My Mother, My Translator Jaspreet Singh,2021-09-15 In 2008, Jaspreet Singh made a pact with his mother. He would gladly give her the go-ahead to publish her significantly altered translation of a story from his collection, *Seventeen Tomatoes*, if she promised to write her memoirs. After she died in 2012, he decided to take up the memoir she had started. *My Mother, My Translator* is a deeply personal exploration of a complex relationship. It is a family history, a work of mourning, a meditation on storytelling and silences, and a reckoning with trauma--the inherited trauma of the 1947 Partition of India and the direct trauma of the November 1984 anti-Sikh violence Singh experienced as a teenager. Tracing the men and especially the women of his family from the 1918 pandemic through the calamitous events of Partition, *My Mother, My Translator* takes us through Singh's childhood in Kashmir and with his grandparents in Indian Punjab to his arrival in Canada in 1990 to study the sciences, up to the closing moments of 2020, as he tries to locate new forms of stories for living in a present marked by COVID-19 and climate crisis.

If this be Treason Gregory Rabassa,2005 Gregory Rabassa's influence as a translator is incalculable. His translations of Gabriel Garcia Marquez's *One Hundred Years of Solitude* and Julio Cortazar's *Hopscotch* have helped make these some of the most widely read and respected works in world literature. (Garcia Marquez was known to say that the English translation of *One Hundred Years* was better than the Spanish original.) In *If This Be Treason: Translation and Its Dyscontents* Rabassa offers a cool-headed and humorous defense of translation, laying out his views on the art of the craft. Anecdotal, and always illuminating, *If This Be Treason* traces Rabassa's career, from his boyhood on a New Hampshire farm, his school days collecting languages, the two-and-a-half years he spent overseas during WWII, his travels, until one day I signed a contract to do my first translation of a long work [Cortazar's *Hopscotch*] for a commercial publisher. Rabassa concludes with his rap sheet, a consideration of the various authors and the over 40 works he has translated. This long-awaited memoir is a joy to read, an instrumental guide to translating, and a look at the life of one of its great practitioners.

The Translator Nina Schuyler, 2021-11-15 When renowned translator Hanne Schubert falls down a flight of stairs, she suffers a brain injury and ends up with an unusual but real condition: the ability to only speak the language she learned later in life: Japanese. Isolated from the English-speaking world, Hanne flees to Japan, where a Japanese novelist whose work she has recently translated accuses her of mangling his work. Distraught, she meets a new inspiration for her work: a Japanese Noh actor named Moto. Through their contentious interactions, Moto slowly finds his way back onto the stage while Hanne begins to understand how she mistranslated not only the novel but also her daughter, who has not spoken to Hanne in six years. Armed with new knowledge and languages both spoken and unspoken, she sets out to make amends.

One Poem in Search of a Translator Eugenia Loffredo, Manuela Perteghella, 2009 Translation is a journey - a journey undertaken by the text, hopping around the world and mischievously border-crossing from one language to another, from one culture to another. For a translator, this journey can become a truly creative engagement with the otherness of the source text, an experience of self-discovery leading to understanding and enrichment, and ultimately towards a new text. This singular literary 'experiment' intends to magnify the idiosyncrasy of this translational journey. In the process translation reveals itself as an increasingly creative activity rather than simply a linguistic transfer. This volume consists of twelve translations of one poem: 'Les Fenêtres' by the French poet Apollinaire. The translators embarking on this project, all from different backgrounds and working contexts (poets, professional translators, academics, visual artists), were asked to engage with the inherent multimodality of this poem - inspired by Robert Delaunay's Les Fenêtres series of paintings. The result is a kaleidoscopic diversity of approaches and final products. Each translation is accompanied by self-reflective commentary which provides insight into the complex process and experience of translation, enticing the reader to join this journey too.

A Social Constructivist Approach to Translator Education Donald Kiraly, 2014-07-16 This is a book about the teaching and particularly the acquisition of translation-related skills and knowledge. Well grounded in theory, the book also provides numerous examples drawn from the author's extensive classroom experience in translator education and foreign language teaching. Kiraly uses a number of classroom case studies to illustrate his method, including: introductory courses in translation studies, project-based translation practice courses, translation studies seminars, as well as naturalistic foreign language learning classes for student translators. The book is primarily geared toward translator educators and programme administrators, as well as students of translation, and will also be of interest to foreign language teachers who incorporate translation into their teaching, to translation scholars, and to others involved in the world of translation.

The Translator's Dialogue Pilar Orero, Juan C. Sager, 1997-10-30 The Translator's Dialogue: Giovanni Pontiero is a tribute to an outstanding translator of literary works from Portuguese, Luso-Brasilian, Italian and Spanish into English. The translator introduced authors such as Carlos Drummond de Andrade, Manuel Bandeira, Clarice Lispector and José

Saramago to the English reading world. Pontiero's essays shed light on the process of literary translation and its impact on cultural perception. This process is exemplified by Pontiero the translator and analyst, some of the authors he collaborated with, publishers' editors and literary critics and, finally, by an unpublished translation of a short story by José Saramago, *Coisas*.

The Enigmatic Translator Dennis Theron Lewis, 2017-12-27 This book is my search for the archaic which are derived from ancient written texts by the use of my enigmatic methods, where I examine ancient written texts to discover archaic knowledge.

The Translator's Invisibility Lawrence Venuti, 2012-06-25 Since publication over ten years ago, *The Translator's Invisibility* has provoked debate and controversy within the field of translation and become a classic text. Providing a fascinating account of the history of translation from the seventeenth century to the present day, Venuti shows how fluency prevailed over other translation strategies to shape the canon of foreign literatures in English and investigates the cultural consequences of the receptor values which were simultaneously inscribed and masked in foreign texts during this period. The author locates alternative translation theories and practices in British, American and European cultures which aim to communicate linguistic and cultural differences instead of removing them. In this second edition of his work, Venuti: clarifies and further develops key terms and arguments responds to critical commentary on his argument incorporates new case studies that include: an eighteenth century translation of a French novel by a working class woman; Richard Burton's controversial translation of the *Arabian Nights*; modernist poetry translation; translations of Dostoevsky by the bestselling translators Richard Pevear and Larissa Volokhonsky; and translated crime fiction updates data on the current state of translation, including publishing statistics and translators' rates. *The Translator's Invisibility* will be essential reading for students of translation studies at all levels. Lawrence Venuti is Professor of English at Temple University, Philadelphia. He is a translation theorist and historian as well as a translator and his recent publications include: *The Scandals of Translation: Towards an Ethics of Difference* and *The Translation Studies Reader*, both published by Routledge.

Vladimir Nabokov as an Author-Translator Julie Loison-Charles, 2022-11-17 Exploring the deeply translational and transnational nature of the writings of Vladimir Nabokov, this book argues that all his work is unified by the permanent presence of three cultures and languages: Russian, English and French. In particular, Julie Loison-Charles focusses on Nabokov's dual nature as both an author and a translator, and the ways in which translation permeates his fictional writing from his very first Russian works to his last novels in English. Although self-translation has received a lot of attention in Nabokov criticism, this book considers his work as an author-translator, drawing particular attention to his often underappreciated and underestimated, but no less crucial, third language; French. Looking at Nabokov's encounters with pseudotranslation, Julie Loison-Charles demonstrates the influence this had on his practice as both a translator and a writer, arguing that this experience was crucial to his ability to create bridges between the literary traditions of Europe, Russia and America. The book also triangulates his practice and theory of translation for *Onegin* with those of Chateaubriand and Venuti to illuminate Nabokov's transnational vision of literature and his ethics of translation before presenting a robust case for reconsidering his collaborative translations in French as mediated self-translations.

The Translator as Writer Susan Bassnett, Peter Bush, 2007-11-15 Over the last two decades, interest in translation around the world has increased beyond any predictions.

International bestseller lists now contain large numbers of translated works, and writers from Latin America, Africa, India and China have joined the lists of eminent, bestselling European writers and those from the global English-speaking world. Despite this, translators tend to be invisible, as are the processes they follow and the strategies they employ when translating. The *Translator as Writer* bridges the divide between those who study translation and those who produce translations, through essays written by well-known translators talking about their own work as distinctive creative literary practice. The book emphasises this creativity, arguing that translators are effectively writers, or rewriters who produce works that can be read and enjoyed by an entirely new audience. The aim of the book is to give a proper prominence to the role of translators and in so doing to move attention back to the act of translating, away from more abstract speculation about what translation might involve.

Revenge of the Translator Brice Matthieussent, 2018-09-25 The work of a novelist and translator collide in this visionary and hilarious debut from acclaimed French writer Brice Matthieussent. *Revenge of the Translator* follows Trad, who is translating a mysterious author's book, *Translator's Revenge*, from English to French. The book opens as a series of footnotes from Trad, as he justifies changes he makes. As the novel progresses, Trad begins to take over the writing, methodically breaking down the work of the original writer and changing the course of the text. The lines between reality and fiction start to blur as Trad's world overlaps with the characters in *Translator's Revenge*, who seem to grow more and more independent of Trad's increasingly deranged struggle to control the plot. *Revenge of the Translator* is a brilliant, rule-defying exploration of literature, the act of writing and translating, and the often complicated relationship between authors and their translators.

Beyond the Translator's Invisibility Peter J. Freeth, Rafael Treviño, 2024-01-08 The question of whether to disclose that a text is a translation and thereby give visibility to the translator has dominated discussions on translation throughout history. Despite becoming one of the most ubiquitous terms in translation studies, however, the concept of translator (in)visibility is often criticized for being vague, overly adaptable, and grounded in literary contexts. This interdisciplinary volume therefore draws on concepts from fields such as sociology, the digital humanities, and interpreting studies to develop and operationalize theoretical understandings of translator visibility beyond these existing criticisms and limitations. Through empirical case studies spanning areas including social media research, reception studies, institutional translation, and literary translation, this volume demonstrates the value of understanding the visibilities of translators and translation in the plural and adds much-needed nuance to one of translation studies' most pervasive, polarizing, and imprecise concepts.

That Mad Ache: A Novel/Translator, Trader: An Essay Françoise Sagan, 2009-05-12 Set in Paris in the mid-1960s, Lucile, a young, rootless woman, finds herself torn between a fifty-year-old businessman and a thirty-year-old hot-blooded, impulsive editor; and, in a companion to the novel, the translator describes the process of rewriting

New Perspectives on Assessment in Translator Education Elsa Huertas Barros, Juliet Vine, 2020-06-05 This book focuses on new perspectives on assessment in translator and interpreting education and suggests that assessment is not only a measure of learning (i.e. assessment 'of' learning) but also part of the learning process (i.e. assessment 'for' learning and assessment 'as' learning). To this end, the book explores the current and changing practices of the role and nature of assessment not only in terms of the products but also the processes of translation. It includes empirical studies which examine competence-based assessment and quality in translation and interpreting education both at undergraduate and postgraduate level. This includes studies and proposals on formative and summative assessment in a wide range of educational contexts, as well as contributions about relatively unexplored research areas such as quality assurance and assessment in subtitling for the D/deaf and the hard of hearing, and how closely translation programmes fit the reality of professional practice. The findings of this book lend support to existing theoretical frameworks and inform course planning and design in translation education. As such, it will be a valuable resource for translation educators, trainers and researchers, translation and interpreting practitioners and associated professionals. This book was originally published as a special issue of *The Interpreter and Translator Trainer*.
