My Mother, My Translator Jaspreet Singh, 2021-09-15 In 2008, Jaspreet Singh made a pact with his mother. He would gladly give her the go-ahead to publish her significantly altered translation of a story from his collection, *Seventeen Tomatoes*, if she promised to write her memoirs. After she died in 2012, he decided to take up the memoir she had started. *My Mother, My Translator* is a deeply personal exploration of a complex relationship. It is a family history, a work of mourning, a meditation on storytelling and silences, and a reckoning with trauma--the inherited trauma of the 1947 Partition of India and the direct trauma of the November 1984 anti-Sikh violence Singh experienced as a teenager. Tracing the men and especially the women of his family from the 1918 pandemic through the calamitous events of Partition, *My Mother, My Translator* takes us through Singh's childhood in Kashmir and with his grandparents in Indian Punjab to his arrival in Canada in 1990 to study the sciences, up to the closing moments of 2020, as he tries to locate new forms of stories for living in a present marked by COVID-19 and climate crisis.

Is That a Fish in Your Ear? David Bellos, 2011-10-11 A New York Times Notable Book for 2011 One of The Economist's 2011 Books of the Year People speak different languages, and always have. The Ancient Greeks took no notice of anything unless it was said in Greek; the Romans made everyone speak Latin; and in India, people learned their neighbors' languages—as did many ordinary Europeans in times past (Christopher Columbus knew Italian, Portuguese, and Castilian Spanish as well as the classical languages). But today, we all use translation to cope with the diversity of languages. Without translation there would be no world news, not much of a reading list in any subject at college, no repair manuals for cars or planes; we wouldn't even be able to put together flat-pack furniture. *Is That a Fish in Your Ear?* ranges across the whole of human experience, from foreign films to philosophy, to show why translation is at the heart of what we do and who we are. Among many other things, David Bellos asks: What's the difference between translating unprepared natural speech and translating *Madame Bovary*? How do you translate a joke? What's the difference between a native tongue and a learned one? Can you translate between any pair of languages, or only between some? What really goes on when world leaders speak at the UN? Can machines ever replace human translators, and if not, why? But the biggest question Bellos asks is this: How do we ever really know that we've understood what anybody else says—in our own language or in another? Surprising, witty, and written with great *joie de vivre*, this book is all about how we comprehend other people and shows us how, ultimately, translation is another name for the human condition.

The Translator Nina Schuyler, 2021-11-15 When renowned translator Hanne Schubert falls down a flight of stairs, she suffers a brain injury and ends up with an unusual but real condition: the ability to only speak the language she learned later in life: Japanese. Isolated from the English-speaking world, Hanne flees to Japan, where a Japanese novelist whose work she has recently translated accuses her of mangling his work. Distraught, she meets a new inspiration for her work: a Japanese Noh actor named Moto. Through their contentious interactions, Moto slowly finds his way back onto the stage while Hanne begins to understand how she mistranslated not only the novel but also her daughter, who has not spoken to Hanne in six years.

Armed with new knowledge and languages both spoken and unspoken, she sets out to make amends.

In Case of Emergency Mahsa Mohebali, 2021-11-30 In this prize-winning Iranian novel, a spoiled and foul-mouthed young woman looks to get high while her family and city fall to pieces. What do you do when the world is falling apart and you're in withdrawal? Disillusioned, wealthy, and addicted to opium, Shadi wakes up one day to apocalyptic earthquakes and a dangerously low stash. Outside, Tehran is crumbling: yuppies flee in bumper-to-bumper traffic as skaters and pretty boys rise up to claim the city as theirs. Cross-dressed to evade hijab laws, Shadi flits between her dysfunctional family and depressed friends—all in search of her next fix. Mahsa Mohebali's groundbreaking novel about Iranian counterculture is a satirical portrait of the disaster that is contemporary life. Weaving together gritty vernacular and cinematic prose, *In Case of Emergency* takes a darkly humorous, scathing look at the authoritarian state, global capitalism, and the gender binary.

One Poem in Search of a Translator Eugenia Loffredo, Manuela Perteghella, 2009 Translation is a journey - a journey undertaken by the text, hopping around the world and mischievously border-crossing from one language to another, from one culture to another. For a translator, this journey can become a truly creative engagement with the otherness of the source text, an experience of self-discovery leading to understanding and enrichment, and ultimately towards a new text. This singular literary 'experiment' intends to magnify the idiosyncrasy of this translational journey. In the process translation reveals itself as an increasingly creative activity rather than simply a linguistic transfer. This volume consists of twelve translations of one poem: 'Les Fenêtres' by the French poet Apollinaire. The translators embarking on this project, all from different backgrounds and working contexts (poets, professional translators, academics, visual artists), were asked to engage with the inherent multimodality of this poem - inspired by Robert Delaunay's *Les Fenêtres* series of paintings. The result is a kaleidoscopic diversity of approaches and final products. Each translation is accompanied by self-reflective commentary which provides insight into the complex process and experience of translation, enticing the reader to join this journey too.

The Translator Daoud Hari, 2009-02-24 If God must break your leg He will at least teach you to limp - so it is said in Africa. This book is my poor limping - a modest account that cannot tell every story that deserves telling. I have seen and heard many things in Darfur that have broken my heart. I bring the stories to you because I know most people want others to have good lives and, when they understand the situation, they will do what they can to bend the world back toward kindness. This is when human beings, I believe, are most admirable. The young life of Daoud Hari - his friends call him David - has been one of bravery and mesmerizing adventure. As a translator and the guide of choice to media, the US Embassy, and the United

Nations, Hari became a vital link to the outside world, a living witness to the brutal genocide underway in Darfur. Most of the reporting on the great tragedies of our day has been written by journalists, and after-the-fact. Rarely, in a conflict of this magnitude, has there been an eyewitness voice to the events as they are still happening. Daoud Hari is that voice. *The Translator* is a suspenseful, harrowing and deeply moving memoir of how one person can make a difference in the world – an on-the-ground account of one of the biggest stories of our time.

Why Translation Matters Edith Grossman, 2010-01-01 *Why Translation Matters* argues for the cultural importance of translation and for a more encompassing and nuanced appreciation of the translator's role. As the acclaimed translator Edith Grossman writes in her introduction, My intention is to stimulate a new consideration of an area of literature that is too often ignored, misunderstood, or misrepresented. For Grossman, translation has a transcendent importance: Translation not only plays its important traditional role as the means that allows us access to literature originally written in one of the countless languages we cannot read, but it also represents a concrete literary presence with the crucial capacity to ease and make more meaningful our relationships to those with whom we may not have had a connection before. Translation always helps us to know, to see from a different angle, to attribute new value to what once may have been unfamiliar. As nations and as individuals, we have a critical need for that kind of understanding and insight. The alternative is unthinkable.--Jacket.

A Social Constructivist Approach to Translator Education Donald Kiraly, 2014-07-16 This is a book about the teaching and particularly the acquisition of translation-related skills and knowledge. Well grounded in theory, the book also provides numerous examples drawn from the author's extensive classroom experience in translator education and foreign language teaching. Kiraly uses a number of classroom case studies to illustrate his method, including: introductory courses in translation studies, project-based translation practice courses, translation studies seminars, as well as naturalistic foreign language learning classes for student translators. The book is primarily geared toward translator educators and programme administrators, as well as students of translation, and will also be of interest to foreign language teachers who incorporate translation into their teaching, to translation scholars, and to others involved in the world of translation.

Vladimir Nabokov as an Author-Translator Julie Loison-Charles, 2022-11-17 Exploring the deeply translational and transnational nature of the writings of Vladimir Nabokov, this book argues that all his work is unified by the permanent presence of three cultures and languages: Russian, English and French. In particular, Julie Loison-Charles focusses on Nabokov's dual nature as both an author and a translator, and the ways in which translation permeates his fictional writing from his very first Russian works to his last novels in English. Although self-translation has received a lot of attention in Nabokov criticism, this book considers his work as an author-translator, drawing particular attention to his often underappreciated and underestimated, but no less crucial, third language; French. Looking at Nabokov's encounters with pseudotranslation, Julie Loison-Charles demonstrates the influence this had on his practice as both a translator and a writer, arguing that this experience was crucial to his ability to create bridges between the literary

traditions of Europe, Russia and America. The book also triangulates his practice and theory of translation for Onegin with those of Chateaubriand and Venuti to illuminate Nabokov's transnational vision of literature and his ethics of translation before presenting a robust case for reconsidering his collaborative translations in French as mediated self-translations.

The Remainder Alia Trabucco Zerán, 2019-08-06 Longlisted for the 2019 Man Booker International Prize Felipe and Iquela, two young friends in modern day Santiago, live in the legacy of Chile's dictatorship. Felipe prowls the streets counting dead bodies real and imagined, aspiring to a perfect number that might offer closure. Iquela and Paloma, an old acquaintance from Iquela's childhood, search for a way to reconcile their fragile lives with their parents' violent militant past. The body of Paloma's mother gets lost in transit, sending the three on a pisco-fueled journey up the cordillera as they confront the pain that stretches across generations.

The Prosperous Translator Chris Durban, 2010 A compilation of business advice columns for translators and interpreters published under the names Fire Ant & Worker Bee in online Translation Journal. Pithy tips and insights.

If this be Treason Gregory Rabassa, 2005 Gregory Rabassa's influence as a translator is incalculable. His translations of Gabriel Garcia Marquez's *One Hundred Years of Solitude* and Julio Cortazar's *Hopscotch* have helped make these some of the most widely read and respected works in world literature. (Garcia Marquez was known to say that the English translation of *One Hundred Years* was better than the Spanish original.) In *If This Be Treason: Translation and Its Dyscontents* Rabassa offers a cool-headed and humorous defense of translation, laying out his views on the art of the craft. Anecdotal, and always illuminating, *If This Be Treason* traces Rabassa's career, from his boyhood on a New Hampshire farm, his school days collecting languages, the two-and-a-half years he spent overseas during WWII, his travels, until one day I signed a contract to do my first translation of a long work [Cortazar's *Hopscotch*] for a commercial publisher. Rabassa concludes with his rap sheet, a consideration of the various authors and the over 40 works he has translated. This long-awaited memoir is a joy to read, an instrumental guide to translating, and a look at the life of one of its great practitioners.

The Translator's Visibility Heather Cleary, 2020-12-10 At the intersection of translation studies and Latin American literary studies, *The Translator's Visibility* examines contemporary novels by a cohort of writers — including prominent figures such as Cristina Rivera Garza, César Aira, Mario Bellatin, Valeria Luiselli, and Luis Fernando Verissimo — who foreground translation in their narratives. Drawing on Latin America's long tradition of critical and creative engagement of translation, these novels explicitly, visibly, use major tropes of translation theory — such as gendered and spatialized metaphors for the practice, and the concept of untranslatability — to challenge the strictures of intellectual property and propriety while shifting asymmetries of discursive authority, above all between the original as a privileged repository of meaning and translation as its hollow emulation. In this way, *The Translator's Visibility* shows that translation not only serves to renew national literatures through an exchange of ideas and forms; when rendered visible, it can help us reimagine the terms according to which those exchanges take place. Ultimately, it is a book about language and power: not only the ways in which power wields language, but also the ways in which language can be used to unseat power.

The Translator's Turn Douglas Robinson, 1991 Despite landmark works in translation studies such as George Steiner's *After Babel* and Eugene Nida's *The Theory and Practice of Translation*, most of what passes as con-temporary theory on the subject has been content to remain largely within the realm of the anecdotal. Not so Douglas Robinson's ambitious book, which, despite its author's protests to the contrary, makes a bid to displace (the deconstructive term is apposite here) a gamut of earlier cogitations on the subject, reaching all the way back to Cicero, Augustine, and Jerome. Robinson himself sums up the aim of his project in this way: I want to displace the entire rhetoric and ideology of mainstream translation theory, which ... is medieval and ecclesiastical in origin, authoritarian in intent, and denaturing and mystificatory in effect. -- from <http://www.jstor.org> (Sep. 12, 2014).

Thou Shalt Not Speak My Language Abdelfattah Kilito, 2017-08-10 It has been said that the difference between a language and a dialect is that a language is a dialect with an army. Both the act of translation and bilingualism are steeped in a tension between surrender and conquest, yielding conscious and unconscious effects on language. *Thou Shall Not Speak My Language* explores this tension in his address of the dynamics of literary influence and canon formation within the Arabic literary tradition. As one of the Arab world's most original and provocative literary critics, Kilito challenges the reader to reexamine contemporary notions of translation, bilingualism, postcoloniality, and the discipline of comparative literature. Wail S. Hassan's superb translation makes *Thou Shalt Not Speak My Language* available to an English audience for the first time, capturing the charm and elegance of the original in a chaste and seemingly effortless style.
