Effortless Living Jason Gregory, 2018-03-13 A guide for achieving an enlightened mind through the art of non-doing • Details meditation practices, focused on stillness of the mind, along with Patanjali's yoga methods to maintain a consciousness referred to as "being in the zone" • Builds on Taoist, Confucian, and Hindu principles along with scientific findings to support wu-wei--the art of non-doing, non-forcing--as a way of life • Explains how wu-wei practitioners cultivate intelligent spontaneity and effortless action to allow the natural harmony of the cosmos to prevail The practice of non-doing, non-forcing is an essential aspect of Taoism known as wu-wei. Attributed to the great sage Lao-tzu, the philosophy of wu-wei teaches you how to develop a natural state of consciousness not bound by thought or preconceived limitations. Experienced by the greatest artists, athletes, musicians, and writers, this heightened state of consciousness, referred to as "being in the zone," is where intelligent spontaneity and effortless action flourish via a practice rooted in permitting the natural harmony of the cosmos to prevail. Merging Taoist philosophy, Hindu principles, and Confucianism along with scientific findings, Jason Gregory outlines the practice of wu-wei as a vehicle to realize our innate freedom, revealing that when we release our ego and allow life to unfold as it will, we align ourselves more closely with our goals and cultivate skill and mastery along the way. Equating "being in the zone" with a stillness of the mind, Gregory shares meditation practices coupled with yoga exercises from Patanjali that allow you to approach life with a mastery of acceptance, releasing deluded beliefs of how to achieve success that make your mind "sticky" and poised for conflict. The author shows how practicing wu-wei

paradoxically empowers you to accomplish all that you desire by having no intention to do so, as well as allowing you to become receptive to nature's blueprint for expressing beauty. Revealing wisdom utilized by renowned sages, artists, and athletes who have adapted "being in the zone" as a way of life, the author shows that wu-wei can yield a renewed sense of trust in many aspects of your daily life, making each day more effortless. As an avid wu-wei practitioner, he provides keen insight on how you, too, can experience the beauty of achieving an enlightened, effortless mind while reveling in the process of life's unfolding.

Spiritually Fly Faith Hunter, 2021-08-17 From next-generation yoga teacher Faith Hunter comes a real-world guide to feeling more worthy, vibrant, and alive. “You were born with the fullness of your most epic life within you. Knowing your true worth. Feeling vibrant with each breath and magically alive as you navigate the unexpected. When you peel back the layers of crusty emotional baggage and old subconscious loops that keep you small, you are able to step into the brilliance of who you are in your soul, and that makes you Spiritually Fly™.” –Faith Hunter Global yoga and meditation teacher Faith Hunter is known for her ability to help others remember their inherent worth and live more soulful, joyful lives. Here, Faith shares the seven principles behind her life philosophy—the “Spiritually Fly Sutras”—inspiring each of us to embrace our unique flow, on and off the mat. The Spiritually Fly Sutras are dynamic, sacred principles grounded in movement, breathwork, sound, and self-reflection. When practiced together, Faith teaches, “They have the ability to inspire and ignite an inner revolution.” Throughout Spiritually Fly, Faith shares the stories that led to each sutra with raw vulnerability. A young Black girl in the South whose brother was dying of AIDS contracted from a blood transfusion, she often struggled to trust in spirit and God. Her own spiritual journey brings a fresh, grounded vibe to her teachings, as she seamlessly blends classic yoga wisdom with modern-day living. To help you integrate each sutra into your life, Faith provides a wealth of “SoulPrints”—exercises and reflections including yoga asanas and kriyas, journaling prompts, pranayama, chakra explorations, and practices for each of the “three Ms”: mantra, mudra, and meditation. For anyone ready to live their most epic lives, Spiritually Fly offers a radical guide to shift unhealthy patterns, recharge your soul, and fly.

Archaeology Anthropology and Interstellar Communication Douglas A. Douglas A. Vakoch, 2015-03-24 Addressing a field that has been dominated by astronomers, physicists, engineers, and computer scientists, the contributors to this collection raise questions that may have been overlooked by physical scientists about the ease of establishing meaningful communication with an extraterrestrial intelligence. These scholars are grappling with some of the enormous challenges that will face humanity if an information-rich signal emanating from another world is detected. By drawing on issues at the core of contemporary archaeology and anthropology, we can be much better prepared for contact with an extraterrestrial civilization, should that day ever come.

The Presentation of Self in Everyday Life Erving Goffman, 2021-09-29 A notable contribution to our understanding of ourselves. This book explores the realm of human behavior in social situations and the way that we appear to others. Dr. Goffman uses the metaphor of theatrical performance as a framework. Each person in everyday social intercourse presents himself and his activity to others, attempts to guide and control the impressions they form of him, and employs certain techniques in order to sustain his performance, just as an actor presents a character to an audience. The discussions of these social techniques offered here are based upon detailed research and observation of social customs in many regions.
