septuagenarian prime minister of Iran, Doctor Mohammad Mosaddeq, shook the world - challenging Britain by nationalizing Iran's British-run oil industries. In August 1953 he was overthrown. Revisiting these events with astonishing new evidence, this book challenges the conventionally-held theory of foul play by the CIA.

Sketches from a Secret War Timothy Snyder, 2007-10-10 The forgotten protagonist of this true account aspired to be a cubist painter in his native Kyiv. In a Europe remade by the First World War, his talents led him to different roles—intelligence operative, powerful statesman, underground activist, lifelong conspirator. Henryk Józewski directed Polish intelligence in Ukraine, governed the borderland region of Volhynia in the interwar years, worked in the anti-Nazi and anti-Soviet underground during the Second World War, and conspired against Poland's Stalinists until his arrest in 1953. His personal story, important in its own right, sheds new light on the foundations of Soviet power and on the ideals of those who resisted it. By following the arc of Józewski's life, this book demonstrates that his tolerant policies toward Ukrainians in Volhynia were part of Poland's plans to roll back the communist threat. The book mines archival materials, many available only since the fall of communism, to rescue Józewski, his Polish milieu, and his Ukrainian dream from oblivion. An epilogue connects his legacy to the disintegration of the Soviet Union and the democratic revolution in Ukraine in 2004.

Catiline's Conspiracy, The Jugurthine War, Histories Sallust, 2010-04-15 These three works exemplify the Roman historian Sallust's condemnation of the excesses of the late Republic. In the conspiracy of Catiline and the war against Jugurtha he sees moral and political corruption and the tragedy of civil strife. This new translation captures Sallust's distinctive style and considers his work as history and literature.

A World History of Ancient Political Thought Antony Black, 2016-10-20 This revised and expanded edition of *A World History of Ancient Political Thought* examines the political thought of ancient Egypt, Mesopotamia, Israel, Iran, India, China, Greece, Rome and early Christianity, from prehistory to c.300 CE. The book explores the earliest texts of literate societies, beginning with the first written records of political thought in Egypt and Mesopotamia and ending with the collapse of the Han dynasty and the Western Roman Empire. In most cultures, sacred monarchy was the norm, but this ranged from absolute to conditional authority. 'The people' were recipients of royal (and

divine) beneficence. Justice, the rule of law and meritocracy were generally regarded as fundamental. In Greece and Rome, democracy and liberty were born, while in Israel the polity was based on covenant and the law. Confucius taught humaneness, Mozi and Christianity taught universal love; Kautilya and the Chinese 'Legalists' believed in realpolitik and an authoritarian state. The conflict between might and right was resolved in many different ways. Chinese, Greek and Indian thinkers reflected on the origin and purposes of the state. Status and class were embedded in Indian and Chinese thought, the nation in Israelite thought. The Stoics and Cicero, on the other hand, saw humanity as a single unit. Political philosophy, using logic, evidence and dialectic, was invented in China and Greece, statecraft in China and India, political science in Greece. Plato and Aristotle, followed by Polybius and Cicero, started 'western' political philosophy. This book covers political philosophy, religious ideology, constitutional theory, social ethics, official and popular political culture.

The Thought of Nirad C. Chaudhuri Ian Almond, 2015-09-03 In this critical examination of the famous South Asian thinker Nirad C. Chaudhuri (1897–1999), a notorious Anglophile and defender of Empire, Ian Almond analyses the factors that played a role in the evolution of his thought. Almond explores how Empire creates 'native informants', enabling local subjects to alienate themselves from and even abhor their own cultures. Through analysis of Chaudhuri's views on Islam, his use of the archive, moments of melancholy and loss in his writing, and his opinions on empire, Almond dissects the constitution of an Indian writer and locates the precise ways in which Chaudhuri was able to produce the kind of discourses he did, exploring how conservative, pro-Western intellectuals are formed in postcolonial environments. A strong comparative element places Chaudhuri's views in the context of conservative intellectuals from Latin America, the Middle East and South Asia, concluding with a consideration of present-day 'native informants' from these regions.

Divine Passions Owen M. Lynch, 2021-01-08 Naked holy men denying sexuality and feeling;

elderly people basking in the warmth and security provided by devoted and attentive family members; fastidious priests concerned solely with rules of purity and the minutiae of ritual practice; puritanical moralists concealing women and sexuality behind purdah's veils—these are familiar Western stereotypes of India. The essays in *Divine Passions*, however, paint other, more colorful and emotionally alive pictures of India: ecstatic religious devotees rolling in temple dust; gray-haired elders worrying about neglect and mistreatment by family members; priests pursuing a lusty, carefree ideal of the good life; and jokers reviling one another with bawdy, sexual insults at marriages. Drawing on rich ethnographic data from emotion-charged scenarios, these essays question Western academic theories of emotion, particularly those that reduce emotions to physiological sensations or to an individual's private feelings. Presenting an alternative view of emotions as culturally constructed and morally evaluative concepts grounded in the bodily self, the contributors to *Divine Passions* help dispel some of the West's persistent misconceptions of Indian emotional experience. Moreover, the edition as a whole argues for a new and different understanding of India based on field research and an understanding of the devotional (bhakti) tradition.
