Murder Is Par for the Course Jack Pachuta, 2014-03-24 THIS EXCLUSIVE MURDER MYSTERY PARTY KIT WILL WORK FOR GROUPS OF SIX TO 50. Simply take apart this 8.5 X 11 book and you'll have what you need to orchestrate the mystery. Perfect for your next golf outing! Can you solve Murder is Par for the Course? Here's the scenario: It was the match of the century for the prestigious Porous Pines Country Club. For the past decade, professional champion Holin Wunn had dominated the tournaments throughout the region. His prowess as a pro resulted in awards, accolades and, of course, a lifestyle that most golfers only dream of. Wunn's tenacity on the tee and rigor in the rough were unchallenged by any man - but not so when it came to women. For the past year, Birdie Bigelow, the undisputed women's regional champ had repeatedly issued a challenge to the legendary Wunn. She would (so she proclaimed) in match play, demonstrate that Wunn's stance to keep women out of men's tournaments was more the result of fear than fact. Golf is more brains than brawn, she told the press. He might drive the ball farther, but no one can size up a course like I can. With pressure from all sides, Wunn finally agreed to the head-to-head confrontation. The date of the match was set. Reporters gushed over a legendary battle of the sexes to settle the matter once and for all. It would be 18 holes of golf that would go down in the annals of the game. After 17 holes, Wunn was 1-up. That's when it became dead-even. For as Wunn teed up for the 18th hole, a deathly silence fell over the crowd. Just as his driver reached the zenith of its arc, Wunn released the club. His eyes rolled back in their sockets and he collapsed. All efforts to revive him failed. At first, observers feared a hidden medical problem had surfaced, yet police thought otherwise. They confirmed that the evidence pointed toward homicide. Who would dare club to death the gender controversy with such irony? Why would they even putter around with such matters? Now, it would be necessary to trap a killer with a stroke of investigative genius. The Suspects . . . Birdie Bigelow - Professional Golfer. She'd been waiting a long time for this match. Would she really want it to end this way? Toten Klubs - Wunn's Caddie. Surely the rumors couldn't be true. Could Klubs and Wunn really be splitting? Carrie Bagshot - Bigelow's Caddie. She told everyone that Birdie would win this event. Why did she dislike Wunn so much? Nemo Brandt - CEO of Sadasi Sports Gear. For the past five years, the world-famous Sadasi Sheesh has been a fixture on all of Wunn's golf gear. What would happen when his promotional contract expires? Sandy Trapini - President of Porous Pines Golf Club. Wunn wasn't in her good graces. Why would she feel this way? Macon Green - Greenskeeper. Wunn complained about the condition of the course. How could he develop a stellar reputation if Wunn kept saying rotten things about his ability? ----- This complete Murder Mystery Party Kit from Mysteries on the Net contains everything you need to host your own event at home or in a large facility. YOU WON'T NEED TO COPY ANYTHING for a party of up to 50 people. Jessica Sterling's candlelight-themed nuptials promises to be the perfect kick-off to the summer's first official holiday weekend. Stella's thrilled to have been chosen to provide the decorative centerpiece for the wedding ceremony: a two-foot-tall scented unity candle—a symbol of the happy couple's love. But it looks like the bride-to-be's uncle won't be walking his niece down the aisle after he's found dead. The murder weapon is Stella's seemingly indestructible candle, now split in two. How to Create Your Own Murder Mystery Party Joseph J. Franco, 2007-07-23 How To Create Your Own Murder Mystery Party will guide you through writing your own custom murder mystery party games. What sets these games apart from the store bought 'boxed' type of murder mystery games is that the party is designed by you and around the people coming to the party. After all, who knows your friends better than you? The other major and most fun difference is that the murderer is one of the guests. They know they are the killer and will be trying to protect themselves by lying, hindering others' progress, etc, while keeping their identity a secret. The book is a step-by-step guide, including many completed examples and a quick start game. The book covers how to get started, how to generate story ideas, choosing a murder weapon and body, how to choose who plays the murderer, generating ideas for puzzles and clues and the difference between the two, timing during the game, setting difficulty levels, keeping people involved and having fun and ending the game.

Gobble, Gobble, Death and Trouble Jack Pachuta, 2020-04-10 He was world-renowned for his gourmet turkey dinners. Chef and restaurant owner Ramsey Gordon attracted food aficionados from everywhere to his fine-dining establishment, The Golden Gobbler. Known to be a tyrant of a boss and an ill-mannered business associate, his recipe for turkey had remained a secret for years, despite the protestations of those who proclaim that the ingredients and formula for such a succulent dish should be shared with everyone. Last night, Gordon's restaurant was to have been jam-packed with hungry customers, waiting for the chance to devour his famous main course. Yet, it was not to be. The famished fowl feasters were unexpectedly told the sad news that Gordon was dead, the victim of an unfortunate accident. For earlier yesterday, while lighting his personal oven - the one only he was allowed to use - an explosion rocked the restaurant, putting an untimely end to the career of the duke of the drumstick. The circumstances were suspicious enough that authorities investigated and proclaimed the death to be not an accident, but a well-calculated homicide. Who would have done away with the wizard of the white meat with Thanksgiving in the air? And what of the secret recipe? Was it written down and stored in a safe spot, or would it vanish from the earth forever? Would The Golden Gobbler remain at the top of the restaurant heap or would Gordon's death signal the end of a legendary gastronomic treat? Only sound logic and expert sleuthing skills would solve the case and ensure that no clues would be left over.
