The Little Wax Doll NoraH Lofts,1960 When Deborah Mayfield accepted a position as head mistress at a private school near London, she thought it was too good to be true. However,the serene school masked a monstrous secret, and as Deborah uncovered it bit by bit, she realized it had to do with black demon worship.

A Catholic Christian Meta-Model of the Person William J. Nordling,Paul C. Vitz,Craig Steven Titus,2020-03-09 A Catholic Christian Meta-Model of the Person integrates the insights of three wisdom traditions--the psychological sciences, philosophy, and theology--to provide a framework for understanding the person. The Meta-Model develops a more systematic, integrative, and non-reductionist vision of the person, marriage, family, and society than is found in any of these three disciplines alone. The Meta-Model is a unifying framework for the integration of already-existing personality theories and therapeutic models. In addition, it enhances assessment, diagnosis, case conceptualization, and treatment planning by addressing eleven essential dimensions of the person needed in mental health practice aimed at healing and flourishing. The book also explores how the Meta-Model framework can improve client care. Finally, it demonstrates how the Meta-Model assists mental health professionals to better understand how they can be faithful to their Christian identity as they serve all clients--Christians, persons from other faiths, and non-believers.
