#HashtagActivism Sarah J. Jackson,Moya Bailey,Brooke Foucault Welles,2020-03-10 This “well-researched, nuanced” study of the rise of social media activism explores how marginalized groups use Twitter to advance counter-narratives, preempt political spin, and build diverse networks of dissent (Ms.) The power of hashtag activism became clear in 2011, when #IranElection served as an organizing tool for Iranians protesting a disputed election and offered a global audience a front-row seat to a nascent revolution. Since then, activists have used a variety of hashtags, including #JusticeForTrayvon, #BlackLivesMatter, #YesAllWomen, and #MeToo to advocate, mobilize, and communicate. In this book, Sarah Jackson, Moya Bailey, and Brooke Foucault Welles explore how and why Twitter has become an important platform for historically disenfranchised populations, including Black Americans, women, and transgender people. They show how marginalized groups, long excluded from elite media spaces, have used Twitter hashtags to advance counternarratives, preempt political spin, and build diverse networks of dissent. The authors describe how such hashtags as #MeToo, #SurvivorPrivilege, and #WhyIStayed have challenged the conventional understanding of gendered violence; examine the voices and narratives of Black feminism enabled by #FastTailedGirls, #YouOKSis, and #SayHerName; and explore the creation and use of #GirlsLikeUs, a network of transgender women. They investigate the digital signatures of the “new civil rights movement”—the online activism, storytelling, and strategy-building that set the stage for #BlackLivesMatter—and recount the spread of racial justice hashtags after the killing of Michael Brown in Ferguson, Missouri, and other high-profile incidents of killings by police. Finally, they consider hashtag created by allies, including #AllMenCan and #CrimingWhileWhite.

11C1p James M. Mallen,2012-09-21 This is the report of an American Paratrooper, Infantry, boots on the ground, in Viet Nam in the mid 1960s. It is not a romanticized, sanitized, fantasized Hollywood version of ground combat. It is a description of life on the ground for your military grandfathers, fathers, uncles and brothers. When they returned from Viet Nam, this is not what they talked about. It was too painful, too raw, too uncivilized and too inhuman. The accumulated fear and pain of a full years tour of duty was over-whelming, physically and as modern research shows, psychically. They didnt want to talk about it, they didnt want to think about it . This is a description of what they endured. Your grandfathers, fathers, sons, uncles and friends were pushed beyond any reasonable limits of human physical and mental endurance and it ultimately had a lifelong bad effect on their bodies and mind. They were called by their Country, as volunteers or as draftees, to be on the front lines in a war of ideas, in the middle of political debates wherein the good citizens had no idea of what was required of their young citizens and their families. This is my story but it is also the story of thousands of young citizens who answered their Countrys call. May God bless every one of you and your families who suffered along with you. All the Way.
