Pulses Food and Agriculture Organization of the United Nations,2018-05-10 The aim of raising global awareness on the multitude of benefits of pulses was integral to the International Year of Pulses. This coffee table book is part guide and part cookbook— informative without being technical. The book begins by giving an overview of pulses, and

explains why they are an important food for the future. It also has more than 30 recipes prepared by some of the most prestigious chefs in the world and is peppered with infographics. Part I gives an overview of pulses and gives a brief guide to the main varieties in the world. Part II explains step-by-step how to cook them, what to keep in mind and what condiments and instruments to use. Part III underscores the five messages that FAO conveys to the world about the impact pulses have on nutrition, health, climate change, biodiversity and food security. Part IV illustrates how pulses can be grown in a garden patch with easy gardening instructions and how they are grown in the world, highlighting major world producers, importers and exporters. Part V takes the reader on a journey around the world showing how pulses fit a region's history and culture and visits 10 internationally acclaimed chefs as they go the market to buy pulses. Back at their restaurant or home, each chef prepares easy dishes and gives their best kept secrets. Each chef provides 3 recipes that are beautifully illustrated.

Moon-face and Other Stories Jack London,1906 JACK LONDON (1876-1916), American novelist, born in San Francisco, the son of an itinerant astrologer and a spiritualist mother. He grew up in poverty, scratching a living in various legal and illegal ways -robbing the oyster beds, working in a canning factory and a jute mill, serving aged 17 as a common sailor, and taking part in the Klondike gold rush of 1897. This various

experience provided the material for his works, and made him a socialist. The son of the Wolf (1900), the first of his collections of tales, is based upon life in the Far North, as is the book that brought him recognition, The Call of the Wild (1903), which tells the story of the dog Buck, who, after his master′s death, is lured back to the primitive world to lead a wolf pack. Many other tales of struggle, travel, and adventure followed, including The Sea-Wolf (1904), White Fang (1906), South Sea Tales (1911), and Jerry of the South Seas (1917). One of London′s most interesting novels is the semi-autobiographical Martin Eden (1909). He also wrote socialist treatises, autobiographical essays, and a good deal of journalism.

On the Turn Bárbara Arizti,Silvia Martínez-Falquina,2007 On the Turn: The Ethics of Fiction in Contemporary Narrative in English is an attempt to listen to the various voices that participate in the current dialogue on the relationship between fiction and ethics. The editorsâ (TM) introductionâ investigates the current state of affairs on the return to ethics in critical and literary consideration, and it opens up the way for the variety of approaches that follows. Participants include internationally recognized scholars like Andrew Gibson, Patricia Waugh, or Native American fiction writer and poet Gordon Henry, winner of the American Book Award in 1995. All in all, contributors cover a significant geographical diversity, and their approaches also vary from general theory to particular examples, from traditional interpretations to post-deconstruction ethics. Authors analyze texts both mainstream and marginal, colonial and postcolonial; they examine the ethics of race, gender and sexuality; the ethics of self-positioning and orientation; the ethics of style; the ethics of reception; the ethics of mode and genre; the ethics of extreme situations of evil,

disease and fascism. In its search for a better understanding of the global/nationalistic world of today, On the Turn therefore moves beyond the scope of literary criticism into issues of wider, more urgent relevance. What should I, ought I, may I, must I, do, if anything, on the basis of reading, when I have read a literary work? What does reading a literary work authorize, or even command, me to do? Writing an essay about the work would be one response. On the Turn is a wonderfully diverse, learned, challenging, provocative, even sometimes controversial, collection of essays on the ethical dimensions of literature. This book is testimony to the continued lively interest in the ethical turn in literary studies. The authors are, for the most part, concerned with ethical theory and with ethicallâ charged situations in postmodern novels in English, as they shape readersâ (TM) values and judgments. Poetry and non-print media are, however, also discussed. J. Hillis Miller UCI Distinguished Research Professor of Comparative Literature and English, University of California at Irvine The Ethics of Fiction is an important and exciting volume that explores with energy and rigour the connections between ethics and literature. Relating literature to philosophy, neurobiology, politics, religion, deconstruction and psychoanalysis, the twenty two contributors richly advance â ~the ethical turnâ (TM) recently embraced by many critics. Works by authors such as Ian McEwan, A.S.Byatt, Charles Palliser, Hanif Kureishi, J.M. Coetzee, David Malouf, George Orwell, E.L. Doctorow, Flannery Oâ (TM)Connor, Toni Morrison and Paul Auster are presented in a new light and complex topics such as territoriality, the nature of love, Islamophobia and the politics of representation are tackled with imagination and intellectual integrity. This book is essential reading for anyone interested in the dialogue between ethics and

literature. Avril Horner, Professor of English, Kingston University
